The line-up of the Y.M.C.A. team which is to compete in the Dunlop Maritime Five Mile Road Championship has been completed with the exception of one man, those chosen are Norval Lampert, Maritime Five Mile champion, Fred Giggie, Edwin Yeomans, Ronald Thomas, and Herb Wetmore.

The race will be held at Moncton on Saturday the 12th and is open to any relay team of six men in the Maritime Provinces. According to the rule which governs the race, the first team which gets four of its members over the line first, will win the cup. Each man will be obliged to run the full five miles. The Dunlop Co. have placed four shields into competition and have divided the Dunlop into four districts, the race for the four trophies will be run off in the different sections on Saturday the 12th.

The local Y.M.C.A. boys feel that their chances of winning the shield are of the very best.

## Hermann Sees Ruth Suspended For 1922

Former Chairman of Commission is Positive "Home Run King" Will Get Rest.

That Babe Ruth will be suspended for all next season for his violation of organized baseball rules concerning a world's series player engaging in a barnstorming tour, was the opinion expressed by August Hermann, president of the National Baseball Commission.

"I am positive that Commissioner Landis will not condone Ruth's action to any great extent," said Hermann. "I am sure the player will be suspended and possibly for all of next season. It is certain in my mind that he will not start the season with the Yankees, at any rate."

Makes Big Pay. "Many fans are inclined to support a ball player in any action he may take as against the officials and managers," Hermann went on to say. "I think it is no more than fair to call attention to the fact that if it were not for organized ball as conducted today no player could begin to earn the large salaries now paid to the stars."

Ruth Broke Word. "Ruth has given as an excuse for his action that he had fulfilled his contract with the Yankees and was under no further obligations to his team until next season."

It is true that his contract expired October 2. If he cared to go on a barnstorming tour at that time instead of taking part in the world series he would have been quite within his agreement, that he would not play in an exhibition game after the world's series and he has not only defied Commissioner Landis, his own club owners and manager, but has also violated his own signed agreement.

## Power Boat Racing Rules Are Changed

Modern Hydroplane Types Will be Eliminated by American Power Boat Assn.

Elimination of the modern hydroplane type of speed boats from the Gold Cup races in 1922, in order to stimulate competition in the event, have been agreed upon by the American Power Boat Association. A rule limiting the piston displacements of boats entered for the event at 635 cubic inches, was adopted, to remain in force one year.

Gar Wood, Detroit, who drove his Miss America II, to victory in the Gold Cup this year, suggested the rule revision. Mr. Wood's boat averaged about 80 miles an hour in some of the heats.

Mr. Wood said he thought the new rule would cause many owners of boats of the displacement runabout type to enter next year's races. These craft have an average speed of about forty miles an hour.

The association also changed its ruling in the matter of professionalism. Heretofore, power boatmen who raced for small cash prizes were barred from events under the association's management. The clause placing this restriction on entrants was stricken from the rules.

## TOOK TIP FROM FITZ; BARRED IN NEW YORK

Young Bob Fitzsimmons, son of the "old master," cannot box in New York. He refuses to have a manager and the New York rules require it. Young Bob says his father warned him against managers, and that he promised to handle his own affairs when he took up the professional sport.

## The Basketball Players Ready

City League Meets Wednesday to Arrange Schedule—Intermediates Divided.

The final preliminary meeting of the City Basketball League will be held at the Y.M.C.A. next Wednesday night when all the players must be registered and dues paid up. A schedule will then be arranged for the season. It is anticipated that the league will be in swing again by the 15th.

It is doubtful if there will be any girls section of the league this year. The Y.M.C.A. Young Ladies League are not entering a team, and the Y. M. C. I. Girls will not feature in the league this season either.

In the Intermediate section, however, because of the number of teams entered, it has been found advisable to divide this section in two, so there will be two Intermediate games a week, the champions of each section playing off for the Intermediate championship at the close of the season.

## Miss Hollins Is A Real Champion

Chick Evans Says She Drives as Far as a Man—Miss Leitch Marvelous Player.

By CHICK EVANS.

Returning from the British amateur tourney on board the Aquitania last summer, I had an interesting talk with Miss Marion Hollins, who a few weeks ago was the winner of the women's national championship at Hollywood, N. J.

At the time of our conversation Miss Cecil Leitch had just beaten Miss Hollins by the narrowest of margins in the British ladies' championship, but Miss Hollins was in no way cast down by this event, and of all the American entrants she made by far the best showing. In any event, to be beaten by Miss Leitch is no disaster, for the British women champion is a marvelous player. And I may say here that, despite her defeat in America, I believe she is the greatest living woman golfer.

Miss Hollins is a splendid champion and makes warm friendships wherever she plays. In the west and middle west she is regarded as one of the few eastern women who mixes well enough to be very popular. Modesty is also one of the attributes of Miss Hollins, and so it was with difficulty that I learned from her that she planned to win the women's national this year—a feat which she has since accomplished.

