CANADA AT PAN-AMERICAN.

It is gratifying to learn that the Caexposition is claimed by many visitgrounds. Although July first is the day set apart for the formal opening nformally opened to the public. It is

informally opened to the public. It is thus described:—

It is situated at the east side of the grounds, just off the Mall, near the dairy building, in a plot surrounded by flower beds and artistic shrubbery lands. Its exterior is of Swiss style of architecture, with flowering vines and plants on the roof and balconies. The main hall of the ground floor is devoted to a comprehensive agricultural exhibit, all the grains and wheats of Canada being shown either in glass cases or else fashioned in quaint designs, in the border around the wall near the ceiling. In the centre of this large hall is mounted, under a glass case a monster stuffed buffalo, owned by the Canadian government. It is claimed to be the largest specimen of buffalo ever known and is highly prized by the dominion government. Its appearance at the Pan American is the first outside of Canada. It has never before been loaned for any exhibition. An oil painting that attracts considerable attention is one by Paul Wickson, a noted Canadian painter, called "The story of the great North-West." It illustrates the retreat of the red man with his pony, his gun, and his tepee, before the Scotch settler, with his pay, horse. There are exhibits in the mines building, forestry, fine arts, live stock, etc., as well. The building is called "The Pan-American Home."

The United States government annoyed" and "surprised" at the re-States government has suggested that the Alaska boundary question be subcontrary to all precedent the officials have decided to treat this report with silent contempt lest a formal denial would be undignified for such a body as the government of the United States. It is a pity that the effect of this dignified silence is marred by the above explanation. spite of their annoyance however, and

ROYAL ARCANUM.

ROYAL ARCANUM.

The Royal Arcanum is twenty-four years old, and St. John Council, E. A., has been in existence about twenty-three years. Last evening St. John Council celebrated the 24th anniversary of the order by an entertainment of great merit, and marked the 'allestone by an able review by John E. Irvine and Hon. R. J. Ritchie of what the order has accomplished.

The regent of St. John Council, J. N. Wetmore, was in the chair, in Knights of Pythias Hall, Germain street, when the meeting opened. The large hall was crowded with ladies and gentlemen, to the extent that some members of the Council were content to stand—the seats being all taken. And not only was there a full house, but every number on the programme was given. There were no excuses and no disappointments. At the close the highly pleased audience was treated to ice cream and cake.

The programme was as follows: Address, by the regent; flute solo, Roy Crawford; address, John E. Irvine; song, Mrs. Gregory; reading, A. W. Baird; song, Mr. Cooper; address, Hon. R. J. Ritchie; song, Mrs. W. S. Carter; clarionet solo, W. G. Stratton; song, J. T. Kelly, reading, Miss Armstrong; trio, Mrs. Carter, A. H. Lindsay and A. G. Burnham. The various numbers were admirably given, and there were several hearty encores. The accompanium and stry. Among the first members were Edward Willis, Fred Barker and J. C. Magee, who have since passed away. Mr. Irvine spoke in strong praise of the order.

Hon. R. J. Ritchie pointed out that the order started in Boston in 1877 with nine members and now has 210,074. Some 9,000 has been added in the first four months of this year. Over \$59,000 has been paid out in benefits.

WIRE NAIL ASSOCIATION.

The Wire Nail Association of Canada met at the Royal Hotel yesterday afternoon. Almost every mill in the dominion was represented. Routine business having been transacted, the nail manufacturers proceeded to the discussion of prices. Reports from all parts showed that the situation was satisfactory and it was decided to allow prices to remain as they have been since the opening of the year. A number of hardware men interviewed the nail manufacturers and some matters of interest only to those in the trade were discussed.

Almost four hundred people went up in the David Weston on the policemen's excursion last evening. The weather was all that could be desired, and the sail from first to last was a thoroughly endoyable one. The best of order prevalled and the different amusements provided added greatly to the pleasure of the trip. Dancing was kept up during the entire time, to music furnished by the City Cornet band, and in the saloon quite a number of the young men amused themselves and others with songs.
