

## Great For Bad Coughs And Colds

Make Your Own Medicine and Have the Best! There Is.

Here is an inexpensive home remedy that you can't beat and one that will quickly bring up that phlegm that has been hanging around your nose, nostrils, make breathing easier and cause stubborn colds and persistent coughs to vacate—many times over night.

Try it right away if you suffer from Catarrh, Chest Colds or any irritating nose or throat troubles and you'll be surprised to see how quickly it works. You can run across this little old advice:

"Get from any druggist, one ounce of Parment's double strength, add to it a little sugar and enough water to make one half pint. You can make it two minutes and when it is mixed you can pour it directly on the membranes of the nose and throat and acts so effectively that all phlegm, tickling and inflammation speedily disappears."

### EXPROPRIATION MATTER.

Argument was made yesterday morning before His Honor Judge Crockett in the expropriation process against the Canadian Pacific Railway Co. and Indians who will be delivered later. Hon. J. B. M. Davis, M. P., represented the city, and M. F. Tread, E. C. and W. H. Harris, represented Senator Thorne.

## VOTE MODERN GIRL IS SUPERIOR TO GIRL OF THE MID-VICTORIAN AGE

Philadelphia, March 3.—The modern girl is superior in ability, charm and grace to any girl of the mid-Victorian age. At least she is so acclaimed to-day after a debate on the question under the auspices of the Modern Girls.

Mrs. Abby Sutherland-Brown, of this city, defended the modern girl and Mrs. Starr, Jr., president of the Society of Colonial Dames, advocated a return to the days when "young ladies were like flappers and preferred hoop to ribbons."

"I may be old fashioned," said Mrs. Starr, "but I like my art well." She defend the old-fashioned girl not because she is really bad, we have seen girls with whom the modern girl is not superior, but because she is really bad, the mid-Victorian girl, she added, had an inferior charm, was more modest, accomplished more against greater odds, was instructed in domestic arts, and her virtue formed a bulwark against decaying civilization."

The judges decided in favor of the modern girl.

## GERMANY CUTS ITS DOMESTIC OBLIGATIONS

### Pay-Off One-Third of Debt War Bonds Accepted in Payment.

Berlin, March 3.—Germany, despite the difficulties of reparations, has managed to pay one-third of her domestic war debt since the war.

She will have repaid \$2,000,000,000 marks by way of loans at the end of December, leaving \$6,000,000,000 marks in circulation, an achievement which surpasses the debt redemption of any of the victor nations, including the United States. It was due largely to regulations whereby war bonds are accepted for taxes and in payment for exports, says Berlin. Moreover, foreign and domestic industrial concerns, who were loaded up with bonds acquired by semi-compulsory subscription during the war, hastened to take advantage thereof, with the result that 15,000,000,000 marks were surrendered for taxation alone without providing for new revenue.

The Treasury has redeemed \$200,000,000 marks of maturing war loans and has purchased almost 7,000,000,000 marks to support the market. The floating debt, however, has increased simultaneously to \$200,000,000.

General General Wm. Mitchell of the American air service has arrived in Berlin to study German progress in aviation. General Mitchell, having visited a tour of the Allied countries to see what novelties of developments in aircraft they have to offer, now seeks information for American aviation in Germany.

The time is propitious because the building prohibition imposed by the Council of Ambassadors does not expire until May. Such German construction as has been going on has been handled abroad under a neutral flag. The big German aviation corps, which is a very prominent physician. The last few years have given most of his time to the X-ray plane at the Chiriquia Memorial Hospital of this town, as well as administrative officer in that institution. He and his wife have three sons. The funeral will be held on Saturday afternoon from his residence.

## ENTERING MARITIME PROVINCES

The Monach Life Assurance Company, Head Office Winnipeg, purposes, at an early date, entering the Maritime Provinces. The Company is on a good Dividend paying basis and has many years past shown satisfactory management. Total Assets—\$1,000,000. Premiums and Income—\$200,000. The Monach has continuously experienced an exceedingly low mortality, being less than twenty-eight per cent. (28%) of tabular expectation. The earning rate has always been particularly high. Last year having reached the high point of 7.7%. The Company was incorporated by the Act of the Dominion Parliament over fifteen years ago, and is under the supervision of the Department of Insurance, Ottawa. The Company's Assets are conservatively estimated, more than 75% being in favor of liquid securities—50% Cash.

In 1921, the average new policy was \$8,500. Policy Reserves and Assets increased by over half a million dollars.

The Net Surplus, over and above liabilities, more than doubled the increase of the previous year. Elsewhere in this issue the Company announces the desire to enter into communication with competent Life insurance companies who have the capacity to organize the products business.

## DIGBY

Digby, March 3.—The Social Service executive met in the Town Hall on Tuesday afternoon and decided to put on a drive for \$100—Digby's proportion of the amount to be raised in the province.

BARELY LIVED THROUGH IT.

A terrible experience had Edw. J. Conroy of Digby, Mr. Conroy, a constant sufferer from asthma and catarrh, died at his home on Friday morning, following an attack of coughing came on, it seemed as if I would barely live through it. I would sleep for breath. Conroy would wake up, and I had difficulty breathing again, he was assisted by a physician, his name was Dr. F. G. Smith, who is a very prominent physician. The last few years have given most of his time to the X-ray plane at the Chiriquia Memorial Hospital of this town, as well as administrative officer in that institution. He and his wife have three sons. The funeral will take place Saturday afternoon from his residence.
