

SWEEPING CHANGES IN POSTAL AFFAIRS

International Payment for
Mails to Be Made on Gold
Dollar Basis.

Madrid, Oct. 11.—Changes of sweeping importance in the postal relations of the world will be effected as a result of the deliberations of the international postal union congress during the past week. Several committees dealing with various subjects already have drafted their reports, which must be submitted to the full general committee and thereafter to the whole congress for final approval, but as the committee reports are virtually certain of acceptance.

The notable items upon which the committee reports favorably are:

1. The establishment of international payments for the transit of mails on a gold dollar basis.
2. The fixing of an increased maximum rate for postage on international mail, but with the proviso that the various countries may retain the present rates or fix their rates according to their own ideas, as long as they do not exceed the maximum accepted by the union.

3. In future congresses, only parent countries will have voting power, colonies being excluded from voting, although they may send delegates.

4. The creation of a pan-American postal federation.

There was a long discussion over the question of payment for the transit of mails, owing to the extreme variation in money values in European countries since the war, but all the delegates eventually agreed that some basis must be chosen, and the gold dollar was adopted as the most stable.

The eastern and western hemispheres were sharply divided on the question of an increase in international postal rates, the Americans opposing augmentation on the ground that such a measure was calculated to injure commercial interests greatly, and was unnecessary for revenue purposes. The new maximum rate has not yet been fixed definitely by the committee having the matter in hand, but the United States and the Latin-American countries declared clearly they would not agree to an increase. The committee, seeing their firm stand, finally accepted the position that the western hemisphere could fix its own rates if they did not exceed the maximum eventually adopted by the union.

The question of voting power for colonies was hotly debated, Germany joining the eastern hemisphere in declaring that colonies should form part of the mother countries, although they should be empowered to send delegates without votes.

EMPLOYMENT GOOD IN EASTERN ONTARIO

W. E. Turley, provincial secretary of the G.W.V.A. for Ontario, who returned on Sunday from a trip thru eastern Ontario, stated to The World yesterday afternoon that employment was good in that part of the province. In fact, the demand was far in excess of the supply. He has advocated a system of chartering a train of immigrants with no specified destination, this trainload to serve the needs of farmers and manufacturers along the route into Toronto. There are many trainloads of immigrants coming in every once in a while, with both specified destination and specified work.

Mr. Turley's idea is to have the government immigration authorities take in hand those immigrants with no real home address or work in view for the immediate future, and place them with men who need help the worst way, thus saving both immigrants and employers. In some parts that he visited the past two weeks, farmers and others were looking anxiously for help which never came.

COAL MORE PLENTIFUL WHEN NAVIGATION OVER

It was stated yesterday that coal would probably be more plentiful next month with the closing of navigation on the upper lakes. At present the mines are sending the largest portion of their output to western Canada while they can take advantage of higher freight rates by water. With the closing of navigation in the near future, Toronto and central Ontario district will come in for its share of attention.

SEE GOOD WORK OF BROWN SCHOOL CLUB

Yesterday a fine program, known as "School Day," was arranged by the Home and School Club of Brown School. The manual training department was visited, and the boys seen at work. Principal Thomson gave an address on the recent trip of educationists thru northern Ontario, and Miss Madill told of what she had observed and brought with her from the conference of teachers of the empire in London.

ATTENDANCE AT KNOX.
As estimated by Principal Gandier yesterday, there are now 30 men taking the theological course at Knox, about 65 others in the arts course have the Presbyterian ministry in view while 12 medical students in the Knox College residence are preparing for missionary work in foreign fields.

SUES INSURANCE COMPANY.
The Ontario Metal Products Co. yesterday at Osceola Hall issued a writ against the Mutual Life Insurance Co. of New York, claiming \$50,000 under a policy said to have been issued on December 13, 1918, on the life of Fredrick J. Schuch. The Metal Products Co. claim to be the beneficiaries named.

BUILDING FOR LEASE TO MOTOR COMPANY

Old Presbyterian Church Disposed
of—Permits Issued by City
Architect.

A building to cost \$150,000 will be erected at 181 West King street by Lt.-Col. G. P. Pouchon, for lease to the Ford Motor Car Co. of Canada at \$17,000 a year. It will be the head office and sales rooms of the Ford concern in Ontario. The property has 50 feet frontage and a depth of 100 feet. The building now on the property is occupied by R. G. McLeod.

The Provincial Car and Truck Co. has sold to the Canadian Trucks Ltd. the two-storey building at 193-203 Victoria street, for \$75,000. This lot has a frontage of 62 feet.

