LADIES APPRECIATE  
OPENING OF RACES  
Smartly Gowned Society At-  
tend in Large Numbers  
on Saturday.

The first race meet held on Satur-  
day afternoon was a most delightful  
social function. The brilliant sunshine,  
the beautiful pastoral scenery outside  
the race track, the fascinating glimpses  
one caught of the blue waters of the  
bay, the smartly dressed ladies, the  
decorations of flags, and blue and gold  
hunting with the broom which was  
used so lavishly, the gay music of the  
band as it played the popular airs, and  
last but not least, from a picturesque  
standpoint, the beautiful, spirited  
horses with their brilliantly dressed  
jockeys, all combined to form a picture  
which will not soon be forgotten.

Amongst the ladies the greatest in-  
terest and excitement prevailed for  
each had her favorite, and shouts of  
"There! There! Look! They're off! No,  
they're not! They've had to come back!"  
and "See! See! mine's ahead! I knew  
it would be!" followed by a merry clap-  
ping of hands was heard on all sides.  
The only unfavorable comment of any  
sort was with reference to the big hats,  
which, alas, were very much in evi-  
dence. The lady with the big hat in  
front was a nuisance to the lady with  
the big hat behind her; it was also a  
bit of an eyecore to the gentleman who  
was trying to blaze a pathway for his  
field glasses. However, one and all  
bore the infliction of good-naturedly,  
which was the wisest way.

Mrs. Dunsinuir looked well in a rich  
black silk with Oriental trimming, in  
green and gold, and black hat trimmed  
with green velvet and plumes; Miss  
Muriel Dunsinuir wore a smartly tail-  
ored suit of blue rajah silk, with white  
founced hat; Miss Marion Dunsinuir a  
mauve rajah tailored suit with black  
hat trimmed with band of ivory satin  
and black aspreys; Mrs. Harman Rob-  
ertson wore a very becoming hat of  
burnt straw with crimson roses, and  
fawn coat; Mrs. H. Pooley a green silk  
with net yoke and sleeves and black  
hat with uncured ostrich plumes; Mrs.  
Charlie Wilson wore a very becoming  
pink flowered hat and handsome fawn  
coat richly trimmed with Oriental em-  
broidery and gold tassels; Miss Sehl  
appeared to good advantage in a smartly  
tailored suit of blue herring-bone  
serge trimmed with black and black  
hat; Mrs. B. Schwengers, pale blue  
hat with hat to match; Mrs. Watkins,  
a handsome brown tailored suit with  
fawn straw hat; Mrs. T. Patton, grey  
tailored suit with burnt straw hat;  
Mrs. T. Gore, brown tailored suit and  
burnt straw hat; Miss Lubbe, a fawn  
linen with blue hat; Mrs. J. Bowker,  
a pale grey tailored suit and handsome  
black hat with plumes; Mrs. H. Gould-  
ing Wilson, a cream suit and cream  
hat with pink roses; Mrs. J. A. Alk-  
man, a handsome embroidered linen  
princess gown with black picture hat;  
Mrs. C. Paxton, a smartly tailored suit  
and pretty mauve hat; Mrs. Erb, a  
becoming blue pongee and black hat;  
white hat with plumes; Miss Lesler, a  
pink linen costume with hat en suite;  
Mrs. Lesler, a blue voile; Mrs. Fraser,  
a becoming green directoire with pink  
hat; Mrs. Elberts, a handsome white  
linen suit with black hat; Mrs. D. M.  
Rogers, elephant grey tailored cos-  
tume; Mrs. Rocke Robertson, a hand-  
some black costume; Mrs. Grant, a styl-  
ish blue rajah, with hat to match;  
Mrs. Langton, a pretty cream mull;  
Mrs. Goward, a grey tailored suit,  
maroon and black hat; Mrs. Roberts,  
a stylish pale blue costume with black  
hat; Mrs. Johnson, a smart green cos-  
tume with black hat; Mrs. W. Langley,  
an old rose linen suit, with flowered  
hat; Mrs. Walker, a fawn pongee, with  
corn colored hat, trimmed with black;  
Miss McGuire (Vancouver), looked very  
chic in an old rose costume with a  
dainty little French chapeau in pastel  
shades; Mrs. Frank Higgins wore a  
smartly tailored grey suit with flowered  
hat with black.

