THIN PEOPLE SHOULD TAKE PHOSPHATE

Nothing Like Plain Bitro-Phosphate to Put on Firm, Healthy Flesh and to Increase Strength, Vigor and Nerve Force.

Judging from the countless preparations being advertised for the purpose of making thin people fleshy, developing hollows and angles by the soft curves of health and beauty, there are evidently thousands of men and women who keenly feel their excessive thinness.

Thinness and weakness are often due to starved nerves. Our bodies need more phosphate than is contained in modern foods. Physicians claim there is nothing that will supply this deficiency so well as the organic phosphate known as bitro-phosphate, among druggists as bitro-phosphate, which is inexpensive and is sold by most all druggists under a guarantee of satisfaction or money back. By feeding the nerves directly and by supplying the body cells with the necessary phosphoric food elements, bitro-phosphate should produce a welcome transformation in the appearance; the increase in weight frequently being astonishing.

Increase in weight also carries with it a general improvement in the health. Nervousness, sleeplessness and lack of energy, dull eyes brighten and pale cheeks glow with the bloom of perfect health.

CAUTION:—While Bitro-Phosphate is unsurpassed for the relief of nervousness, general debility, etc., those taking it who do not desire to put on flesh should use extra care in avoiding fat-producing foods.

The Anglican Y. P. A. of Trinity church enjoyed a social evening last night. C. E. Upham presiding. Canon C. A. Armstrong delivered an interesting address on "Our Neighboring Jocos." Games and music were enjoyed and refreshments served.

BEAUTIFUL WOMEN OF SOCIETY, during the past twenty years have relied upon it for their distinguished appearance. The soft, refined, pearly white complexion it renders instantly, is always the source of flattering comment.

MRS. MASTERS IS CAUGHT IN CALIFORNIA

Woman Charged With Passing Worthless Check Escaped from Boston Jail on March 11.

(Boston Globe.)

Mrs. Estelle Masters, widow of a formerly wealthy Bostonian, being held for the Boston police by the authorities of Alhambra, Calif.

Mrs. Masters, who is fifty-five years old, effected her escape from the Charles street jail on the night of March 11. She was being held for trial on the charge of passing a worthless check on a Boston bank.

The arrest of the woman concludes a story that reads like a romance. Well educated and refined, she is alleged to have passed many worthless checks in Los Angeles and other parts of the country, before she passed the forged check in Boston.

Convincing the matron of the Suffolk county jail that her health required her taking a bath each night, she was recorded that privilege and on the Friday night of her escape she prepared to take her bath as usual after the other prisoners had retired.

But instead of bathing she walked through a door opening into the jail yard and then through a hole in the wall which had been previously made because of the alterations being made at the jail.

Just how the woman managed to travel so far in such a brief period is a perplexing problem for the police. Private detectives were immediately upon the trail and learned that she borrowed \$11 from a friend the night she escaped. So far as known, that is all the money she had, but she was immediately located in New York.

However, before the detectives could close in on her she fled to Chicago and from there to Fort Worth, Tex. The next heard of her she was in San Francisco, where she induced the manager of one of the hotels to cash a \$50 check. She also left without paying for her room and meals.

Departing hurriedly she headed directly for Los Angeles, where she had once been arrested for forgery, but stopped at Alhambra, nine miles outside that city.

Letters to friends in Boston assisted in the location of Mrs. Masters. District Attorney Pelletier will confer with Sheriff John A. Kellher and then plans for the return of Mrs. Masters will be formulated. It is probable that Inspector Joseph Cavagnaro, who early in March brought Mrs. Masters back to Boston from Los Angeles, will again receive the assignment.

JOHN D. ROCKEFELLER, JR. BUSIEST MAN IN NEW YORK

New York, April 14.—John D. Rockefeller, Jr., has gained the reputation of being the busiest man in New York. It was because of his manifold duties that he was fined \$2 for failing to report as a member of a sheriff's jury. He intimated that he had been detained by church work. He denied that he shirked his civic duty. A friend told of how busy John D., Jr., is. He said he called at Rockefeller's office and found him giving an interview to another caller. While thus engaged he was not losing any time as a barber was shaving him while a bootblack was polishing his shoes and a manicure shining his finger nails.

Two owners of automobiles, charged with driving cars over the Golden Grove road, appeared before Magistrate Adams in Brookville yesterday. Fred Trifits was fined \$10 and costs and a case against Alexander Day was postponed.

"FLU" IS INFECTIOUS

A Disease Easily Spread Through Close Association.

It passes in the form of minute germs from the coughs or sneezes of people who in the first stages mingle with others.

Therefore avoid exposure—this may be difficult, almost impossible. But we can all keep our blood full of vitality and enable it to resist the attacks of disease germs, by taking Hood's Sarsaparilla, the pre-eminent blood-purifier and health builder. This good medicine promotes assimilation so as to secure for the body the greatest possible value of food. It aids digestion and "makes food taste good."

After influenza or any other blood-poisoning, prostrating disease, it is remarkable how it promotes convalescence and brings perfect restoration to health. A good cathartic like Hood's Pills helps greatly by keeping the bowels regular.

FRANCE HONORS GRAVES OF FALLEN CANADIANS

Hon. Rodolphe Lemieux, in an interview in Quebec, said: "I am returning from a glorious pilgrimage. I have seen with what motherly care France is looking after the memory of the Canadians who died on her battlefields. I left here with Mrs.

Lemieux and my two daughters to see the battlefields where my son, Lieutenant Roddy Lemieux, had given his life. I was in Vimy, Fluchelles, in the parish where my son, with 800 other Canadians, is buried. I heard the parish priest asking for prayers for the souls of the heroes of Canada. It was very impressive for me, needless to say, but this parish is not the only one, and many

others have not forgotten the Canadian boys who answered the call. "There are many cases of this manifestation of the admiration of France for the Canadian soldiers, amongst which I think I should tell you this one: A Mr. Franqueville, a Frenchman who came to Canada during the Eucharistic Congress, was offered a certain amount by the French government for a wood in

which a battle had taken place, but he refused, as it was where the 22nd Battalion had gone through, and he gave it to the Canadian government to be kept as a remembrance."

A family of nine persons has been found in Beletwood, a Chicago suburb living in a chicken coop, all that was left of their home by a tornado.