The Luxor Prison Company has purchased thru the Realty Service Company and Robins Ltd., the 313 South Side Presbyterian Church, on the west side of Parliament street, south of Queen street.

The purchasers are vacating the Cowan building to make way for the Lorraine Candy Company.

The St. Gilda Presbyterian congregation, now on Oak street, are the vendors. South Side Church was established in 1880.

The city architect's department issued the following building permits yesterday:

Weismiller & Mackenzie, two pairs semi-detached dwellings, south side of Berwick avenue, near Duplex avenue, \$18,000.

NEW PROFESSOR FOR TORONTO UNIVERSITY

A strong addition to the staff of the School of Practical Science arrived yesterday in the person of Professor Adrian Berrington, who is to take up the duties of associate professor of architecture, specializing in the studio portion of architecture, in which he has had wide experience both at Paris, France, and in many sections of England.

"Professor Berrington," said Dean Mitchell yesterday, "is not only a noted architect, who comes direct from Paris, but he was a distinguished soldier in the war, serving five years, less two months, and being wounded twice."

BEQUEST IN WILL TO MAINTAIN DOG

Book debts and notes in Ontario valued at \$10,817 are included in the estate of Mary Louise Hepton, of Leeds, England, who died November 16, leaving \$14,627. R. W. Kerr has been granted ancillary probate to the will in the Toronto surrogate court. A daughter, Dorothy M. Hepton, receives the bulk of the estate.

One clause of the will leaves \$50 annually for maintenance of a dog called Bogey.

SLIGHT DECREASE IN ONTARIO PLACEMENTS

Reports from the Ontario offices of the employment service of Canada show a slight decrease in placements. Positions being found for 2,438 men and 170 women, while during the preceding week 2,455 men and 181 women were placed. During the same period other provinces shipped into Ontario 150 men.

The past two months show a decline in vacancies to the extent of 500 jobs while during the same period the applications were increased by 339.

The greatest demand at the present time is for laborers, lumbermen, agricultural workers and manufacturers of metals. The supply of laborers was 222 in excess of the demand. For lumbermen, however, the demand exceeded the supply by 88. The excess of agricultural jobs was 20 in excess of the supply, while the building trade workers fell below the demand to the extent of 40. In the metal trades the difference was more marked; here there were 192 more jobs than applicants.

ENCOURAGING REPORTS OF NAVY LEAGUE DRIVE

Most encouraging reports are being received by the executive committee of the Ontario branch of the Navy League of Canada, in connection with the forthcoming campaign to raise \$760,000, \$10,769 having been received already.

The Victoria County Council made a grant of \$2000. Hamilton Council gave \$2500, and Dundas \$1500. The town of Hespler has sent in \$404; Brockville, \$141; Port Carling, \$183, and smaller amounts have come from various other places.

Ontario is asked to raise \$450,000, and already the local campaign committees have pledged no less than \$202,658. Toronto, with an objective of \$200,000, is yet to be heard from.

WINTER TOURS

Why not plan now for a winter tour to California or some other Pacific coast point, or to some of the well-known winter resorts in the southern States, Bermuda, Cuba and the West Indies? Golfing, tennis, polo, bathing, dancing, etc., or just for rest. For information as to fares, routes, etc., apply to any agent of the Grand Trunk Railway System, or to C. E. Horning, district passenger agent, Toronto.

NEGLIGENCE DRIVER PREFERS JAIL TO FINE

Fred Collett was fined \$500 or 15 days by Judge Cawson in the sessions yesterday for criminal negligence. He was convicted of running his automobile into another auto and injuring George Billingshurst, Lloyd C. Crawford and Maud Crawford Collett accepted the jail term.

CONFERENCE WITH WOMEN

Miss A. W. Windsor of London, who is traveling thru Canada in the interests of child welfare, held a conference yesterday afternoon with a number of Toronto women. She will attend the child welfare conference in Ottawa, and on her return will address a public meeting in the interests of the "save the children fund."

ARNEL LOVE WILL NOT FACE TRIAL

Self-Confessed Murderer Said
to Be Suffering from Mor-
bid Imagination.

It is announced by the attorney-general that Arnel Love, the young self-confessed murderer of his mother, will not be placed on trial. Hon. Mr. Raney issued the following statement yesterday:

"Arnel Love's father, Charles Henry Love, was hanged at Owen Sound in May, 1913, for this murder, and his father, to whom he was much attached, hanged. These events gave him little rest and much to think of, and he has thought of the tragedy almost daily ever since. He gave evidence at the trial of his father, and his testimony, although not very important, was a link in the chain against his father. This fact was probably an added cause of mental disturbance.

