A FOOL AND HIS DORY.

HALIFAX, June 24.—Capt. Howard Blackburn, with his 16-foot dory, America, from Gloucester to France, put in at Clarke's Harbor, N. S., yesterday, worn out with his rough experience. Since sailing on June 7th, he has encountered three heavy east-south-east storms, the last one coming on Sunday, 23 miles off Lockport. The dory behaved well, lying to, but drifted westward the following day. While Capt. Blackburn was asleep a heavy sea struck the dory and turned her over on her side, filling his sleeping place and washing his lantern and compass overboard. Another sea righted the dory, thus saving Blackburn's life. He bailed out the water, but found his charts and stores almost destroyed. The gale continued until Tuesday when Cape Sable was sighted. The lone mariner reached land exhausted. The dory was not injured and no gear was lost. He is putting the boat in shape again, and says he will make another start when the weather is favorable.

JUNE WEDDINGS

RIGBY-CROMWELL

At the home of George R. Cromwell, No. 23 Metcalfe street, Indiantown, last evening, at 8:30 o'clock, the marriage of the eldest daughter, Miss Bessie Isabel, Charles Holden Rigby, son of the late George R. Rigby, was solemnized by Rev. David Long, pastor of the Victoria street Free Baptist church. A number of guests were present, chiefly relatives of the young couple. Miss Cromwell was attired in a dainty white organdie frock, trimmed with liberty ribbons and chiffons. She wore a veil and roses, carrying a bouquet of cream roses. Her little sister, Erma, was maid of honor. The house was prettily decorated with smilax and cut flowers, and a repast was served after the ceremony. The bride and groom will stay in the city for a few days before leaving for Fredericton, where they have a nicely furnished home on Saunders street. Mr. Rigby has for the last year or so been an employe of the F. E. Edgecombe dry goods establishment in the capital city, and from his fellow clerks he received a rattan centre table. The firm gave him a valuable pair of silk portieres, and the choir of the Fredericton Free Baptist church showed their appreciation of Mr. Rigby's services by tendering a handsome parlor chair. There were numerous gifts from friends in this city, including a substantial purse of gold.

The bride was dressed in organdie muslin with a very pretty white hat. The bridesmaid, Miss Amelia Belyea of Oliville, Queens Co., also wore organdie muslin with a white hat. The groom was supported by his brother, Walter Queen. After partaking of luncheon the happy couple drove to Indiantown for the steamer Majestic to go up river, where they will reside. The Rev. A. D. Dewdney performed the ceremony. The bride received many beautiful presents.

LORD'S DAY ALLIANCE.

The third annual convention of the Lord's Day Alliance of New Brunswick met yesterday afternoon in the Church of England Institute hall on Germain street, a large number being present.

After encouraging reports had been read by the secretary and treasurer and adopted, the following officers for the coming year were elected, Rev. Canon Richardson being made president.

A resolution was passed that the alliance agree to take whatever steps may be necessary toward securing respect for the Christian Sabbath and for the law of this province.

At the evening session addresses were made by Rev. Canon Richardson, Rev. G. W. Hamilton, Rev. J. G. Shearer and Peter Sharkey of the Trades and Labor Council. Mr. Sharkey said that the laborers were strongly against Sunday working and many of the labor unions had passed resolutions embodying this sentiment.

The St. John branch of the alliance met at 7:30, when reports for the year were submitted and the officers for St. John elected. Rev. Father Gaynor was chosen president in place of Rev. Dr. Wilson, retiring. The vice-presidents are H. C. Tilley and W. H. Conter, and the secretary-treasurer Rev. W. J. Kirby.

A PRESENTATION.

In remembrance of Samuel Millican, of the I. C. R., because of his recent marriage the employes of the road in St. John last evening presented to him a very handsome locket and chain of gold. Accompanying the gift was an address which speaks highly of the qualities which have made Mr. Millican the friend of all in the intercolonial here and will doubtless be treasured by him particularly as associated with the happy event which called forth this expression of good will from those associated with him.

Mrs. Herbert S. Cowan arrived from Toronto on the C. P. R. today to attend the closing of the Rothesay College school and to take her sons home.

THE HARD LABOR PLAN

Is Reducing the Number of Arrests—More May Join the Gang.

Whether the hard labor plan is responsible, or whether some other circumstance may be the cause, the fact remains that since the chain gang started work in Rockwood Park, three weeks ago, there has been a noticeable decrease in the number of persons arrested for drunkenness and other minor offences. The officials incline to the belief that the hard labor is keeping many old jail birds away from the police and this in all probability is correct. The chain gang was at first composed of eight men, and at the beginning of the second week was increased to thirteen. It has not since received any additional recruits, but this is not on account of a scarcity of men. It is rather because there are no more outfits ready, but this difficulty will be overcome in a few days, as it is understood that ten new uniforms are being made.

