Effort to Solve Problem of Recruiting Married Men Being Made.

LONDON, March 19.-Field Marshal Earl Kitchener, secretary of state for war, issued an army order today announcing that the King had authorized the formation of a corps entitled the Royal Defence Corps, with pay the same as that of regular infantry. The order does not explain its objects, but it is believed to be connected with the effort to solve the problem of recruiting married men.

The Central News says it understands that the war office has decided to call up all the remaining groups of attested men without delay, and that it is probable they will be notified to prepare for service with the colors betore the end of March, or early in April. The government is reported virtually to have solved the question of provid-ing for the liabilities of enrolled men,

THE DAY'S EVENTS REVIEWED

DESTLESS under the smartings of defeat, the Germans essayed

several times to capture the part of the French front north of

Verdun between Vaux and the Haudremont farm on Saturday

ernoon, and between Vaux and Damloup Saturday evening, but these

Germans remained quiet all Saturday night and Sunday, their artillery

ire appreciably slackening during yesterday. Nothing of note was

eported from the western bank of the Meuse, save that the enemy

eps up the fiction of having captured Le Mort Homme, by reporting

hat attempts of the French to retake it were foiled, but the value of

his position is so important that if the Germans possessed it the

rench would have probably had to fall back on a fresh line of de-

ence. Since the French have not moved their lines, and the Ger-
