

FLAMES ADDED HORROR TO SCENE

ANOTHER TERRIBLE RAILWAY COLLISION

A Number of Passengers Were Caught in Wreckage and Burned to Death.

New York, Jan. 27.—One of the most appalling railroad wrecks that has occurred in the vicinity of New York for many years, the estimated loss of life ranging from 12 to 30, took place last night at Graceland, on the Central railroad, near Jersey, near Westfield, N. J., when the Royal Blue Line ploughed at full speed into the rear end of a full train, immediately causing the crash of three of the shattered cars of a local train took fire, rendering impossible the rescue of many of the wounded who were pinned fast in the wreck. Many bodies were believed to have been consumed. On board the flyer all the passengers, although badly shaken up, escaped uninjured, save for trifling bruises.

The local train left New York at 3:45, and runs express to Bound Brook, making stops at Elizabeth, Westfield and Plainfield, beyond Bound Brook it runs as a local. The Royal Blue train left 15 minutes later, but travels at a higher rate of speed, and makes no stops except at Elizabeth, and is scheduled to overtake the slower train just beyond Graceland, where the latter switches from track 3 to track 4 to permit the Royal Blue to pass. This evening a freight train was blocked up on track 4 and the local received orders to proceed on the express track to Dunellen, and there take the outside or No. 4 track.

Shortly after receiving the train had to stop for a hot box, which delayed it so that when it got under way again it was due at Dunellen. The train had just started, and was moving when the Royal Blue traveled appeared at full speed, which at that point usually approaches 65 miles an hour, crashed into the rear end. The heavy engine of the Royal Blue tore its way into the rear car, and at the same time drove forward end of that car into the rear of the car ahead, and this was driven into the fourth car from the rear. The fourth car was partly wrecked, but the last three were torn to pieces. The engine of the Royal Blue left the rails and turned over on its side, the engineer and fireman sticking to their posts and going down with the wreck, and they are now in the Muhlenberg hospital at Plainfield, and the engineer is not believed to have a chance of living more than a few hours.

The total increase in the provincial subsidies as demanded by the provinces would amount to \$2,150,822. But this amount under the present arrangement the Dominion has got to pay under the increase in census in Manitoba, British Columbia and New Brunswick, sums amounting in all to \$1,132,824, so that the total increase is about two million dollars.

Not For Sale. D. D. Mann, of Messrs. Mackenzie & Mann, was asked as to the truth of the story from Montreal that the Grand Trunk was buying the Canadian Pacific and that Mr. Mackenzie had left for England in connection with the sale of the road.

The defenders of the city included more than twenty Americans, eight of whom were killed, among the Mexicans, the president of the Puerto Citos mine, Frank Penelman, formerly foreman of the same mine; Ed. Sturt and G. Carroll. It is asserted there were a number of Americans on the side of the Yaquis.

BELGIUM READY

To Administer the Venezuelan Customs for the Allies—Another Reason Regarding Bombardment. Paris, Jan. 28.—It was learned to-day that the Belgian charge d'affaires at Caracas, M. Van der Haeghe, has informed his diplomatic and official colleagues that Belgium will undertake the administration of the Venezuelan customs in behalf of the allies and other foreign claimants, thus relieving the United States and other parties interested from the responsibilities of administering the settlements.

The Bombardment. London, Jan. 27.—Count Von Quadt, German charge d'affaires at Washington, has been instructed to communicate to the United States government, and Count Wolff Meternich, the German ambassador here, to the British foreign office, further particulars received by the German government in the circumstances which occasioned the bombardment of Fort San Carlos.

London, Jan. 27.—Two wrecking crews worked all night taking bodies from the wreck caused by the collision of a Philadelphia & Reading express train and a local express on the Central railroad at Graceland, N. J. In all 21 bodies were taken from the wreckage. A policeman who aided in the work of rescue made the following statement: "I assisted in carrying Davis, the engineer, from the engine. He was terribly injured. He said: 'I am responsible for all the lives lost here, and had an alternative but to return the fire. The commander of the Panther communicated with the German commodore, and thereupon other German warships were ordered to bombard Fort San Carlos. In making this communication to the United States, the German government expressed the conviction that no British or American admiral would have suffered his ships to be fired upon without retaliating."

ASK INCREASE IN CHINESE HEAD TAX

THE B. C. DELEGATES INTERVIEW MINISTER

D. D. Mann Says There is No Truth in the Report of Sale of the Canadian Northern.

Ottawa, Jan. 28.—Premier Prior and Attorney-General Eberts had an interview with members of the Dominion government this forenoon in regard to Chinese immigration. They asked for an increase in the head tax. When the last increase was made Sir Wilfrid Laurier said that it was put on as an experiment, and if not found satisfactory then it could be augmented.

Provincial Subsidies. The total increase in the provincial subsidies as demanded by the provinces would amount to \$2,150,822. But this amount under the present arrangement the Dominion has got to pay under the increase in census in Manitoba, British Columbia and New Brunswick, sums amounting in all to \$1,132,824, so that the total increase is about two million dollars.

