

these general content, and came to the ears of the Hurd brothers, who hit on a scheme to relieve the new-comers of a portion of their little fortune. The trick was one which they had more than once successfully played, but the victims had always been ashamed to make any exposure. Oliver and his brother went to the Morrisons, and the former produced a bundle of \$2 Dominion notes, which he said were counterfeit, and offered to sell them for \$200 (the package contained \$2000). The elder of the Morrisons examined the notes, compared them with some genuine notes he had, and saw the alleged counterfeit. He declined to buy them, but he was not to be deterred. He agreed to purchase them, but pretended to think the price was too high, and it was finally agreed that the package should be sold for \$100. Morrison produced that sum, but Oliver Hurd said the business was a ticklish one, and he didn't want to leave any evidence to fasten the issuing of the counterfeit on him; so he would take the \$100 and drop the package of counterfeit outside of the house door as he was leaving. Morrison would not agree to this, and Hurd found he could not trade unless he handed over the package on receiving the money; so he agreed to do this, and the exchange took place. Hurd buttoned the \$100 up in his pocket, and then, drawing a revolver, presented it at the head of the elder Morrison and demanded the package of alleged counterfeit. The Nova Scotia police, however, and a struggle ensued which resulted in the two Hurd brothers being ejected from the house. The \$2000 proved to be genuine bills, which the counterfeiter meant to use as decoys, as they had several times before. The Hurd applied to a magistrate for a warrant and had the Morrisons arrested on charges of stealing \$2000 from them, and the latter had the Hurd brothers arrested and an attempt on the elder brother's life by shooting at him with a revolver. All the parties have been held to bail to appear before a magistrate in Truro, previous to being committed for trial in the supreme court which meets in November.

THE "NEW ERA" has been removed from the place where she was partially sunk by the late collision and is now near low water mark on the shore opposite Newcastle. The work of raising the wreck was superintended by Mr. Thos. Witton of Chatham.

FIND.—Messrs. Patrick Farrell and Robert Hickey were fined under the Soot Act by Wm. Masson, Esq., J. P., in Newcastle on Friday last. Messrs. Tweedie and Lawlor had quite a warm passage at arms during the hearing of the case, but these little affairs seem to cement the friendship of the learned gentlemen for each other.

PERSONAL.—Hon. Peter Mitchell, who has been ill for some time, at his home in Montreal, is now convalescent.

Mr. Harry Beckwith has resigned his position as Sergeant-at-Arms of the House of Assembly.

BURNED OUT.—On 12th inst., Mr. Francis Burke's house on the Bathurst Road, near Little Barboque stream, was burned, together with all the contents, the inmates—consisting of the parents and five children—barely escaping with their lives. The family are very destitute and are being assisted in their misfortune, to some extent by the charitable disposed.

THE DICTATOR.—The *World* wants a round kick and insists on having it. It also insisted, a short time since, on the men at the mill being paid every Saturday night. Those most interested, however, must be allowed to decide upon such matters for themselves. We suggest that the *World* now hand over that hundred dollars to the Rink Shareholders and it may encourage them to incur the extra expense of a round kick.

"ROYALTY."—We cannot insert your communication for two reasons. One is that the general public are not interested in the equestrian performances at Burnt Church, and the other is that you omit to send your real name with your letter. We may also add that we make no charge for publishing communications and accept only such as are of sufficient public interest to justify their occupation of our space.

\$100 REWARD.—The Post Office Inspector for the New Brunswick District offers a reward of \$100, for such information as will lead to the conviction of the Campbellton post office robbers. It is quite strange that the parties wanted are the strangers who were seen about Campbellton for several days preceding the robbery, and the handbills promising the reward ought, therefore, to have a description of the men as nearly correct as possible.

THE "NEW ERA" BOAT was, we are assured, not unfit for use at the time of the late collision, although some of the passengers thought it was not. It was launched and a very large and heavy trunk being placed in it and remained there without suffering damage. When we incidentally mentioned in our report of the collision that the boat was not in order, we did so on what we considered good authority, and are quite glad to make the correction.