"Taking the father's confession and the young man's statements into account, and having regard to the re-

in charge and placed in a reception hospital for observation. He has now been under medical observation for an extended period, and, as a result, the physicians have come to the conclusion that his story is a mixture of truth and imagination, so interwoven that it is impossible to tell where truth stops and imagination begins.

Details of the Case.
The main facts leading up to the present situation are as follows: The young man was 14 years of age at the time of the tragedy, physically undeveloped, but mentally a bright boy. His mother was murdered, and his father, to whom he was much attached, hanged. These events gave him little rest and much to think of, and he has thought of the tragedy almost daily ever since. He gave evidence at the trial of his father, and his testimony, although not very important, was a link in the chain against his father. This fact was probably an added cause of mental disturbance.

"Taking the father's confession and the young man's statements into account, and having regard to the re-

port of the alienists who have had him under observation, there is strong reason for believing that Arnel Love's confession is the product of a morbid imagination. At all events, there is no doubt at all that on the facts within the knowledge of the crown no jury would convict him of the crime. He will, therefore, not be placed on trial."

NEW HEAD FOR LIQUOR VENDORS RECOMMENDED

A. H. Birmingham has been recommended as successor to W. J. Cleland as general manager of the Ontario government's dispensaries, the provincial secretary, announced yesterday. Mr. Birmingham is at present connected with the office end of the Front street dispensary.

Rev. J. O. Spracklin will also be recommended to the government to continue his work as license inspector at Windsor for another three months.

CLAIMS APARTMENT HOUSE IS NUISANCE

Many Business Houses Ask
Assessment Benefit Fixed
for Retailers.

J. F. Austin, 15 Orjole road, is appealing against his assessment of \$6,000 on the ground that an apartment house adjoining depreciated the value of the property. He writes: "It is a nuisance in the summer, I have had to go to the city hall twice on account of their burning garbage, the odor and smoke forcing us to keep our windows shut at night as well as during the day—also on account of the tenants throwing things out of the windows and the children climbing over the fence and destroying my garden."

A number of appeals have been

registered by business concerns claiming the benefit of the 25 per cent assessment fixed for retailers, instead of the 60 per cent rate for wholesalers.

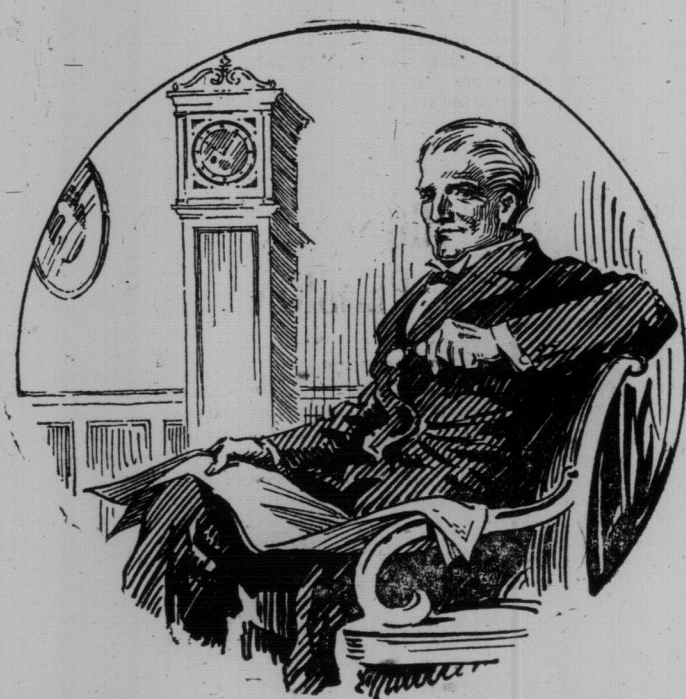

H. M. Hunt, of Hunts Ltd., confectioners, 245 Avenue road, and the William Davies Company, on behalf of their store at 171 Avenue road, are two of this kind.

J. A. McMullen, 90 Pleasant blvd., is appealing an increase in assessment on property at 1512, 1514, 1518, 1524, 1526, 1532, 1534, 1536 and 1538 Yonge street on behalf of the McMullen estate, of which he is executor. The increases are as follows: 1512, \$350 per foot to \$400; 1514, \$225 to \$275; 1518, \$225 to \$275; 1524, \$225 to \$275; 1526, \$215 to \$260; 1532, \$215 to \$260; 1534, \$200 to \$240; 1536, \$190 to \$225; and 1538, \$180 to \$200.

