PAT O'HAY GOES ATOURING TO TELL WORLD GOTHAM HAS HEART

Doughty Soldier of Fortune, Owner of Gold Medal Ticket, Sets Off on Wheels With Pal, Veal and Ham Pie, Ten Pounds of Coffee and \$14.10.

(New York Times)

Captain Patrick O'Hay, that incomparable soldier of fortune, who in addition to a service record in seven wars and an indefinite number of Latin-American revolutions and a list of decorations and honors as long as his arm, who possesses the only gold medal ticket ever bestowed by the New York Society of Restauranters, has gone forth to tell the world that New York has a heart.

It came about in this wise. Some weeks back, at a dinner during the Shiner's convention in Washington, Captain O'Hay sat at the table with Paul Henkel, president of the society. As the doughty captain tells it: "I would like to see your gold restaurant pass," says the President.

"Here it is," says I, flashing my life insurance.

"I never realized that there was so much sentiment in New York," says the President, him knowing all he does, and he didn't know that. So Ernie and I are going around a bit to tell the rest of the country that New York is the kindest, most hospitable city on the map.

Yes, Ernie is going with him, the Ernie who has filled his flasking after-dinner speeches, his companion in many a campaign, although in two of the wars, by inadvertence, Ernie happened to be on the other side—Ernie, otherwise General Ernest Carr, whose enormous and tactful bulk is so perfect a foil to the like, erect form and

DOMINION NOT ASKED TO REPLY

Assumed Privy Council Will Decide Against British Columbia in Liquor Case.

London, July 13.—(Canadian Press).—Judgment was reserved by the judicial committee of the Privy Council yesterday in the appeal of the Attorney-General of British Columbia vs. the Attorney-General of the Dominion of Canada over the question whether liquor imported into British Columbia by the Provincial Government is liable to Dominion customs duty. The Dominion was not called upon to reply to British Columbia's appeal, so it may be assumed that judgment will go against the province.

The petition stated that this was a test action to determine whether the Parliament of Canada had power to impose customs duties or excise taxes on goods imported by the British Columbia Government into that province from outside Canada.

ISLE OF MAN MYSTERY.

President of British Esperanto Association Missing.

Belfast, June 25.—(By Mail).—Information was received in Belfast on Saturday of the mysterious disappearance of Mr. John Pollen, C.I.E., LL.D., president of the British Esperanto Association. He has a son-in-law in Belfast. Mr. Pollen, who has had a distinguished career in the Civil Service in India, was last seen on Monday evening in a street of Castletown, where he had been lately residing. He is 75 years of age, tall, stout, of florid complexion with white hair, and clean shaven. He was wearing a dark suit and a white shirt, with a five-point star and an Esperanto button-hole.

PROPOSES TO RESTRICT PAPERS

Italian Government Adopts Regulation About Certain Kinds of Reports.

Rome, July 13.—(The Italian Cabinet has adopted a regulation prohibiting the publication of news of a false or biased character calculated to hamper the Government in its diplomatic relations with foreign powers or damage national credit at home or abroad.

The regulation also prohibits the publication of articles in the way of comment, headlines or illustrations, calculated to excite class hatred or affect discipline in public services, or to offend the interests of foreigners as against Italians, or likely to give offence to the fatherland, the King, the Pope, religious institutions and the powers of the state or friendly powers.

According to the new measure, prefects are authorized to suspend, or even suppress, newspapers violating the regulation, independently of what penal action might be taken against those who are responsible.

Neither senators nor deputies will be permitted to act as editors of newspapers, because, owing to their parliamentary prerogatives, they could not be prosecuted without the authorization of Parliament.

WHEAT ACREAGE IS MUCH BELOW THAT OF 1922

Ottawa, July 13.—(Canadian Press).—The total area sown to wheat in Canada this year shows a decrease of 233,388 acres as compared with 1922, the figures being 22,169,200 acres as against 22,422,688, as shown by the revised estimate of the Dominion Bureau of Statistics. The report is compiled on his return from Winnipeg where various provinces have been in conference on game and fur shipments. He said plans were made to have enforced in shipment of furs from one province to another all game laws of the province of origin.

The Dominion Government will be asked to back up the provinces with legislation. Uniform royalties on furs, he also planned.

BOOTLEGGING IN FURS BETWEEN PROVINCES IS TO BE STOPPED

Victoria, B. C., July 13.—Bootlegging in furs from one province to another is to be stopped, M. B. Jackson, chairman of the British Columbia Conservation Board, announced yesterday on his return from Winnipeg where various provinces have been in conference on game and fur shipments. He said plans were made to have enforced in shipment of furs from one province to another all game laws of the province of origin.

The Dominion Government will be asked to back up the provinces with legislation. Uniform royalties on furs, he also planned.