One of the prisoners, who was discharged yesterday forenoon after doing ten days in the park, was in comfortable health. He has so far managed to avoid the police, but there are hopes.

ANOTHER LET GO.

The disorderly boys in the city received further encouragement today in police court when Albert Whelpley, who was arrested for being one of a crowd lighting a bonfire on Brunswick street last night, was allowed to go unpunished. Time after time the police have reported or arrested boys and young men for starting bonfires, but these offenders are let go. Last night the police extinguished no less than seven large fires in the city, some of which were sources of danger to the nearby properties. Whelpley admitted his offence and got a lecture on what might happen to him if he persisted in this line of conduct. After this he was dismissed.

John Ryan, one solitary drunk, who came in from Chipman, was fined two dollars.

RATHER PECULIAR.

Rev. G. M. Young, of the First Methodist church in Charlottetown, who has been attending conference here, left for St. John yesterday. In connection with Mr. Young's church it is worthy of note that Mr. Young is a native of Richibucto; Prof. Harry Watts, organist of the church, went there from Moncton, and the principal of a school of music managed in connection with the church, and his assistant is Miss Baird, a daughter of Otto Baird, formerly of Moncton. The kindergarten under the management of Mr. Young's church is conducted by Miss Wathen, of Harcourt, N. B. If there should be any more positions vacant New Brunswick can supply persons to fill them.

ST. VINCENT'S ACADEMY.

The annual closing of Mount St. Vincent's Academy, Halifax, was commenced on Wednesday afternoon. Many St. John ladies were in attendance there. Among those mentioned in the premium list appears the name of Miss Kate Greany. Her work consisted of a tapestry painting, 72 inches in length. The subject was "Jesus at the Well." It was particularly well executed. Among those receiving first-class honors the names of the Misses McGoldrick and O'Regan appear.

WILL THEY STEAL BASES?

What promises to be a very interesting game of baseball will take place on the picnic grounds at Westfield Beach next Saturday afternoon on the occasion of the Trinity church picnic, when the Trinity aggregation will meet the Westfield suburbanites. In addition to the baseball match a splendid programme of sports has been arranged.

Mrs. J. K. Barney, who has thrilled three audiences in St. John during the last week, will speak again in York Theatre under the auspices of the Tabernacle church on Thursday evening, 25th, at 8 o'clock. The pastor, H. H. Roach, will preside.

WILL SUB FOR DAMAGES.

A valuable brown cocker spaniel, worth about \$100, and belonging to Donald McIntosh, the Marsh road forlorn, was shot in the park on Monday. The animal had strayed from home. It is believed the shooting was done by one of the park policemen, and Mr. McIntosh has engaged the services of C. J. Coster to take action for damages.

M. P. A. A. SUSPENSIONS.

Michael Tobin and Edward Campbell, both of Halifax, Nova Scotia, have this day been suspended pending investigation, for having competed in a boat race on Halifax harbor on Saturday afternoon, the 20th inst., for a money prize.

THE CHALET.

The Choice of a New Name Left to a Committee—The Cattle Question.

A meeting was held last evening of the summer residents in the neighborhood of the Chalet. Several matters of general interest were discussed.

The place requires a name. Chalet was all right, when the Chalet building was almost the only house, although the club house is not really a chalet. But now the name creates confusion, between the building itself and the neighborhood. Various names have been proposed including Kennebecasis, Kennebec and Fairview. The question has been left to a committee of six, three men and three women, who will report to another citizens' meeting next week.

The cattle question has grown serious. Neighboring farmers who have been in the habit of pasturing their cattle all over the country side have not been convinced that the cottagers have the right to the use of their own gardens. The consequence is that a suburban resident wakes up some morning and finds his flower beds a wreck or his vegetable crop demolished. So far personal remonstrance has not been effective and the injured parties who have found the cattle owners in other respects good and obliging neighbors have been at their wits' end. A committee has now been appointed to attend to this matter with instructions to take such resolute action as may be necessary.

The subject of telephone connection has also been taken up and negotiations for a service have begun.

Other matters of public interest discussed were the milk supply, the care of the cottages in winter and the need of a shed or station building.

AN OLD FAVORITE.

Our local theatre goes on back ward in showing a marked appreciation for meritorious and conscientious work on the part of any performer, and one so favored is generally remembered for successive seasons, their appearance being the signal for a hearty, vociferous reception. A prominent member of Miss Nannary's company, Frank Jamieson, will be remembered as a member of Mr. Mawson's company organization, and very favorably so. It is under his personal direction that the pieces are mounted and every detail of stage business passes under his observation or is created by him. For the past two years he has been directing the productions at the American theatre in New York and the success of this popular playhouse can in a measure be attributed to his artistic workmanship. Mr. Jamieson will not be seen in an important role until the latter half of the first week, when he will play one of the Johnsons in "Too much Johnson," and during the second week will create a very arduous and difficult role in Miss Nannary's new play.