Among the motoring parties were Mr.  
and Mrs. R. J. Robertson, the latter  
looking extremely well in an embroi-  
dered linen with black hat, and very  
handsome black silk coat. With them  
were Mr. Sears, Mr. Peter Turner and  
Alderman and Mrs. Turner. Mr.  
Turner wore a smart cream serge suit  
and a very becoming flowered hat.  
Mr. and Mrs. H. Dallas Helmcken  
with Mr. and Mrs. Roy Troup, were  
another gay motoring party, both la-  
dies being very handsomely gowned.

Tenders are being called for the  
laying of the vitrified brick pavement

the brick for Wharf street, and the

to go on with the work. The work  
of superintendence will not cost the  
city anything.

GOLF CHAMPIONSHIPS  
OF PROVINCE DECIDED  
H. Combe Won Bostock Cup  
and Miss Pooley the Plum-  
erfelt Cup.

In the annual competition for the golf  
championships of British Columbia Har-  
vey Combe, the untiring and popular sec-  
retary of the Victoria Golf Club, won the  
men's championship and the Bostock cup  
for the ninth year. His antagonist in the  
final round of thirty-six holes was C. S.  
Birch, from whom he won by 11 up and 3  
to play.

The ladies' championship and the  
Plumerfelt cup was won by Miss Violet  
Pooley, but only after a very closely con-  
tested round with Miss Nora Combe, her  
win being by but 2 up.

These competitions went on all last  
week and some very keen rounds were  
played over the Oak Bay links. Great in-  
terest was taken in the competitions,  
which were watched by many players.

The A.-Y.-F. golf tournament will open  
on the links of the Seattle Golf and Coun-  
try Club on Monday next at 9 a. m. En-  
tries can be made up to 5 p. m. on Sun-  
day, June 13th, and should be forwarded to  
C. K. Magill, secretary of the club, R.  
F. D., No. 2, Seattle. The men's cham-  
pionship will begin on Monday with a  
qualifying round of thirty-six holes, and  
will continue on June 15th, 16th, 17th and  
18th.

A programme of the event has been  
posted up on the notice board at the Oak  
Bay links.

BABY'S OWN TABLETS  
CURE ALL MINOR TROUBLES

The stomach, the bowels, or cutting  
teeth is responsible for most of the  
ills and suffering that afflicts baby-  
hood. Baby's Own Tablets keep your  
child well because it is the best medi-  
cine in the world for these troubles,  
and at the same time it is the safest.  
The mother has a guarantee of a gov-  
ernment analyst that this medicine  
contains no opiate or poisonous "sooth-  
ing" stuff. Mrs. Jos. Bernard, St. Em-  
ile, Que., says: "Baby's Own Tablets  
are really a marvellous medicine. My  
baby was thin, peevish and sickly until  
I began giving him this medicine. Since  
then he has thrived and grown splen-  
dently." Sold by medicine dealers, or  
by mail at 25 cents a box from The  
Dr. Williams' Medicine Co., Brock-  
ville, Ont.

MAKES TWO ATTEMPTS  
TO END HIS LIFE

Prevented From Jumping Over-  
board, He Sets Fire to  
Bed Clothing.

(Times Leased Wire.)  
Skagway, Alaska, June 7.—While  
temporarily insane from the use of  
some drug, Wm. Ellis, of Vancouver,  
B. C., last night attempted to leap  
overboard from the steamer Cottage  
City. He was overcome after a des-  
perate struggle and locked in a state-  
room.

Later Ellis set fire to the bed cloth-  
ing. The door was broken down and  
Ellis, armed with a large water bottle,  
made a vicious attack on the steamer's  
officers.

He was finally overcome and put in  
irons. Ellis was later turned over to  
the United States marshal at Juneau.

MADE RESTITUTION  
AND IS DISCHARGED

R. N. McNown is Set Free,  
Having Repaid Money He  
Received.

Mr. Justice Morrison held an ad-  
justed sitting of the assize court this  
morning to dispose of the case of  
Robert N. McNown, who was convicted  
at the sitting of the court in May  
of obtaining money by false pretences,  
on cheques.