Not For Sale. D. D. Mann, of Messrs. Mackenzie & Mann, was asked as to the truth of the story from Montreal that the Grand Trunk was buying the Canadian Pacific and that Mr. Mackenzie had left for England in connection with the sale of the road.

Another Interview. Prince Edward Island representatives asked on the government to-day and asked that their parliamentary representatives be not reduced, although the census has declined.

The amount invested in the Siberian railway is \$401,700,000.

The Price of Pleasure.

It is hard for a lovely woman to forego the pleasures of the life which she was created to enjoy and adorn. She may have to be busy all day in office or in store, yet she cannot deny herself the social pleasures which are offered her.

But the fatigue is often too great for her, and she suffers from headache and backache as a consequence of over-exertion. Women who are tired and worn out will find a perfect tonic and nerve in Dr. Pierce's Favorite Prescription. It cures headache, backache and the other aches and pains to which women are subject. It establishes regularity, dries weakening drains, heals inflammation, cures ulceration, and cures female weakness. It makes weak women strong, and restores health to the sick women well.

THE SAD WORK OF RECOVERING BODIES

WILLING LABORERS ENGAGED ALL NIGHT

One of Rescuers Says the Engineer Admitted He Was Responsible For Collision.

New York, Jan. 28.—Two wrecking crews worked all night taking bodies from the wreck caused by the collision of a Philadelphia & Reading express train and a local express on the Central railroad at Graceland, N. J. In all 21 bodies were taken from the wreckage.

A policeman who aided in the work of rescue made the following statement: "I assisted in carrying Davis, the engineer, from the engine. He was terribly injured. He said: 'I am responsible for all the lives lost here, and had an alternative but to return the fire. The commander of the Panther communicated with the German commodore, and thereupon other German warships were ordered to bombard Fort San Carlos. LAURIER ON THE JAPANESE QUESTION

THEY MUST NOT BE CLASSIFIED WITH CHINESE

The Premier's Presentation of Case to Hon. Messrs. Prior and Eberts.

Ottawa, Jan. 29.—It is learned to-day that Sir Wilfrid Laurier told Premier Prior and Attorney-General Eberts yesterday in connection with the Chinese matter that as long as the province insisted upon connecting Japanese with Chinese in legislation by the province, so long would the Imperial authorities, for Imperial reasons, insist upon having their bills disallowed. The British Columbia authorities know this, but still they went on playing with the question.

Passenger's Story. Philadelphia, Jan. 28.—A number of Philadelphians, who were passengers on the express train, arrived here this morning and related their experience. Mr. M. Reinhard, a seaman, told this story: "I was in a day coach of the express, the second on the train. We were going at least sixty miles an hour when I felt a terrific shock, and was thrown from my seat. I was one of the other passengers in the car. The first shock was followed by a second almost as hard as the first, and when we made a stop to take a barrel of oil, the car split in half, and another car that we had literally ploughed through. Before I could get out a train from Philadelphia passed in the opposite direction ploughing through the wreckage which was thrown back upon us and caught fire."

Waiting for Reply. Powers has Submitted Proposal to Castro Which Has Not Been Approved.

Berlin, Jan. 28.—The allies are awaiting Venezuela's reply to their conditional acceptance of the guarantee. Venezuela appears to have asked the allies to permit all countries having claims against her to participate in their payment of the proceeds of the customs set aside for that purpose. This the allies have declined to agree to, and it is upon this point particularly that Venezuela's rejoinder is awaited.

Best For Peace. London, Jan. 28.—Lord Balfour of Burleigh, secretary for Scotland, in a speech yesterday evening at Edinburgh, was the first cabinet minister to discuss the Anglo-German occupation of Venezuela since the crisis became acute. He said it was not an alliance for defence nor did it develop in Nova Scotia. The capital is \$2,000,000. Montreal and New York capitalists are interested. The Canadian Pacific people announce that twenty million bushels of last year's wheat is still to be moved. Of this ten million bushels remains in the elevators west of Fort William, and all three Canadian roads will probably be hauling grain far into the summer.

OPPOSES GRAND TRUNK. Premier Roblin Says Present Railways Are Sufficient for the West at Present.

Montreal, Jan. 29.—J. N. Greenshields, who has taken out papers of incorporation, to-day announced the plans of the Eastern Canada Coal Company. The concern is incorporated in Ontario, and will develop properties in Nova Scotia. The capital is \$2,000,000. Montreal and New York capitalists are interested. The Canadian Pacific people announce that twenty million bushels of last year's wheat is still to be moved. Of this ten million bushels remains in the elevators west of Fort William, and all three Canadian roads will probably be hauling grain far into the summer.

French Deputy Scratched the Face of His Adversary.

Paris, Jan. 28.—A proposition backed by Jules Roche and other deputies was introduced in the Chamber of Deputies to-day calling for a revision of the constitution. The main features of the measure consist in the incorporation as a Supreme court interested with the rights of man of the constitution of 1791, and in the conversion of the Court of Cassation into a Supreme court empowered to pass upon the claim of citizens that their rights have been violated by the legislative and executive branches of the government.

PERSONAL ENCOUNTER. A second bill was introduced by Ollias, Benoit providing for the establishment of a Supreme court interested with the protection of the rights and liberties of the citizens.
