THE "OLD BOYS"

Vote Confirmed in the Present Grammar School Staff.

And Earnestly Protest Against the Changes Contemplated by the Trustees.

A meeting of the old boys of the St. John Grammar school was held in the school-house last Thursday night to consider the proposed changes in the school. There was a large gathering of the old boys and quite a lot of the students of today dropped in...

Vibrations of High Buildings

How the Experts Use Electricity to Overcome the Swaying Effect Caused by Wind.

If you stand on the roof of one of the new skyscraping office buildings in lower Broadway, says the New York Herald, and find an eerie tremor which you can look down to the street, the chances are at least ten to one that your nervous system will experience such a shock as it has not felt since the last time you were very sick at sea.

WEDDING BELLS

The Marriage is Announced in this Issue of J. Peter Richards, the proprietor of the Ben Lomond house, and Miss Fannie Bridges of this city.

The wedding was performed at St. John's Baptist church on the 30th ult. by Rev. Mgr. Connolly, V. G. The groom was supported by Sidney Mulaney, and the bride was attended by Miss Lena Bridges. Last evening a number of the friends of the newly married couple met at the restaurant of Wm. Agate, brother-in-law of the bride, where a very pleasant evening was spent.

Armenians Responsible for the Recent Disturbances

Antigonish, Oct. 28.—It is officiated here that the Armenians were responsible for the recent disturbances in Antigonish. The Armenians were seen on both sides before the men suppressed the rioting. It was officially stated that the Armenians unwarrantably attacked Muslims at Marash, and Selim's despatch received here asserts that Major Bekir of the Hamidieh cavalry was burned on October 14 in a church at Antigonish.

HEALTH ON DRAUGHT

Hampton, Oct. 30.—It looks as if the doctors were kept pretty busy writing prescriptions to be filled by the licensed vendor under the Scott act. In the freight ship today were seven empty ale casks for Jones' brewery, six empty ten gallon and six empty five gallon kegs for a St. John dealer in hard liquors. These temperance packages have been relieved of their contents in a comparatively short time, in the true interests, as the local government orators would say, of temperance. No doubt they will be promptly filled again, to keep up the temperance record and the supply of health on draught.

MONKS DIE OF FRIGHT

Madrid, Oct. 31.—A bomb was exploded today in the monastery of Corjuel, in the province of Biscay, resulting in great damage. Several of the monks have died from fright, caused by the explosion, simplest way possible, by the use of electricity. We now put what we call a "master clock" in the ground floor, where there is no perceptible vibration, and that controls the other clocks in the upper stories. "But would the vibrations in the upper stories disconcert an ordinary clock?" "Yes," he said, "but he have already overcome it and in the simplest way possible, by the use of electricity. HOULTON NEWS

A Big Reduction in Freight Rates on Potatoes—Died at Chicago.

Houlton, Me., Oct. 30.—A reduction in the freight rates on potatoes of five cents per hundred pounds went into effect yesterday on all stock shipped from points in this county to Boston and New York. This reduction has been brought about largely through the efforts of Hon. P. W. Cram, vice-president and general manager of the B. & A. Rev. R. L. Dunston, pastor of the Free Baptist society of this town for the past five years, preached his farewell sermon last Sunday morning to a large audience. The long, severe winters of Aroostook being hard on his health, he will seek a milder climate. He has been very successful in his work here, and leaves a large circle of friends. Rev. John Nason has been engaged to fill the vacancy caused by Mr. Dunston's resignation. He has been in charge of the F. B. church in Lyndonville, Vermont, for a long term of years. The remains of Alfred B. Cottle of Hodgdon arrived here last Wednesday, and were interred at Hodgdon on Saturday. He died in Chicago while on his way home from Denver, Colorado, where he went last May for his health. Mr. Cottle was born in Hodgdon and graduated from Ricker Classical institute in this town in 1887. He then entered Colby university, graduating therefrom in 1891. He studied law in the office of Madigan & Madigan, and for a short time after his admission to the bar was instructor of languages in the institute. Since that time and until his health failed he practiced law with Hon. P. H. Gilien of Bangor. The new cathartics have been lacking the much needed granite sidewalks throughout the village. They have the work about as far along as it can be carried this fall, and will finish it when the spring opens.

WOMEN'S CHRISTIAN TEMPERANCE UNION OF ST. JOHN

Quarterly Session of the St. John Local Union.

Quiet Summer, but a Busy Winter Looked for.—The Number of Members. (From Friday's Daily Sun.) The quarterly meeting of the St. John Local Union, Y. P. S. C. E., was held yesterday afternoon at Queen's square Methodist church. The first fifteen minutes were given up to devotional exercises and then the reports were submitted. The report of the secretary, George Jenkins, was quite a lengthy document. There was great reason for thankfulness, he said, over the increased interest of the past six months. This was to a great measure due to the revival of last spring under the leadership of Messrs. Hunter and Crossley; to the great international Y. P. S. C. E. convention at Boston last July, which was attended by many from here, and also to the better knowledge of the work and aims of the society—the taking of the young when they are leaving the Sabbath schools and interesting them in the work of the church, helping them to build up strong Christian character. The secretary said it sometimes seemed to him that too much was made of the prodigal in comparison with the man who steadily resists temptation and perseveres in well doing. Such are the men on whom the church leans, to whom the world looks for its leaders in social and moral reform, and whom God chooses when he has any special work among the children of men. He advised young men therefore to keep themselves pure, and quoted John B. Gough and C. A. Dickenson to show the advantages the man had who lived so over one whose conversion came in later years. He regarded it as one of the best signs of the times that the churches were waking up as never before to the fact that it was better and less costly to keep the young from drifting away than to expend greater efforts in getting them back again, and whether it be the St. Andrew's Brotherhood of the Church of England, the Baptist Young People's society, the Epworth League of the Methodist church or the great Christian Endeavor society, all were working for the same end, the lifting of humanity nearer to God. Reports were received from a number of local unions. The work in the majority of them had not been carried on very actively during the last quarter, but all spoke encouragingly of the outlook for the winter. The following interesting statement will give an idea of the numerical strength of the union:

Mr. and Mrs. Richards will have the best wishes of the whole community for a long and prosperous life.

THE BLACK KNIGHT

The Montreal Witness thus speaks of Rev. J. H. Hector, who will appear at the Mechanics' Institute Sunday afternoon and Monday and Tuesday evenings under the auspices of the W. C. T. U.: "Seldom has so large a congregation, somewhere about two thousand, attended a morning service in St. James' church, and yesterday greeted the Black Knight. The sermon was an extraordinary pulpit effort and greatly effected the large audience, which listened, was inspired, amused, thrilled, and caused to weep almost in unison."