WELCOME ALDERMAN COWAN.
Ald. Cowan was given a cheer by his fellow councilors when he took his seat at the city council meeting yesterday, following his trip to the Pacific coast, where he had a narrow escape from shipwreck. Ald. Cowan was 70 years old yesterday.

WE WANT EVERY WOMAN'S OPINION

And will pay \$300.00 in Cash Prizes for the best answers to these
Questions---This offer is open to every woman in Canada
and the Competition Closes Nov. 15th, 1920

The Human Clock usually Breaks Down Instead of Runs Down

It has long been a favorite idea of mine to compare the human body with my old clock here.

"Without proper attention the old clock gets run down and stops until I wind it up again and then it ticks away just as heartily and regularly as ever."

"And so it is with the human body, but the great difference I find is that the human clock usually breaks down instead of runs down, because people neglect to take proper care of their health."

"Through all these years I have managed to keep well and to keep young by using restorative treatment whenever there are indications of the system becoming run down."

"Fortunately I learned the value some years ago of Dr. Chase's Nerve Food and to this I largely attribute my healthful condition at this age."

"When I hear people talking about being run down, or of suffering from nervous headache, indigestion or worn-out feelings, I ask them, 'Why do you not use Dr. Chase's Nerve Food to increase your nervous energy?'"

"So many people, as age advances, suffer from a lowering of the vitality, from high blood pressure or hardening of the arteries, but I have found that the use of this restorative treatment, when required, keeps my health at the high water mark."

ILLUSTRATED CONVERSATIONAL STYLE

The Questions to be Answered

1. Which style of advertising interests the most people in Dr. Chase's Nerve Food?

A. The use of testimonials?
B. Human interest advertisements with illustrations and conversational style of copy?

2. For what ailment do you find that Dr. Chase's Nerve Food is most frequently used?

Both these questions can best be answered by making inquiry among your friends. Then write a good letter telling what you found out by your investigation.

\$300.00 in Cash Prizes

\$100 for the best letter.
\$50 for second best letter.
\$25 for third best letter.
\$5 each for succeeding twenty-five best letters.

For your guidance we would suggest that you clip out this advertisement and start in at once to make an investigation among your friends and neighbors.

The competition closes Nov. 15th, 1920, but in case of two letters being equally good, the first one received will have the preference.

Edmanson, Bates & Co., Ltd.

DEPT. 64, TORONTO, ONT.

Before beginning the next series of advertisements to tell people about Dr. Chase's Nerve Food, we want you to help us to decide on the style of our advertising.

The use of testimonials has always been favored in medical advertising, but with an effort to make our advertisements more interesting we have during the last few years used attractive illustrations and the conversational style of reading matter.

You will find samples of both styles of advertising on this page. What we want to know is which style appeals most strongly to women, because it is on the wife and mother mostly that rests the responsibility of looking after the health of the family.

If in addition to reporting that such a style of advertising is most interesting to you, you can say, "I have made inquiry among 25 of my friends and find that 16 have used Dr. Chase's Nerve Food as the result of reading your illustrated advertisements, 7 on account of reading testimonials and the other two have never used it," your answer would be much strengthened.

By adding further particulars as to various cases which have come to your attention your letter would be made more interesting and more likely to win a good prize. Your name will not be used publicly without your permission.

Was Given Few Months to Live Is Now Strong and Well

Miss E. W. Ehman, School Teacher, Libau, Man., writes:—"Four years ago, while living in Regina, I was afflicted with fainting spells, nervous headache, and became very thin and pale. I sought medical advice and was treated for consumption, and given only a few months to live. I had to sleep on the veranda and was told not to go to public places for fear of spreading germs."

"A newspaper advertising Dr. Chase's Nerve Food fell into my hands. I bought six boxes and after a few weeks began to increase in weight and feel better. Under this treatment I gradually regained my health and now weigh 165 pounds. I asked advice about."

enclose a picture I had taken while ill and my photo of to-day, so that you can see what a difference there is.

"The reasons for my writing this is the hope that this statement of mine will fall into the hands of some poor sufferer who can be benefited, I may be saved, by the steady, regular use of Dr. Chase's preparations."

"I often use Dr. Chase's Kidney-Liver Pills to keep my kidneys and liver in shape. I have recommended Dr. Chase's medicines to a great number of people for kidney trouble, lame back, appendicitis, shortness of breath, indigestion, nervousness, and in fact for every sickness I am asked advice about."
