BROKE FAITH WITH EUROPEAN POWERS

GERMANY'S ACTION IN MACEDONIAN QUESTION

Breach of International Honor
Causes Sensation in Dip-
lomatic Circles.

St. Petersburg, Feb. 14.—The Novoe
Vremya's announcement of Germany's
action at Constantinople as embodied
in the declaration of the German am-
bassador, Baron Marschall von Belbar-
stein, that Germany intended to aban-
don the allies and proposed instead
adopting the Sultan's counter pro-
posals which are no reform at all, has
created a sensation in diplomatic cir-
cles and resulted in a lively interchange
of views and inquiries in order to sub-
stantiate the truth of the announce-
ment.

The Russian foreign office professed
inability to confirm the news, and the
portion of the ambassador's declara-
tion relating to the disassociation of
Germany in the matter of the joint note
is generally admitted to be accurate
and it is realized that the cause of the
failure of all efforts to alleviate Macedo-
nia.

The Austrian embassy here denies
only the second part of Baron Von
Belbarstein's reported secret declara-
tion with Turkey and Greece with refer-
ence to the railroad concessions in
Uskup and Saloniki.

MAY FORM NEW COALITION.

St. Petersburg, Feb. 14.—(Later)—It
is expected here that Russia and Great
Britain will enter upon an agreement
for joint action with regard to the sit-
uation in Macedonia and that these two
powers will be supported by France
and perhaps by Italy. If such a coalition
is made the reason for it is un-
doubtedly will be the latest develop-
ment at Constantinople due to the fact
that Germany intends to abandon the
allies and adopt the counter proposals
of the Sultan, which, according to
other powers, are tantamount to no re-
form at all. Only by such a four-power
league, in the eyes of the Russian
press, can the necessary reforms in
Macedonia be carried through.

Dispatches received from London in-
dicate that a similar view is gaining
ground there. Austria-Hungary's de-
sire, for individual advantages from
Turkey, is generally accepted as a fact
in spite of the assurance from Vienna
that the agreement with Russia re-
mains the basis of Austria-Hungary's
Balkan policy.

NEW GROUPING OF POWERS.

Vienna, Feb. 14.—A new grouping of
the powers in the Far Eastern ques-
tion is freely predicted by independent poli-
ticians here unless Baron Aehrenthal,
the Austro-Hungarian minister of for-
eign affairs, succeeds speedily in
settling the irritation of Russia over
the Balkan railroad question.

The situation is considered in Vienna
to be complicated by the alleged in-
tention of the Russian government to
ask the Sultan of Turkey to grant a
concession for the construction of a
railroad line from Radinevatz in
Servia, on the Danube, to Antivari
or Durdino, both seaports of Monte
Negro, on the Adriatic, a project that
would connect the Danube with the
Adriatic, and would be acceptable to
Italy for commercial reasons.

BOGUS COLONEL SENTENCED.

of his civil rights for five years after
his release, and to perpetual police
surveillance as well as to pay a fine of
\$500. Schlemmang has been convicted
of wholesale marriage swindles by
means of advertisements whereby he
succeeded in obtaining considerable
sums of money from women.

DIED FIGHTING

HIS LIFELONG FOE

New York Fire Department's
"Grand Old Man" Killed
at Conflagration.

New York, Feb. 14.—Deputy Chief
Charles W. Kruger, known for many
years as "The Grand Old Man of the
Fire Department," lost his life to-day
while leading his men in a desperate
fight against flames in Canal street.
While working his way through a
cellar filled with smoke and gases,
Kruger plunged through a trap door
into a sub-basement filled with water.
He was dead when taken out. In the
few minutes which elapsed between
the time the old man fell and his body
was drawn out, more than a score of
men had risked their own lives in an
effort to save their leader.
"I knew it would happen this way,"
said one of Kruger's men when the
chief's body was brought away. "I have
been to many, many fires with him. He
was always in the lead."
Kruger was 57 years old, and had
been a member of the department for
35 years. Several years ago Kruger
was acting chief of the department for
a time while Chief Croker was tempo-
rarily under suspension.

MARTIAL LAW AT FAIRBANKS

Situation Quieting Down in
Alaskan City—Russians to
Be Protected.

