Victim of Assassins. Tokyo, Sept. 6.—Moriarty Abe, director of the political bureau of the Japanese Foreign Office, died today, the victim of unknown assassins. The assassins, who are believed to have been students, lay in wait for him in front of his house on Thursday evening, while he was at the railway station to meet H. Ito, minister to China, who had just been recalled from Pekin. Upon his return Director Abe was attacked by two young men. One of them seized him by the shoulders while the other plunged a short sword into his abdomen twice. The assassins escaped in the darkness without their identity being known.

PROPER NEEDLES PLAY BIG PART IN HAND EMBROIDERY. Needles for Embroidery. While some may use the ordinary sewing needle, the large majority of the best needleworkers prefer the long-eyed or "Crewel" needle, and this is the one recommended by nearly all of the societies of Decorative Art in this country. Nos. 9 and 10 are the proper sizes for one thread of Fila Silk, which is to be embroidered into lines, lawn, grass linen, or bolting cloth. For ready stamped linens use No. 8 or No. 9; for heavier linens use No. 8, and for butchers' linen or fabrics mounted over linen No. 7 will be required. No. 7 is the size for heavier work in two threads of Fila Silk, Persian Floss and Etching Silk require a No. 8 needle, and for Roman Fil a No. 4 needle is needed. For Rouge Silk choose a No. 22 Chenille Needle.

NERVOUS DYSPEPSIA, GAS OR INDIGESTION. NEW SYSTEM NOW ON THE INTERCOLONIAL.

"Pape's Diasepsin" settles sour, upset stomachs in five minutes. Brown Method of Discipline will be introduced—Fredericton Truckman Badly Injured.

Moncton, Sept. 6.—The system of fines and suspensions heretofore in vogue on the Intercolonial will be discontinued, and a new system known as the "Brown Method of Discipline" will be introduced. By this system an account will be kept of each employe, wherein meritorious acts will be noted and demerit marks will be similarly given. When the number of demerit marks exceeds the number of merit marks by sixty the employe will be dismissed from the service. Merit marks are given for acts which make for safety, economy and good service, such as discovery of defects in rolling stock which would cause train accidents, discovering defects in rails, switches, frogs, misplaced switches, etc.

Fredericton, Sept. 6.—As Jas. Greer, a truckman, was stepping on his sloven today, his horse became frightened and jumped. He lost his balance and fell forward, his head being caught between the wheels. Just when it takes hold of you food and digests it just the same as if your stomach wasn't there. Relief in five minutes from all stomach misery is waiting for you at any drug store.