There was something more than personal glory that prompted her to make this remark, for she added with patriotic feeling that "Every American woman golfer should do her utmost to keep the championship cup on this side of the water." At that time golf opinion picked Miss Cecil Leitch.

The greatest golfers are beaten at times by plucky players, and that is the reason why results in golf championships are so interesting. I think Mrs. Letts does not have enough encouragement for her game locally, and she deserves the congratulations of the American public on her great victory. When her short game is work-

## Many Entries For Garrison Sports

Y.M.C.A. Have Entered Ten and Y.M.C.I. Two for Events Next Monday Night.

The Y. M. C. A. have entered ten men, and the Y. M. C. I. two, in the Garrison Sports to be held on next Monday, Thanksgiving night, at the armories. The Y. M. C. A. will have two relay teams entered for the distance relay race, and in addition they will have Fred Giggie and Ed Woods in the mile, Harry Evans in the shot put, Forest Allen and Arnold Kee in the high jump, Ed Yeoman in the half mile, G. C. Cunningham in the running broad jump, and Maynard McLean in the 135 lbs wrestling event. McLean holds the provincial wrestling championship for this weight.

The Y. M. C. I. will have Allen Melnis entered in the shot put, and Frank Garnet in the sprints, both men have given a good account of themselves in their respective departments in the past, and should prove hard men to beat.

as the very probable winner.

Drives As Far As Evans.

Speaking of Miss Leitch, Marion said: "I drive as far as she does, play as long an iron, do nearly as well on the approach and usually put as well as Miss Leitch." This description of Miss Hollins' playing by herself describes the quality of her golf as well as can be done. Miss Hollins enjoys one advantage in that she is very strong physically, with powerful hands and forearms.

She drives as long a ball as I do usually, although I think I can get more shots straight down the course than she. She has great power in her strokes and gets out of trouble easily. Miss Hollins will be an exceedingly popular champion for she has the most delightful smile for every one whether she is up or down. Indeed, one of the best parts of Miss Hollins' game is her disposition.

All golfers will rejoice that fortune favored Miss Hollins this year, for she is another of those players who have been striving for some years to come through. In personality, skill, appearance and every other standard she is a splendid champion and a great credit to the game.

Mrs. Letts Deserves Much Credit.

And while on the subject of the women's national I want to mention how proud the west, and particularly Chicago, is of Mrs. Letts, who so valiantly withstood the superb play of Miss Leitch. While, of course, it was a great disappointment to Miss Leitch to lose the American championship, nevertheless it was a wonderful thing for the game.

The greatest golfers are beaten at times by plucky players, and that is the reason why results in golf championships are so interesting. I think Mrs. Letts does not have enough encouragement for her game locally, and she deserves the congratulations of the American public on her great victory. When her short game is work-

## Ruth In Vaudeville 20 Weeks For \$60,000

Signs Contract With the Keith Circuit—Will Appear in Boston on Monday 7th.

"Babe" Ruth, whose first name is George—if he ever uses it—signed contracts yesterday calling for his appearance for twenty weeks in the B. P. Keith theatres as a vaudeville headliner at a salary of \$2,000 a week, or \$60,000 for the engagement, said to be the highest paid in the business. His week there will come to the Palace Theatre, New York, on Monday, November 14.

Ruth will be teamed on the stage with Wellington Cross, a song, dance and chatter headliner, and the two will work in comedy repartee, now being written by Thomas J. Gray. Baseball will figure largely in the patter, and Babe Ruth will sing a baseball song or two. Ruth will hide away for a few days polishing up in his troupe before opening in Boston. Standing on the Palace stage, trying his voice, he remarked that "the back fence seems an awful long way off."

As Cross was playing in the Davis Theatre, Pittsburgh, last week, Ruth, Author Gray and Harry Weber, Ruth's theatrical manager, boarded a train and went to Snooky City to meet Cross to begin work on the act, remaining in Pittsburgh for the rest of the week.

Ruth has turned over his home run bats and balls to the Keith management to be exhibited in their theatres for advertising purposes during his engagement. He was represented in the final negotiations by Weber, while the Keith interests were handled by E. F. Albee, head of the circuit, and J. J. Murdoch.

Other baseball stars, though of a different variety, have been added to the Keith string. Nick Altrock and Al Schacht, noted as comedians of the theatre, Brooklyn, this week, will dialogue on the national sport, also written by Thomas J. Gray. Following a few weeks on the small time for breaking in, they will be seen in the Keith houses in Manhattan.

## KING'S COLLEGE LOST TO DALHOUSIE

Halifax, N. S., Oct. 31.—Dalhousie University rugby squad defeated King's College, Windsor, 11-0 here today. It was the local collegians' first play this year in the Maritime inter-collegiate Rugby League, eastern section.

ing she is perhaps the best player near and on the green among the women. For Alexa Stirling I have a deep, sympathetic feeling. She has made a great record, for she is very graceful and hits the ball with more rhythm than force. I know just how she felt after she realized she was no longer champion. I hope she felt—as I do—that she lost to a fine player and a fine character and that in the coming years she will be there again, trying harder than ever.
