CAMPBELL

Campbell, April 21.—Easter Sunday was observed in all the churches here by special services, and music appropriate for the occasion. The churches were crowded with people, and the services were of a high order. The Anglican church was presided over by Rev. G. S. Tobin, and the Baptist churches by Rev. J. D. Campbell.

The feature of the day was the baptism of six candidates by Rev. J. D. Campbell in the river at 1:30 o'clock. A very quiet ceremony was the event, and was witnessed by about two hundred people from different parts of the island.

The St. John's Anglican is expected to resume her trips from Boston, Portland, etc. to Knapton, St. John and other ports on Tuesday 22nd. The steamer will be welcomed in the quoddy waters as it has been much missed for the past two years after a service of more than forty years.

Mr. and Mrs. Cleveland Mitchell and baby, were the Easter guests of Capt. Shepherd Mitchell and wife.

Juice of Lemons!
How to Make Skin
White and Beautiful

At the cost of a small jar of ordinary cold cream one can prepare a full quart of lemon juice and complex beautifier, by squeezing the juice of two fresh lemons into a bottle containing three ounces of cold cream. Care should be taken to strain the juice through a fine cloth so no lemon pulp gets in. Then this lotion will keep fresh for months. Every woman knows that lemon juice is used to bleach and whiten the skin. It is a beautifier as freckles, sallowness and tan, and is the ideal skin softener, smoother and beautifier.

Just try it! Get three ounces of orchard white at any pharmacy and two lemons from the grocer and make up a quart of this sweetly fragrant lemon lotion and massage it daily into the face, neck, arms and hands. It should naturally help to whiten, soften, freshen and bring out the roses and beauty of any skin. It is truly marvelous to smoothen rough, red hands.

To Relieve Catarrh, Catarrhal Deafness And Head Noises

Persons suffering from catarrhal deafness, or who are having hard of hearing and have head noises will be glad to know that this distressing affliction can usually be successfully treated at home by an internal medicine that in many instances has effected complete relief after other treatments have failed. Sufferers who could scarcely hear have had their hearing restored to such an extent that the tick of a watch was plainly audible seven or eight feet away from either ear. Therefore, if you know of someone who is troubled with head noises or catarrhal deafness, send out this formula and hand it to them and you may have been the means of saving some poor sufferer perhaps from mental distress. The prescription can be prepared at home and is made as follows:

Secure from your druggist 1 oz. Parmit (Double strength). Take this home and add to it 14 pint of hot water and a little granulated sugar; stir until dissolved. Take one tablespoonful four times a day.

Parmit is used in this way not only to reduce by tonic action the inflammation and swelling in the Eustachian Tubes, and thus to equalize the air pressure on the drum, but to correct any excess of secretions in the middle ear, and the results it gives are nearly always quick and effective.

Every person who has catarrh in any form, or distressing rumbling, hissing sounds in their ears, should give this recipe a trial.

You Can't Brush Or Wash Out Dandruff

The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring, use enough to moisten the scalp and rub it in gently with the finger tips. Do this tonight, and by morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single grain and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop at once, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better. You can get liquid arvon at any drug store. It is inexpensive and never fails to do the work.

Large Audience At The Imperial

Tea for Three Made a Hit Last
Night at Opening Performance—Miss Elsa Ryan a Favorite and Play a Triumph.

The reception of the first performance of Tea for Three at the Imperial last evening was largely in the nature of a personal testimonial to Miss Elsa Ryan, whose previous appearances here in "Peg o' My Heart" and "Out There" have won for her so many friends in St. John. In addition to this, however, the play itself was a real triumph for the numerically small company. The Imperial was crowded to the doors and it is understood that for this evening's entertainment a similarly large audience will be present.

"Tea for Three" is a play dealing with the eternal triangle of two men and a woman, the latter being the wife of one of the former, while the third principal occupies the difficult position of a former lover who succeeds in maintaining honorable relations with, and enjoying the continued friendship of, the others. Throughout the entire action of the play the moral attitude is present, and somewhat contrary to popular belief in such affairs, the author has managed to carry on the story to its humorous climax with all three interested parties in full knowledge of what is going on and all seemingly perfectly satisfied with the course of events. The story increases in interest as it progresses, but toward the end the comedy element intervenes, relieving the intensity of the situation and affording a happy climax.