Seattle, Wash., Feb. 14.—A special
cable to the Post Intelligence from
Fairbanks, Alaska, says: "Marshall
Perry yesterday received the following
from the department of justice:
"Marshall forces ordered to Fair-
banks. Meantime your duty is to pro-
tect law-abiding citizens without ten-
derness to law breakers. The depart-
ment expects you to use all necessary
energy to preserve order and arrest the
leaders in any attempt at intimidation.
Those molesting Russians must be ar-
rested, using such force as is necessary
to accomplish the purpose."
"(Signed) Bonaparte."

Everything was quiet yesterday. Spe-
cial deputies were organized into bands
of ten under a captain. Saloons are
still closed, but may be allowed to re-
open to-day if good order continues.

molestation on the trail. The chamber
of commerce and the Arctic Brother-
hood have officially expressed their ap-
proval of the president in ordering

ROBLIN WAS WILDLY EXCITED

DENOUNCES PARSON IN VENEMOUS STRAIN

Manitoba's Premier Descends
to Personalities in Defending
Bell Telephone Deal.

(Special to the Times).

Winnipeg, Feb. 14.—The atmosphere
of the legislative chamber last night
was highly charged with electricity.
Premier Roblin took up the statement
of the Rev. Dr. Duval, of Knox church,
the next moderator of the general as-
sembly, that while not claiming that
the telephone deal was a dishonest one,
he was entitled on the grounds of the
secrecy of the whole affair and the fact
that experts all over the continent
agreed that the price paid was a mil-
lion dollars too much, to have his
doubts of the honesty of the men in
charge of affairs.

Premier Roblin's denunciation of the
reverend doctor will rank among many
similar historical speeches in his politi-
cal career. He became so excited that
he mislaid the file from which he
quoted, and upset his glass of water.
He gestulated wildly and could be
heard along the corridors of the base-
ment.

"A citizen of a democratic country
such as this," he said, "has a right
to express his honest opinion, but a
foreigner, a man who does not owe al-
legiance to the flag of this country, who
speaks eloquently of the rights of the
people, but sneers, as a matter
of fact, at the British flag, such a
man can be properly characterized as
a misdoer."

"I have heard scores of men say the
whining, snivelling tone of voice and
the professional tears of this same Dr.
Duval reminded them forcibly of Dick-
ens' celebrated character, Uriah Heap.
If I were as mean, as cowardly, as
venomous, and as malicious as my de-
sir to injure those with whom I do
not agree politically as Dr. Duval is, I
would say that Dr. Duval is a hypocrite
and that his professions were like
those of the Pharisees of old who stood
on the street corners."

WINNIPEG FINANCES

ARE MOOT POINT

Ways and Means Discussed
for This Year's Ex-
penditure.

Winnipeg, Feb. 14.—A secret meet-
ing of the city council was held for the
purpose of discussing the city finances
and hearing the answers to the city's
proposal that the banks should col-
lectively advance \$2,250,000 to pay off
the city's overdraft with the Canadian
Bank of Commerce, and allow sufficient
money for current expenditures for the
year 1906, or until such time as the
city taxes were collected.

Mayor Ashdown further announced
that he believed the Bank of Commerce
would be willing to carry over the city
for the present, or at least until the
city had made financial arrangements.
The question as to whether the bonds
should be advertised for sale or not
was left open and will be decided by
the committee. The council is adverse
to waiting for the arrangements for the
selling of stock to be completed before
placing debentures on the market.

American company, which is being
prosecuted before United States Com-

into the floor to emphasize his threat.

Sects Led to Carnage—

Bombay, Feb. 14.—Serious rioting oc-
curred here last evening, during the

first month of the Mohammedan year,
arising from disputes between the Sun-
nites, or orthodox section of the Shiaks,
the second great division of Mohammed-
ism.

The police arrested several Sunnites
and the mob demanded their release.
The mob thereupon stoned the police, injuring two
of them.

The police commander and other Euro-
pean officers fired upon the rioters, kill-
ing at least fifty and injuring forty, twen-
ty of whom were seriously wounded.
It is believed that others were killed

of Sir Wilfrid Laurier.