THE EXCURSION to St. John, under Rev. I. N. Parker's management, was quite a successful affair, about 700 people participating in it. The *Advocate* states that the Railway authorities permitted a caterer of his own to interfere with the excursion and to cause unnecessary details of some incidents which were not, by any means, characteristic of the affair as a whole, for many who participated in it have assured us that it was "well worth the money."

PRIZES FOR CHATHAM WORK.—At the Grand Dominion and Provincial Exhibition at Kingston, Ontario, which commenced on 18th inst., Mr. A. E. Mr. Gills also took first prize at the Dominion Exhibition, Halifax last year, for a gentleman's suit. Mr. Gills' work may be seen at the tailoring department of Mr. W. S. Loggie's extensive establishment on Water Street, Chatham.

NEW PAPER.—The first number of the *Picton News* has come to hand. It is a large and well filled paper, neat in typography and evidently under good management. Its editor is C. D. MacDonald, Esq., B. A., who, evidently, has a just appreciation of the power he assumes, and will, therefore, conduct the *News* in a manner creditable alike to himself and the profession. We have especial pleasure, therefore, in wishing the *News* success, for there are already too many papers conducted by men who seem to imagine that journalism consists in quelling warfare upon the nearest publication to them.

"GO AS YOU PLEASE."—The enterprising gentlemen who have charge of the Newcastle Public Square, assisted by others, have arranged a walking match, or, rather, a pedestrian "go as you please" match of twelve hours duration, which is to come off in the Masonic Hall of that town on Monday, Oct. 9th, commencing at 10 a. m. and ending at 10 p. m. They are to have a well prepared and reserved seats for spectators and all arrangements necessary to make the affair interesting, agreeable and successful and free from objectionable features. The race is to appear in a public contest as to who can run the fastest, and the proceeds are to be devoted to the Public Square fund.—See advt.

WHAT DOES THE *World* mean by publishing the attack on the Curriers? Those who have witnessed their play agree that their language is quite as decent as much that is found in the columns that are employed in slandering them. It is a new thing for Curriers to be charged with unbecoming language during the progress of their game and only a mongrel cur would give currency to such a charge. It is possible for the Skating Rink to succeed without the curriers being abused. Indeed the curriers are among the most respected promoters of the skating rink enterprise and it is, at least, in bad taste for those who profess to wish both ends of winter sport, exercise and recreation, to cast undesired reflections on either.

SPECIAL NOTICE.—It would oblige us very much if subscribers in arrears would consult the yellow paper and remit what is due. The notice near it reads:—

Observe the Yellow Slip on the Paper—the date on it indicates the time to which the subscription is paid. Prompt Remittances are expected from those who have not already made them.

If the date is, for instance, "Nov. 6 '81," it indicates that the subscriber has been taking the paper for nearly a year and is over paying for it. There are a good many who over pay for it even a longer period than a year, and they seem to imagine that they are doing nothing wrong by neglecting to pay. The man who won't pay the small price for which the publisher sends him his paper week after week, has a very inadequate idea of his duty in the matter.

Now, Mr. Subscriber, just turn to the yellow slip and see how you stand with us.

BRITISH AMERICAN BOOK AND TRACT SOCIETY.—Mr. A. N. Archibald, Secretary and Superintendent of Colportage of the above Society is making his Annual tour through New Brunswick in the interest of the Colportage work. We are requested to state that the Committee contemplates having six men work continuously in this Province. Only one man worked during 1881, but numerous friends in Westmorland and Albert Counties have given liberal aid, and sections visited last year are increasing their donations, so that the Society is able to extend greatly its beneficent work. To support these 6 men, \$1800 will be required. Only \$717 were received from the Province in 1881. We hope that all upon whom Mr. Archibald calls in our communities will contribute to the Colportage work, by which the poorest homes in the back settlements are visited and the Scriptures or some good book or tract left. The two most effective agencies for Home Mission work—the printed page and earnest personal effort—are fittingly combined. For further particulars as to the present state of this good work our readers will refer to an article from the Secretary's pen on our first page.
