Who Knows

what may result from an injury if
neglected? Many a case of blood-
poisoning can be traced to a simple
cut, which, neglected, becomes in-
fected with dangerous germs.
Be safe rather than sorry, and
avoid all danger of blood poisoning
by the timely use of Zambuk. As
soon as a cut or injury is sustained
Zambuk should be applied. Being
a strong germicide, it immediately
destroys all germs lodged in the
wound, and protects the sore place
from the germ-laden air.
In cases, however, where blood
poisoning has been allowed to de-
velop, there is nothing that will
purify the sores and heal so quickly
as Zambuk. Mrs. O'Barry of
Lucan, Ont., writes:
" My son cut his hand recently,
but not thinking there would be any
serious result, we neglected it. Be-
fore long it became very painful, be-
gan to fester, and finally blood-poison-
ing set in. We then became
alarmed, and having heard that
Zambuk was splendid for blood-
poisoning, we commenced applying
it. We could soon notice an im-
provement, and with perseverance
the poison was all drawn out and
the wound completely healed. If we
had only used Zambuk at the be-
ginning all the pain and incon-
venience could have been avoided."
Zambuk is just as good for
burns, bruises, eczema, ringworm,
ulcers, piles, abscesses, pimples,
and boils. All druggists, 50c. box,
3 for \$1.25, or direct from Zambuk
Co., Toronto.

four years in the Hongkong Univer-
sity. One of the conditions was: "The
winner must be a Confucianist." To
a poor student the temptation to defer
baptism was very great, but he resist-
ed and stood before the altar for bap-
tism at the appointed time. A friend,
a Confucianist, stood next in line for
the scholarship, but was so impressed
that he refused the scholarship, say-
ing, "If Christianity is worth so
much to my classmate, it can be worth
no less to me. I will be a Christian."
He also was baptized.
How many nominal Christians would
stand such a test?