Children May Have Sold Pocahontas Bones to Junkman

Skeletons Disinterred Fifty Years Ago Traded Off for Balloons, Recovered and Buried Again in Cemetery.

London, June 7.—(By Mail).—Princess Pocahontas, the Red Indian princess who married an Englishman and was buried at Gravesend after living happily for many years, may have been sold to a rag and bone man for a balloon, declares "The London Daily Express."

The bones in the Gravesend churchyard disinterred during the search for her body organized by J. Page Gaston, the distinguished American archaeologist, were originally dug up fifty years ago when the present church was built on the ruins of an old Gothic church, and were then thrown on one side under the impression that they were the skeletons of animals.

Children from the village came and rummaged in the eerie heap. They took away all the bones they could carry and sold them for balloons and paper windmills.

Many deals were concluded, as the village was gay with balloons before it was realized that the bones were human. There was a great hue and cry. The last rag and bone man disappearing on the outskirts of the village was called back and his patched-up landcart frantically searched for bones taken from the churchyard. They were returned to the pile and were buried in the churchyard. It is this pit which was recently searched for remains that might possibly be identified as those of the Indian princess.

Council Wants Say In Appointments

Willing to Pay Half Province's Share in Cost of Employment Office—Other Matters Before Council.

The Common Council, meeting yesterday afternoon, passed a resolution to notify Premier Veniot that the city was prepared to enter into an agreement to pay one-half the provincial expenses in connection with the maintenance here of the employment bureau, provided it was given some measure of control regarding expenditures and some say in appointing the staff.

Commissioner Bullock objected to the city streets being disfigured by so many poles and suggested that next year the city secure legislation to have all wires in the main thoroughfares placed underground.

No action was taken with regard to appointing a police clerk. Ervin E. Williams renewed his application and an application from George Shaw was read. Mayor Fisher said he had been asked by telephone to withdraw Mr. Shaw's application.

Recommendations from the Civic Power Commission for purchase of line materials and poles were considered and approved. The following tenders for line materials were accepted: E. Leonard & Sons, Ltd., \$89.27; H. M. Hopper, \$78.26; Northern Electric Co., Ltd., \$84.19; Canadian General Electric Co., Ltd., \$194.67; total, \$83,248.45. A lot of 300 poles will be purchased from Lindsay Bros., Montreal, at a cost of \$2,850. Replying to Commissioner Thornton, Roy Willet, secretary of the Commission, said that the Northern Electric tender in a few instances was a few cents lower than Lindsay's, but that the Commission had been given complete authority by the Montreal firm and decided to recommend their product.

A report from the Civic Power Commission engineer regarding Cranston avenue was read and was laid on the table. Commissioner Frink said he had written the Commission regarding the matter, informing the members that the city had no right in this street and suggesting that the land be expropriated. He said his information was that when the civic sub-station site was purchased, a right of way to the site also was granted.

The petition stating that this was a test action to determine whether the Parliament of Canada had power to impose customs duties or excise taxes on goods imported by the British Columbia Government into that province from outside Canada.

DEATH OF MRS. C. M. SNOW OF SACKVILLE

Campbellton, N. B., July 13.—The untimely death of Mrs. C. M. Snow, wife of Dr. C. M. Snow of Sackville, will be heard with great regret of her death which occurred at the Soldiers' Memorial Hospital here on Monday. Mrs. Snow, who was formerly Miss Stella MacDonald, eldest daughter of Mr. James MacDonald of this town, was highly esteemed by all who knew her and her death will be deeply mourned by a host of friends not only in Campbellton but also in Rexton, Moncton and Sackville where she had resided since her marriage some ten years ago.

She was in her thirty-second year. She was first taken ill about a year ago, but her case was being diagnosed as sarcoma. Specialists in Canada and the U. S. were consulted and special treatment was given throughout the winter but all to no avail. At Montreal on her way home from Boston, she again became seriously ill and a stop over at her mother's home, here, was arranged with the hope that she would soon recover sufficiently to proceed to her home in Sackville where she was anxious to be with her family. She recovered somewhat, but on the eve of her departure suffered another severe relapse which necessitated her confinement to the hospital here.

Mrs. Snow leaves to mourn the loss of a kind and devoted wife and mother her husband and three children, two sons and one sister. The brothers are Clifford, Wesley, Frederick, Ronald, George, Howard, Burns and Bruce and the sister is Nina, all at home.

She to the bereaved family and relatives the heartfelt sympathy of the community is extended in the loss of their loved one. The funeral services were held on Wednesday afternoon from the residence of Mrs. Snow's mother and many attended. Rev. W. Camp officiated. The floral tributes, which were many and beautiful, attested to the general high esteem in which Mrs. Snow was held.

