EASTING: Read number on grid line immediately to left of point. NORTHERING: Read the number on the line of the quadrangle immediately to the left of the point. Estimate tenths of a square from this line westward to point. Estimer le nombre de dixièmes du carré entre cette ligne et le point en direction ouest.

NORTHING: Read number on grid line immediately below point. EASTING: Read the number on the line of the quadrangle immediately below the point. Estimate tenths of a square from this line eastward to point. Estimer le nombre de dixièmes du carré entre cette ligne et le point en direction est.