R. C. Lowe, who defended the young  
fellow, pointed out that he had been  
in jail since November last, that he  
had made restitution in full to the  
three men who had cashed cheques  
for him and that as he had learned a  
lesson by his experience there was no  
end to be gained by inflicting further  
imprisonment upon him.

His lordship, in consideration of  
these facts and the jury's recommen-  
dation to mercy, discharged McNown  
with a few kindly words of advice.

Ernest Jordan, mate of the G.T.P.  
steamer Distributor, has met with a  
serious accident, falling from the up-  
per to the lower deck while the steam-  
er was up the Skeena. He has been  
removed to the hospital, where his  
injuries were not found to be very  
serious.

MORE STREET WORKS  
TO GO ON WAITING LIST

Question of Letting Work by  
Contract Likely to Become  
Live One.

In addition to the many street works  
which have been ordered, twenty-eight  
out of forty of which have not been  
touched yet, with the year well-nigh  
half gone, two more will be ordered by  
the city council to-night. One of these  
is the grading and tar-macadamizing of  
Quadra street, from its southern end  
at Blanchard street to Hillside avenue.  
The permanent sidewalks will be com-  
pleted from Pandora avenue northward  
on the east side and from Caledonia  
avenue on the west side. The other  
work is the laying of a permanent side-  
walk on the west side of Moss street  
between Fort street and Rockland  
avenue.

The great hindrance to progress with  
these works is that the city engineer  
has not accommodation for the staff  
necessary to prepare the grades and  
plans for all the works that have been  
ordered. Steps will be taken shortly to  
overcome this difficulty to some extent  
by enlarging the engineer's office.

Several aldermen are in favor of let-  
ting some of the work by contract in  
order to get it done promptly. They say  
that even if the engineer was in pos-  
sition to turn out the plans there is no  
available labor to be obtained by the  
city. This matter is likely to be discus-  
sed by the council and streets commit-  
tee in the near future.

Another matter to come before coun-  
cil to-night is the purchase, for \$250,  
a piece of land at the corner of Russell  
and Langford streets, which runs into  
Russell street like a gore, in order to  
widen the street.

A. P. NICHOLSON  
PASSED AWAY TO-DAY

Watchman on Quadra Brought  
Back to Port Died at  
Hospital.

The death occurred this morning at St.  
Joseph's hospital of Anthony Pearson  
Nicholson. The deceased was watch-  
man on the D. G. S. Quadra for many  
years. On the last trip of the steamer  
he was taken ill and the Quadra put  
back to this port. He was removed to  
St. Joseph's hospital, but died this  
morning.

The remains have been removed to  
the Victoria undertaking parlors on  
Yates street. The funeral arrangements  
will be announced later.

The deepest well in the world is situated  
at Ranchipur. It reaches a depth of 3,340  
feet. The temperature at the bottom of  
the well is never less than 115 degrees  
Fah.

COMMERCIAL MEN  
TO VISIT FAIR

Steamer Makura Chartered for  
Occasion—Will Remain  
Three Days.

The steamer Makura, of the Australian  
line, is making a special trip to the Sea-  
to-air, under the auspices of the Com-  
mercial Travellers of British Columbia.  
The steamer will stay in Seattle for three  
days and the visitors will use her as a  
hotel during the time she is there. It is  
understood, too, that she will call at Vic-  
toria on the way from Vancouver and  
take such passengers as may offer from  
here.

The Makura is the finest of the fleet of  
the Union Steamship Co., of Australia,  
and is said by many to be finer fitted  
than any vessel which comes into this  
port. She leaves on Thursday and will  
remain until Saturday night.

## TWO KILLED IN SALOON.

San Francisco, June 7.—Victor Groth,  
a blacksmith, 27 years of age, and Den-  
nis Shay, a bootmaker, aged 25, were  
killed and Charles Haynes, a stove-  
dore, wounded, by Charles F. Fox in a  
saloon at First and Harrison streets.  
Shay lived long enough to identify Fox  
as the man who did the shooting and  
almost immediately expired.