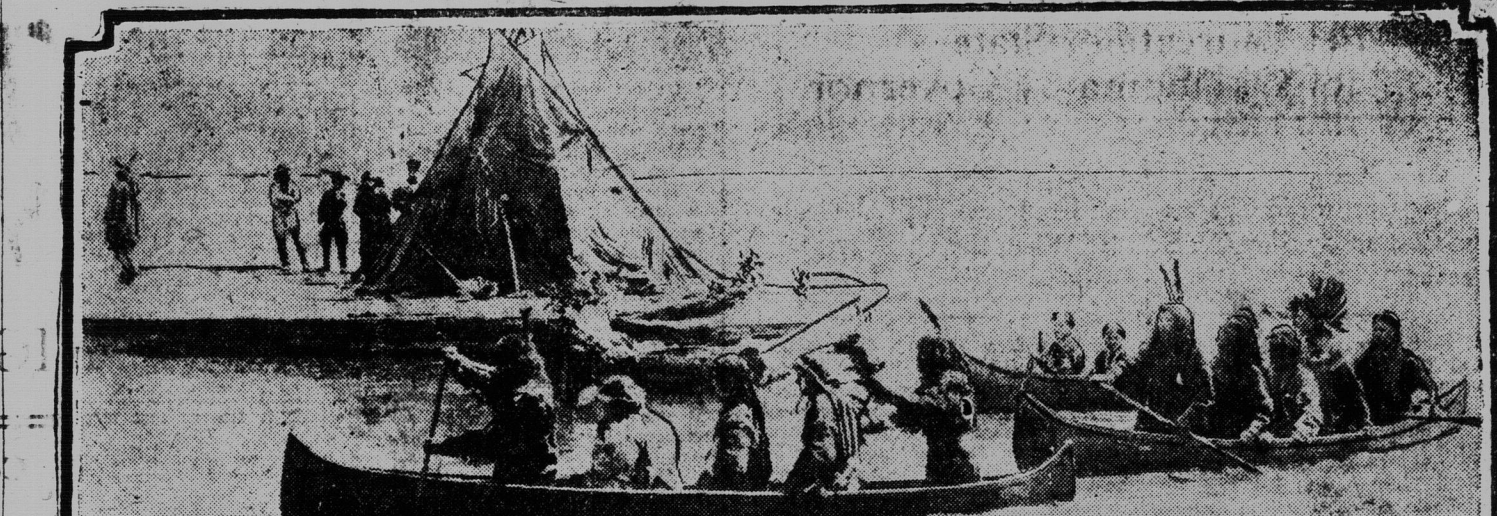

WIRELESS ON TRAINS

Successful Installation Made on French Express.

Paris, June 22.—(By Mail).—After a long series of experiments a successful installation of wireless apparatus has been made for use on the Paris-Bordeaux express, and it is probable that permanent arrangements will soon be made so that passengers shall be able to hear the Eiffel Tower concert and news messages.

In the latest trial two sound magnifiers were placed at each end of the smoking saloon, and in spite of the difficulties caused by the shaking and noise of the train, hearing was easy. The accumulators and other apparatus were placed in a cupboard, and at all points of contact with the wall and the floor india-rubber pads were placed to diminish the effect of vibration.

BOY BURGLARS TRACED BY SYRUP THEY SPILL

New York, July 13.—When police found some one had broken into the office of the Bronx Syrup Company, 635 Wales avenue, and overturned a can of syrup while taking the money, they traced the sticky footsteps and came to the home of Dominick Parisino, ten years old, 763 East 150th street.

In the back yard they found some freshly dug dirt and unearthed a tin can with \$2.40, the entire booty. They later arrested Dominick and his two alleged accomplices, Joseph Muscarello, nine years old, of 698 Wales avenue, and Alexander Singer, also nine, of 643 Wales avenue. The three boys were charged with juvenile delinquency and released on bail in custody of their parents.

Buying Advertising Space Means Buying A Market

Cautious merchants buy advertising space the same as they do merchandise or goods in trade—with a microscope in their hand.

"What do I get for the expenditure?" is the paramount question in the present day merchant's mind. Stunts, schemes, fictitious and proof lacking circulation claims have no attraction for the keen space buyer. That's why the Daily Telegraph and The Evening Times-Star represent solid and steady growth in advertising volume—because they can satisfy the most exacting demands made by local or national space users as to the real condition of their circulation.

The membership in the Audit Bureau of Circulations—the A. B. C.—of The Telegraph and Times-Star ensures accurate and trustworthy circulation statements.

The A. B. C. is Your Safeguard

The A. B. C. is a non-profit organization made up of concerted advertising interests—publishers, advertisers and advertising agents; and the object is to produce verified and authentic net figures of circulation.

All local newspapers were invited to become members.

The Telegraph and The Times-Star were the only two in New Brunswick to accept.
