

MINERS' AGREEMENT FALLS BY WAYSIDE

Convention at Truro Rejects It—Twelve Thousand Men May Strike.

Truro, N.S., Nov. 19.—The Montreal agreement fell by the wayside in the miners' convention here this evening after a full day spent in discussing it. When the motion was finally put and the votes counted, showing 75 against and 20 for it, a roar of approval shook the court room.

As soon as order was restored, a motion to refer the whole matter to the locals of number 26 district, together with directions to the officers of the district to visit the locals and give them their personal view, was seconded and discussed for a brief period. On a vote taken shortly before adjournment, it carried by 46 to 30.

This means that the Montreal agreement will be presented and discussed in all the locals and votes taken as a referendum to accept or reject the agreement. Practically it throws the whole subject open again—and the fight for and against the transfer from the convention to the local membership.

A ballot will now be taken from the men. If they reject the agreement, a strike is probable. Twelve thousand miners would be affected.

POLICE STATION ODOR LIKE A DISTILLERY

Hamilton, Nov. 19.—The old police station on King William street has the odor of a real thriving distillery these nights. If the court orders the liquor released, it will be sent to Toronto, much to the sorrow of Hamiltonians. The whiskey was formerly the property of William Goldberg.

FALLS FROM WAGON; MAN HIT BY AUTO

D. Stewart Receives Fracture of Ankle and Severe Bruises.

Through a combination of two mishaps yesterday afternoon, D. Stewart, a C.N.R. steamer, living at 57 Eastern avenue, received a fracture of the ankle and was bruised about the body. The man, the police say, was driving a load of baled hay west on Eastern avenue. At the G.T.R. crossing the tongue of the wagon broke and Stewart, who kept a tight grip on the reins, was pulled from the top of the load, which was six bales high. In the fall he is said by the police to have received a fracture of the ankle. While standing there holding his team from running away, the police claim that he was struck and knocked down by an auto, the driver of which is not known. The driver of the auto removed the man to the office of Dr. Fleming, 538 East King street, and later to his home, but failed to report the accident to the police.

ASQUITH ONCE MORE CONDEMNS REPRIAL

Says It Takes Place in Blackest Annals of Lowest Despotism.

London, Nov. 19.—Strong condemnation of the government's Irish policy and reprisals in Ireland was voiced by former Premier Asquith in a speech at the National Liberal Club today. He declared that cold-blooded, deliberate murder had been traced and credited to uniformed servants of the crown, and asserted things were being done in Ireland "by authority and in the name of the executive, which would take a fitting place in the blackest annals of the lowest despotism of the European world."

COMPLAIN OF HYDRO BUYING AMERICAN STEEL

Ottawa, Nov. 19.—(By Can. Press.)—Cable advices from G. H. Flood, purchasing and contracting agent of the marine department, who is in England looking into the market for Canadian steel plates, indicated that Canada will be able to dispose of but few of these plates in the mother country. Mr. Flood states that German and Belgian competition in the steel markets of Great Britain is now an appreciable factor. While the federal government is trying to dispose of steel plates, it is stated, the marine department that a contract for 2,500 tons of these plates for use in Hydro Electric construction at Niagara has been awarded to the United States. The situation, therefore, appears to be that while the federal government is seeking a market for its plates, plates for provincial work are being purchased in the United States.

DISCUSS ABATTOIRS. FIRE, GAS, POWER

Ward Seven, Ratepayers Out Strong for Local Improvements.

Ward Seven Ratepayers' Association began their meeting last night with new officers and a new program for the ensuing year. The address of President Darcy Hinds was a vigorous appeal for residents of Ward Seven to assert their citizenship in showing their interest in municipal matters. The new president launched unapologetically in criticism of various matters, at the same time calling attention to progress that had come thru the efforts of the Ward Seven association.

"We have asked for fire protection, and we understand that the chief's decision is that there is to be a new motor truck at Keele street. Another hall was asked for to supply arrangements to the ward, at the previous meeting."

"The Central Ratepayers' Association could be improved," said Mr. Hinds, "if only eight wards in the city were amalgamated into that organization, and for the study of municipal matters only. They will find enough to do," he added.

Abattoir Nuisance. "The abattoir nuisance is something to call for our close attention," he continued, "for there are times when these things do not abide by the ordinary rules of civilization. We give them warning that the first time they disobey orders we will see that they abide by the law."

Transportation by civic lines extended in the ward, was another matter. The speaker suggested the construction of the Bloor line up Jane street, and thence to continue and connect with the Crescent line to Keele street.

Not Enough Police. Ward Seven without proper house-lighting, power, and other sections of the city allowing waste of light day and night, was an additional subject for investigation. "The telephone companies in the United States have reduced their rates," continued Mr. Hinds. "We have in the last three weeks received some improvement in our service, a change that came only when the citizens rose up in their wrath and protested against an intolerable state of affairs." Mr. Hinds believed that much of the crime rampant in Toronto was because of inadequate police protection. Water supply and gas service must be amended, too, if buildings were to be encouraged.

25 CENTS TO ISLAND.

"We have transportation boards and we have the harbor board, and I think we should all get together and arrange so that we can start from Keele street and go to Centre Island for 5 cents, and 8 tickets for a quarter." Mr. Hinds recalled that R. J. Fleming had been elected mayor of Toronto on a promise that there would be street railway transportation to the island.

After announcing that there would be no more meetings, the president announced that the future meetings would be held at various points, as follows: Dec. 1, 1920, at the Strathcona School, Jan. 1, 1921, at the Strathcona School, Feb. 1, 1921, at the Strathcona School.

Need More Schools.

To relieve the present condition, 29 school rooms would be needed, and 75 more class rooms will be required in October to accommodate the city's increase. There are 29 vacant rooms in the city in condemned buildings, etc.

Geo. R. Ellis, of Ward Five, and a member of the Central Ratepayers' Association, gave some startling figures on the gas situation.

COURIERS HAVE CARRIED WEALTH FROM GERMANY

Amsterdam, Nov. 19.—The firm of Crussier and Phillips, bankers, today sent a lawyer to Berlin to investigate the charges made in the German capital regarding alleged attempts to smuggle the fortune of the Hohenzollern family from Germany into Holland.

The entire controversy concerns only a few less than five million marks, and all the rest of the fabulous sums are fabulous lies," said I. P. Crussier, head of the firm. Dutch bankers said today that it would be comparatively easy to smuggle the Hohenzollern family's wealth into Holland by couriers, if they so desired. They added, however, that the family's wealth had been brought into Holland by many by couriers.

HAMILTON

Hamilton, Nov. 19.—Masked men, three in number, tonight attempted to burglarize three drug stores and were driven off by the police. Their efforts were fruitless in each case as they were frightened by the police.

The police have given a description of the men, who are described as being about 18 years of age. It is the opinion of those who saw the case that the boys are drug fiends and in search of money for their habit.
