Those New "Bran Foods"

—a new one is born every week—a recognition of the need of food laxatives instead of drug laxatives. The problem of presenting bran to the human stomach in combination with a nutritious, easily digested food was solved twenty years ago by the invention of Shredded Wheat Biscuit, the food that supplies all the body-building material in the whole wheat grain in a digestible form, combined with bran, which is Nature's laxative. A body-building, strength-giving food. Served with milk or cream or sliced peaches and cream or other fruits.

BIRKS TEA SETS

THE possession of a Sterling Silver Tea Service is, in most cases, the foremost wish in the mind of the average woman, and like many other similar wishes, is relegated to the "some day" period.

But the old order is changed—people are now finding out that it is possible to acquire a Tea Service by a system of gradual purchases. You may buy, say, a Cream Jug or a Sugar Bowl, and add some other piece every once in a while until the set is complete.

You also have the satisfaction of knowing when buying that any Birks pattern chosen is always in stock.