Vancouver, Feb. 14.—William Skene,
secretary of the Vancouver board of
trade, has received numerous favorable
replies to the resolution passed by the
board advocating the establishment of
an Inter-Imperial News Agency.
Amongst them are notably those of
Lord Strathcona and Sir Wilfrid Laur-
ier, both of whom stated that the mat-

The London (England) chamber of
commerce received the proposal most
sympathetically, and is quite willing

JAPANESE BUDGET PASSES HOUSE

PROVIDES FOR LARGE INCREASE IN ARMAMENTS

Exciting Debate in Tokio on
Financial Measures of
Government.

Tokio, Feb. 14.—After an exciting de-
bate, lasting six hours, which develop-
ed almost a riot on the floor of the
house of representatives, the financial
budget was passed by a majority of
102 yesterday.
Speakers on both sides occupied a
long time, and towards the last they
sawled at the chair and charged fur-
iously, the opposing members de-
manding an apology. The chair sus-
pended the session for half an hour,
and upon resuming the chair apolo-
gized to the opposition.
Impassioned speeches were made dur-
ing the debate, all making a point of
the feature that more than one-half of
the budget was expended in arm-
aments. It was also urged that the
financial measures of the government
did not make provision to prevent an
outflow of gold, while the balance of
trade had a tendency against Japan,
fear being expressed that the basis of
the gold reserve might be endangered.
Upon the side of the ministry the
speaker eloquently argued that it was
both unwise and dangerous to publicly
discuss the nation's finances from a
pessimistic standpoint, thereby creat-
ing unnecessary alarm abroad. He
called attention to the natural re-
sources of Japan, which were only
awaiting development.

NOVA SCOTIA LEGISLATURE.

REGULATIONS FOR ENFORCING THE ACT

Rules Made by Government
Respecting the New Im-
migration Statute.

Appropos of the report that an im-
mediate enforcement of the Immigra-
tion Act was contemplated by the at-
torney-general's department, regula-
tions are recorded in this week's
Provincial Gazette. These regulations have
been passed by the Lieut.-Governor in
council for the better carrying out of
the provisions of the act. The regula-
tions are as follows:

1. When an officer examines a per-
son whom he shall suspect of being a
"prohibited immigrant," he shall first
ascertain whether such person is ex-
empt from the provisions of the act as
provided for in section 3, and if the
officer determines that such person is
exempt, he shall issue to him a certifi-
cate.
2. If the officer determines that such
person is not exempt, he shall then as-
certain whether such person is coming
into the province for the purpose of
permanent residence, or is merely pass-
ing through the province while travel-
ling to some other country or some
other province of Canada.
3. If the officer determines that such
person is a traveller, he shall, upon
production by the holder of his ticket
to a destination outside of the provin-
ce, or other satisfactory evidence,
issue to such person a certificate.
4. If an intending immigrant is nei-
ther exempt under section 3 of the act,
nor a traveller, the officer shall apply
the educational test as provided for in
section 2 of the act; and if such person
complies with the requirements of said
section, the officer shall issue to such
person a certificate.
5. If the officer determines that the
provisions of the act, is not a traveller,
and cannot comply with the educa-
tional test as provided for in section 4
of the act, he shall prevent such person
from entering the province, or, if such
person is found within the province
without a certificate of exemption, he
shall be proceeded as provided for in section
5 of the act.
6. An officer may take such steps as
he deems necessary to satisfy himself
that a person admitted into the provin-
ce as a traveller leaves the province
for his destination without unneces-
sary delay.
7. All officers acting under the pro-
visions of the act shall make a return
to the superintendent of provincial
police on the last day of each month
of all certificates issued under the act
during the month.

MARRIED WHEREVER HE WENT.

"Witzhoff" Sentenced in England to 7
Years for Bigamy.

Bristol, Feb. 14.—Arthur Hyne, the
man of many aliases, who has been on
trial here charged with bigamy and
fraud in connection with matrimonial
advertisements, was yesterday sen-
tenced to seven years' imprisonment on
the bigamy count, and to five years for
fraud. The sentences are to run concur-
rently. Hyne pleaded guilty to both
charges.

Hyne is a dentist with an American
diploma. He is believed by many
persons to be identical with George
Witzhoff, or Albert Bessmer, or A. C.
Weston, who several years ago mar-
ried a number of women in America,
and then disappeared after having ac-
crued various sums of money from
them. He left the United States in