The three victims were in the saloon  
when Fox entered and asked for a  
drink. After receiving it he declared  
that he had money with which to  
pay for it. Angered because of some  
alleged remark made by the bartender,  
Fox immediately began shooting. He  
is under arrest, charged with murder.

W. C. T. U. IS TO  
MEET IN VANCOUVER

Arrangements for Annual  
Gathering Which is to Be  
Held There.

The Women's Christian Temperance  
Union convention will be held in  
Mount Pleasant Methodist church and  
Pender hall, Vancouver, on June 15th,  
16th and 17th. These annual gather-  
ings of women from all over the pro-  
vince have long become an established  
institution and are fraught with much  
interest and usefulness for the welfare  
of the province. It is expected that  
the coming convention will be the larg-  
est and most important ever yet held  
in connection with women's work. The  
growth of the union has reached the  
magnificent figure of over 1,400 mem-  
bers, while its numberless adherents  
of both men and women add strength  
to its forces as well as its usefulness.

There can be no question that this  
union wields a large influence in tem-  
perance and moral reform. It has  
braved the storms of opposition, misre-  
presentation and other hindrances  
heroically, while in its ranks may be  
found ladies of education, standing and  
influence with a great host of ardent  
advocates of reform. Several young  
women, until they accomplished  
their task. The present officials are  
Mrs. Spofford, president of Victoria, a  
most capable woman on the platform  
and in organization work; Mrs. Gordon  
Grant of Victoria as provincial treas-  
urer, keen, alert and an up-to-date  
business woman; Mrs. M. A. Cunning-  
ham, New Westminster, secretary,  
who has long held that position and is  
a remarkable person and an encyclo-  
paedia of information in her own line,  
added to whom is Mrs. A. T. Robin-  
son (nee Miss Murcutt), who has done  
such splendid work in the interior and  
on the coast as superintendent of the  
women's department of local option.

This lady will, with others of note,  
speak at the coming convention and  
will doubtless draw large audiences as  
she has done in the past.

The remarkable gatherings all  
through last winter have done much to  
educate the people on the lines of local  
option and other phases of temperance  
reform. In a very short time this  
union will be expected double its  
forces and equal suffrage will come to  
pass. A large number of delegates is  
expected from all over the province.

An excellent programme is being pre-  
pared. A strong array of talent will  
spend itself upon the leading local city  
with the hope of sending back into all  
parts of the province a spirit of re-  
newed activity which along with the  
growing movement of the local option  
league, means much for the future  
well-being of British Columbia. There  
is no doubt that Vancouver city will  
equal any other part of the province in  
giving royal entertainment to this great  
body of ladies who will assemble for the  
purposes named.

WARM WEATHER CAUSES  
FLOOD IN SKEENA

Party of Grand Trunk Pacific  
Surveyors Have Narrow  
Escape.

(Times Leased Wire.)  
Vancouver, B. C., June 7.—Advices  
from Prince Rupert to-day state that  
the Skeena river in flood as the re-  
sult of recent warm weather and con-  
siderable damage has already been  
done.

At Frank's Landing, 22 miles above  
Port Essington, the landing stage,  
with house built on it, was swept  
away, but fortunately the family was  
absent at the time.

Further up the river two cabins occu-  
pied by a G. T. P. survey party were  
carried away, and the men had a fight  
for their lives, one being pulled from  
the river through exhausted. Further  
damage is feared.

When horses are trotting only two of  
their feet are on the ground at the same  
time.

WHARF BEING BUILT  
AT ALERT BAY

Steelheads Running in North-  
ern Waters—Much Travel  
to and from North.

Eight passengers going north and  
eighty-five coming south is the record of  
the steamer Queen City, which arrived  
from Rivers Inlet and way ports this  
morning. Many of these were loggers or  
fishery employees.

The steamer brought word of improve-  
ments being made at Alert Bay. A third  
wharf is now being built between the two  
old ones for the special accommodation  
of Cook's new store. The new business  
house is a large one and will be a great  
improvement to the place.

The steamer brought D. Groves, man-  
ager of the Kildala Packing Co. He says  
that so far there has been no sign of any  
salmon but the springs and a few steel-  
heads. These are being dry salted. They  
do not expect any particularly large run  
in the north, probably not as large as  
usual. This is the big fish year for the  
Fraser river, but not for Northern British  
Columbia.

