APPALLING DISASTER; MORE THAN A HUNDRED LIVES LOST IN TRAIN WRECK.

Continental Limited and an Immigrant Train Crash Together on Wabash Road-Cars Take Fire and Imprisoned Victims Are Consumed.

Detroit, Mich., Nov. 27.—From 100 to 150 persons were killed or injured tonight in the wreck. Two heavily loated passenger trains on the Wabash Rallroad collided head-on at full speed one mile east of Seneca, the second station west of Adrian. The west-bound train of two cars loaded with immi-grants and five other coaches, were smashed and burned, with the result of awful loss of life and fearful injuries to a majority of its passengers. The teats on the vicinity of the wreck is strewn with dead and dying. Many physicians from Detroit have gone to the scone for the immigrant train, thereby causing the wreck.

physicials from Derivit have gote to the scare. The Continental Limited, it is believed, disobeyed orders in not waiting at Seneca for the immigrant train, thereby causing the wreck. The track at the point where the collision occurred was straight and at first the of-ficials could not understand how the acci-dent could have happened.

Burning Cars Light the Country. Advices from the wreck at midnight state that the country for miles around is lighted up by the burning cars and bhat the flames could not be quenched because of lack of proper apparatus. Mangied bodies were pick-ed up along the track by the farmers be-fore the special train sent from Adrian ar-rived on the scene. In some instances the bodies were mangied beyond all recognition. The bodies which the rescuers managed to pull out of the burning ruins of the innmi-igrant cars were so badly burned that their identity will probably never be ascertained.
