**SAY NEW BRUNSWICK ENERGY SCORED HEAVILY AGAINST H. LIFAX**

City Council Told That Nova Scotia Capital Has Lost \$300,000 Through Troops Being Quartered Here

Halifax, N.S., March 5.—Tributes to the energy of the people of New Brunswick cities were paid at last night's meeting of the city council. The flattering utterances came during a discussion of what action Halifax was taking regarding getting troops quartered here. One of the controllers created a sensation by the statement that the exhibition commission had deprived this city of having two thousand troops quartered here during the last five months because an exhibit rental for the exhibition grounds and buildings had been asked. In consequence of this, the controller declared that Halifax had lost some \$300,000 and the merchants were beginning to see that someone had blundered and where John, Fredericton, Amherst and other places were reaping benefit.

**THISTLE LADIES ARE WINNERS OF THE SERIES; DECIDING MATCH TODAY**

The lady members of the Thistle Curling Club vanquished the lady members of the St. Andrew's club this morning by one point, 20 to 19. The match was between two rinks representing each club, and was one of the most keenly contested ever played by lady curlers on St. Andrew's ice. The ice was damp, thus making the play more difficult, and the shooting harder and less accurate. However, this did not lessen the interest. The match was the deciding one in a series of three, and from the result it is apparent that there is little chance between the two clubs.

To Mrs. F. E. Williams goes the credit of victory for her colleagues. Although outpointed by her opponent, the score between the two rinks was so close that the game depended upon the result of her last stone. The shot required was a difficult one, and when the spectators saw that she had made it, they warmly applauded. Her opponents, although sorry to lose the match, also complimented Mrs. Williams. The following was the score by rinks:

**VIOLET DAY APRIL 3**

Funds to be Raised for Work of the Playgrounds Association

Saturday, April 3, is to be observed as Violet Day in St. John, the funds to be raised to be devoted to the work of the Playgrounds Association. It had been planned to name an earlier date, but the executive of the association felt that they should not do anything to divert attention from Patriotic Day and the campaign for a substantial addition to the patriotic funds. The date of Violet Day was therefore fixed as April 3.

**FIRST STEP TO MAIL DELIVERY FOR FAIRVILLE**

Board of Trade Takes up Matter of Numbering Streets—Opposition to Standpipe Location

At the annual meeting of Lancaster Board of Trade last evening, important business was discussed and renewed activity may be looked for. The retiring president, William J. Linton, was again the general choice for office and notice was given to amend the constitution to allow him to serve. The other officers elected are—Vice-president, A. W. Anderson; secretary, H. M. Stout; treasurer, W. A. Nelson. There was given notice of a motion to change the membership of the council from twelve to seven with a quorum of five and to reduce the annual fee from \$8 to \$2.

Grey G. Murdoch, C. E., was heard in regard to the numbering of streets which the board has agitated more or less since 1913. He favored a beginning at the foot of Main street near the C. P. R. tracks. He had maps of the sewerage district which would do very well there would be no cost for the use of these. The actual numbering of the plan would not cost more than \$50. Milford was without a plan to go by and a temporary scheme might be feasible. F. V. Hamm, George Maxwell and Daniel Campbell were appointed to inquire the engineer as to the best location and the Highway Board with regard to carrying out the plan.

The standpipe system to be erected at Martello Tower in connection with the waterworks pipes up for general discussion and the board felt that the plan should be opposed, it being the common belief that Spruce Lake was the place to build the plant. Almost every member was heard on the question. It was said that the high levels at Moore's Hill and beyond could not get water without a pump. The city itself owned a valuable land on the Manawagosh road and in putting up an expensive system a plan should be made that would not cost more than \$100,000. It was finally decided that a committee look into the details of the bill about to be presented before the legislature and report back to the board.

W. A. Nelson was asked to draw up a petition for signatures of ratepayers calling on the mayor and commissioners to have stand pipes erected at Spruce Lake and that the work be done as expeditiously as possible.

A special meeting will be called in two weeks and reports of committees will be considered. It will be remembered that some time ago assurance was given by a government member that if the streets were properly named and numbered, a mail delivery could be inaugurated. The action of the board of trade last night is the first practical step in this direction.

The annual concert of the Mission Band of St. Columbus Presbyterian church, Fairville, held last evening, proved quite as successful as usual, a large crowd being in attendance. The programme was very lengthy and an intermission for the evening of ice cream and other refreshments was greatly enjoyed. The programme consisted of choruses by the Young People's Society of the church, solo by Miss Cougle, Miss Alice Duss, and Blanche McColgan, recitations by Florence Betts, Muriel Burns, Gene Campbell, Gertrude Ross, Hazel Williams, Dorothy Armstrong, Edith Knight, Wilbert Armstrong, Beatrice Vincent and Rita Armstrong, flag drill led by Doris Cox, Emily Steer and Ellen Ross, and dialogues in which the following took part: Mrs. Cox, Miss Galbraith, Miss Cole, Arthur Henderson, James Mulhern, Harry Archer, Greta Lingley, Harper Henderson, Ethel Myles, Beattie Myles and Edna Wright, Dorothy Armstrong, Alberta Galbraith, Ellen Rose and Gertrude Rose.

**TOWN PLANNING TALK NEXT MONDAY NIGHT**

A talk on town planning, with lantern slides, will be given in the Assembly Hall of the High School, Union street, by Thomas Adams, adviser to the Canadian Conservation Commission, on next Monday evening at 8 o'clock.

Mrs. Adams was senior town planning adviser to the local government board of Great Britain for many years, and is regarded as the foremost town planning authority in the English-speaking world. He is a pleasing platform speaker and a most enthusiastic exponent of town planning.

**ANOTHER SIGN OF SPRING**  
 The board of trade has begun to receive applications for tourist and sportsmen's literature. Two applications were received from Beppert, Conn., this morning. A Montreal banking firm, which asked the board of trade for copies of the St. John booklet, has sent the secretary a letter complimenting St. John upon the character and appearance of the booklet.

**Ready! Spring Suits and Coats**  
 And Women Are Eager for Them

Yesterday we showed for the first time the new Suits and Coats for Women. A large number attended our showing and words of approval were heard on all sides, many made selections and had their choice reserved for them.

The tailored suit styles are delightfully varied, and the new ones now ready offer choice that seems to harmonize individual style and you.

There is wide diversity in coat effects. Some are button-trimmed. Many brightened by collars and cuffs of silk and pique in sharp contrast.

The correct fabrics, and those in which today's suits appear, are Gabardine, Poplin, Fine Serges and Shepherd Checks.