Miss Ryan enjoys the faculty of selecting parts which seem particularly suited to her inimitable abilities, and last evening's audience followed the action of the play with almost breathless interest, their attention being held very largely through the emotional intensity of her work. Miss Ryan is splendid in her portrayal of a presence and pleasing personality, coupled with eloquent gifts of a high order, combine to make her portrayal of the wife a most artistic piece of work. Her conception of the role is not overdrawn nor even in the most dramatic moments is there anything forced or artificial in her acting. She is naive and natural, young and serious, and always the finished actress to whom the character she presents is real. Norman Hackett, as the lover, really carries the heavy end of the dialogue, having more work to do than either of the other two, while Haydon Stevenson handles the rather unpleasant part of the husband. Both these are excellent actors, playing their parts in a thoroughly satisfactory manner, while Mr. Hackett, in particular, enjoys more than the ordinary share of eloquence. The finished performance is due much of the success of the evening. Miss Ryan and Sydney Chon in minor parts were entirely satisfactory.

The play itself is brilliant, the dialogue smart but not superficial, and in the story—a comedy of the highest order—a distinctly moral lesson is conveyed, so that out of a somewhat difficult situation the group emerge as real friends. The performance will be repeated this afternoon and evening.

Mathematicians Have Figured
Out a Substantial Reason
Why Germans Should Not
Discuss Peace Treaty.

Paris, April 22 (Delayed).—In connection with the question of permitting the German delegates to the Peace Conference to discuss the treaty, it has been figured out that if the treaty were read to the Germans it would require at least one minute for each of the 1,000 articles the document contains, taking up two days of eight hours each. It is computed also that if each article were discussed and an hour allowed for every one of the discussion would occupy four months of continued sessions of eight hours per day. These calculations are advanced as a conclusive argument against permitting the German delegates to discuss the document.

GENERAL CURRIE ON CANADIAN MORALE.

General Sir Arthur Currie interviewed in Paris recently by Montreal Star correspondent regarding the morale of the Canadian troops, said in part:—"The Canadians were chosen for many difficult tasks because of their discipline and a clean bill of health. The number of evacuations for sickness among Canadians being lower than among any other troops. One thing the men realize thoroughly is the manner in which the people in Canada have stood behind them. The ready generosity which resulted in the huge subscriptions made to the Red Cross, Y. M. C. A., the War Comforts Association, and the I.F.C. Association will not easily be forgotten by the men. The Corps Commander said it was hardly possible to speak too highly of these institutions."

IN GREAT BRITAIN during 1918 the highest order of honors was conferred on 1,851,212 men, 1,895 lectures, attended by 426,518 men; 6,161 free cinemas, attended by 306,415 men; 1,289 Bible classes, attended by 41,910 men; 3,181 Good-night services, attended by 162,254 men; 746 Athletic games, attended by 10,157 men.

Concerts and entertainments in camps, etc., in Great Britain alone during January and February of this year cost \$36,000.

In France from July 1st to December 31st, the "Y" operated in 1,200 different places; 259 tents alone cost \$60,750, one cinema at Le Havre Embarcation camp cost \$15,000, and seats 1,500 men. It runs mornings, afternoon and evening free performances.

AN APPOINTMENT.

Capt. C. M. Pratt, M. D., of the hospital service staff, will take over the duties of chief medical advisor for the N. B. Penitentiary, St. John, on his return from Ottawa. Dr. Pratt, who has been acting in that capacity, will take up similar duties with the Soldiers' Re-Establishment Commission.

THE COUNTY COUNCIL.

After the next meeting of the county council it is probable that a meeting of the sub-committee of the Board of Health will be held to deal with the appointment of inspectors for the Parishes of Musquash, Lancaster, Simonds and St. Martins. These officials will be salaried men, performing the same duties as the local sanitary inspectors.

It is understood that the Ladies' Canadian Club will endeavor to arrange for an address from Lady Baden-Powell while she is in the city, while Sir Robert will address the Men's Canadian Club during his visit here.
