VENIOT ATTACKED

Resolutions Are Passed Scoring  
Policies of Present  
Administration

Special to The Times-Star.

MONCTON, May 12.—An opposi-  
tion convention held here yester-  
day, with Ferdinand J. Robitoux,  
former federal member for Kent, pre-  
siding. The following were chosen as  
candidates for Westmorland county in  
the approaching provincial elections:

As J. Leger, Moncton; Dr. M. A.  
Oudon, Shediac; M. G. Siddall, Port  
Elgin; Herbert M. Wood, Sackville.

The candidates spoke briefly, accept-  
ing the nominations.

PASS RESOLUTION.

The following resolution was unani-  
mously adopted:

"Whereas, the leaders and members  
of the opposition party in the provin-  
cial legislature have at all times fought  
for the rights of the people of this  
province and opposed in every legiti-  
mate way the steadily increasing in-  
debtedness of the government's ex-  
travagance in the building and main-  
tenance of the trunk roads of the province,  
and with which the Grand Falls hydro  
bill was railed through the House  
without the consent of the taxpayers,  
and the government's general policy of  
waste and extravagance;

"Be it therefore resolved that this  
convention place itself on record as  
highly approving the stand taken by  
the opposition party during the last  
session of the House."

PUBLIC DEBT.

Another resolution was unanimously  
adopted as follows:

"Whereas this convention views with  
alarm the tremendous increase in the  
public debt in this province under the  
present local provincial government,  
resulting in over-taxation, stagnation and  
emigration;

"Whereas in the opinion of this con-  
vention the said increase is due in large  
measure to the extravagance and  
poor business management of the  
Foster-Veniot administration;

"Be it therefore resolved that this  
convention go on record as being  
wholly opposed to the present admin-  
istration and in favor of the strictest  
economy and honesty in the adminis-  
tration of the public affairs of this  
province."

RUM ROW SHIFTS  
TO PACIFIC COAST

Report from San Diego Says  
Five Foreign Vessels Observed  
Off That Place.

NEW YORK, May 12.—Reports that  
whiskey ships were appearing at Glace  
Bay, N. S., and offering their wares at  
a cut rate, led prohibition officials di-  
recting the rum row blockade on the  
North Atlantic coast to declare a com-  
bative victory today for the "drys."

The statement was based on the pre-  
sumption that the schooners had been  
forced to abandon attempts to land  
their liquor cargoes in this country due  
to the recent inauguration by the pro-  
hibition forces of a most stringent "war  
on the wets." The "drys" hailed it as a  
certain breaking up of the rum row  
trade, which commerce department of-  
ficials estimate has reached an annual  
figure of \$40,000,000.

ACTIVE ON PACIFIC

Meanwhile, word came that five ves-  
sels rigging the British and Belgian flags,  
had appeared off San Diego, Calif., and  
it was presumed that an effort would  
now be made to pour liquor into the  
United States via the Pacific Coast.

TWO SENT UP ON  
ROBBERY CHARGE

Hazlett and Nicholson Commi-  
ted in Fredericton on Wm.  
McNutt's Complaint.

Special to The Times-Star.

FREDERICTON, May 12.—Charles  
Hazlett and William Nicholson were  
sent up for trial this morning on the  
charge of robbing William McNutt of  
some \$350. Nine witnesses were ex-  
amined. They were the complainant,  
W. B. Lint, W. E. Edwards, John Dar-  
lington, George Venner, Herbert Mar-

The evidence showed that McNutt was  
intoxicated on the night of April 29.  
He had \$400 in 20-dollar bills. He  
was taken home in a car and missed  
his wallet on arrival.

Hazlett and Nicholson left for Wood-  
stock by car that night and spent  
money freely in that town next day.  
Later \$80 was recovered from Hazlett  
in Fredericton and \$80 from Nicholson  
in Woodstock.

BOARD OF TRADE  
ASKED TO HELP

Also, to the leading Boards of Trades  
and similar organizations, and to the  
principal newspapers throughout the  
province.

BOARD ADVANCES

It was decided to join the Canadian  
Chamber of Commerce, London, Eng-  
land, as this offered many advantages  
to the board members.

The Woodstock Board of Trade  
wrote that they would have a meeting  
soon at which the matter of increas-  
ing frost proof potato storage at this port  
would be taken up and the local board  
would be informed what they con-  
sidered was needed in the way of larger  
warehouses.

A board of trade investment com-  
pany, whose duty it would be to as-  
sist smaller industries, has been under  
consideration by a committee of the  
council and they reported this morning  
that data along these lines was be-  
ing secured.

The council also discussed the mat-  
ter of organizing retail, wholesale and  
manufacturing sections within the  
board of trade and this was also re-  
ferred to a committee for a report.

ONLY ONE MINE NOW  
PICKETED IN N. S.

Activity of Striking Miners on  
Decline—Interest in Indian-  
apolis Meeting.

GLACE BAY, N. S., May 12.—Picketing  
in the coal mining areas of Cape  
Breton, which was carried on with  
vigour last week, has practically  
ceased. The only colliery that is  
picketed this morning was No. 10, at  
Reserve, and only a handful of men  
were collected there.

The chief interest today centres in  
the meeting of the International Board  
of the United Mine Workers of Amer-  
ica in Indianapolis. Wm. Hayes, in-  
ternational board member for District  
26, is in attendance, and besides plac-  
ing before the board conditions as they  
exist in Nova Scotia today, he will re-  
quest, it is reported, a further increase  
in the international allowance to the  
district, which is now \$10,000 weekly.

LACKING IN PROOF

Police Will Not Send to Mon-  
cton in Matter of Suspect  
Arrested.

As the local detectives have no  
means of connecting William Cham-  
berlain, who was arrested in Moncton  
as a suspicious character the other  
day, with the recent break into Roy-  
den Poler's automobile store, Union  
street, an officer will not be sent from  
here, according to a report at police  
headquarters today. Chamberlain was  
taken into custody by C. N. R. Police-  
man Perry, and, on questioning by  
Chief of Police Hutchinson, said he  
was in Saint John on last Thursday.  
Chief Hutchinson then communicated  
with Sergeant Detective Power here,  
but as the local detective department  
had no evidence with which to hold  
Chamberlain responsible for the break-  
in, he does not intend to send any-  
one with a view to identifying him.

Chamberlain, according to the Mon-  
cton report, has been about that city  
for the last winter, and has made his  
home in passenger and freight cars in  
the yard.

Working On Old  
Post Office Plans

Plans for the reconstruction of the  
upper floors of the old post office build-  
ing at the corner of Prince William  
and Princess streets, which was recent-  
ly damaged by fire, are being made  
under the direction of T. W. Fuller, of  
Ottawa, now in Saint John. Mr. Fuller  
has been in Saint John for several days  
and drawings of the whole structure  
had to be made in order to arrange  
for the new upper floors. The new  
plans will call for an absolutely fire-  
proof construction. Mr. Fuller will re-  
turn to Ottawa in a few days and there  
the plans will be completed and ar-  
rangements made for the advertise-  
ments to be tendered for the work.

Men Are Paying More Attention  
to Their Clothes

We like that, of course. The fussier  
you get about the clothes you wear,  
the more interested you'll be in the good  
clothes we sell.

And this season is a mighty good time  
to get particular about the clothes you buy.  
As always, quality, fit and make are very  
important. But so is style, especially  
style.

When a good money's worth is so de-  
pendent on the style-rightness of a new  
topcoat or suit, it's mighty pleasant to be  
able to rely on the assured correctness of  
our good clothes.