FINAL SOCCER MATCH  
HAS BEEN FIXED

Ladysmith and Nanaimo to  
Play Esquimalt for  
Championship.

The final soccer game between Lad-  
ysmith and Nanaimo for the Island  
league championship will be played at  
the Canteen ground, Esquimalt, on Sat-  
urday, June 19th.

This was the decision reached Sat-  
urday night at a league meeting held  
in the Driad hotel, when there were  
present C. G. Duncan (president),  
Messrs. Hallstone and Thornley, Lad-  
ysmith, Hart and Hindmarch, Nanaimo,  
and Lockley and Wright, Esquimalt.

J. G. Brown appeared on behalf of  
Victoria United, to state a case against  
that club's disqualification from the  
league. He addressed the delegates  
contending the constitution gave no  
power to expel a team. The chairman,  
however, ruled the matter as out of  
order.

Ladysmith was given permission to  
appeal to the B. C. Football Association  
on the legality of Nanaimo playing  
Hooper and Hurren, and both teams'  
delegates announced that their clubs  
would go after the People's shield this  
year.

GIVEN SENTENCE ON  
THE CHAIN GANG

Man Convicted of Swindling  
Several Young Women  
at Seattle.

Seattle, Wash., June 5.—A. J. Town-  
send, who advertised himself as an  
employer of young women at lucrative  
salaries to work as stenographers, has  
himself been provided with employ-  
ment and to-day he began work with  
the chain gang, where he will be kept  
busy during the next 60 days. Town-  
send was yesterday convicted on a va-  
grancy charge in Judge Gordon's po-  
lice court.

Townsend made no defence of the  
charge against him. Several young  
women testified that they had paid  
him various sums for promised posi-  
tions, Mary Crampton stating that she  
had given Townsend \$50 for a place  
as stenographer which she did not  
get.

Townsend represented himself here  
as the agent of a California mining  
company, but the affairs of that con-  
cern were in no way connected with  
his employment scheme.

## MINNESOTA TO DOCK.

Tallshaft of Steamer Was Secured by  
Heavy Chains.

The big Hill liner Minnesota, which  
lost a tall shaft on her way across the  
ocean from the Orient, arrived at Se-  
attle Saturday. The cause of the mis-  
hap is unknown, but is thought to be  
a flaw in the shaft. Prompt action on  
th part of the engineer prevented any  
trouble resulting from the break, al-  
though the part of the shaft attached  
to the propeller slipped out sixteen feet  
and would have dropped had it not  
been at once secured with heavy  
chains.

The vessel will be repaired at once  
in the Bremerton dockyard.

## DEBENTURE ISSUE.

London, June 7.—The Southern Al-

Does Quality  
Count With You?

In building the MAGNET  
Cream Separator we have never  
been hampered by consideration  
of cost or selling price. We just  
made the best that could be  
made, knowing that plenty of  
men have sufficient foresight to  
pay the necessary difference be-  
tween the best that can be made  
and the inferior article.

That the number of such men  
is large and growing is evidenced  
by the fact that while each year  
the output of our factory is  
largely increased, yet we sell all  
we can make.

Notes: The great points in the  
MAGNET are strength, durabil-  
ity, double support of the bowl,  
easy turning and perfect skim-  
ming by its one piece skimmer.

Strength, sufficient weight of  
the right material in the right  
place, which forms a design un-  
equalled for rigidity.

Durability, gained only by a  
combination of the above points  
with the best of experienced workmanship.

The double support to the bowl (MAGNET patent) keeps it in bal-  
ance, makes it run steady and prevents wear.

Speed: The revolutions and driving power are correctly proportioned  
for the continual operation of skimming twice a day for fifty years.

Easy to turn: The square gear runs without friction; therefore so  
easy to turn that a girl or boy can operate it.

One piece skimmer: Takes all butter fat out of the milk, at the  
same time separates the curd from the buttermilk.

Easy to clean: The one piece skimmer is so made that it takes fif-  
teen days less labor each year to wash it than any other.</
