Brown Co., Ltd., was married to Albert Smith, of N. E. Smith, Halifax, by Rev. Dr. G. O. Gates in the presence of the immediate family. The couple were unopposed.

M. O. McKenzie arrived Tuesday afternoon at New Brunswick with the body of his son, Merritt R., who died in Winnipeg on the 12th inst. The South Shore line steamer Seneca arrived in port Thursday morning and was docked in Rodney slip for repairs. While at Yarmouth Wednesday the steamer lost two blades of her propeller by coming in contact with ice. The steamer has had considerable difficulty with ice along the South Shore. The steamer will sail for Yarmouth tonight.

Within the space of less than a week death has for the second time claimed a member of a North End family. Last Sunday evening Sarah, the wife of the late David G. Andrews, of No. 456 Main street, passed away, and Wednesday the only remaining daughter, Ellen Reid, aged a little more than ten years, also died. The former was buried Tuesday afternoon and the funeral of the latter will take place tomorrow. The children had been ill for only a few weeks, but their sickness rapidly became very serious. The younger girl became the victim of a complication of dangerous diseases. Mr. and Mrs. Andrews have two sons.

SHILOH MUST GIVE UP CHILD

Court Grants Petition of Charles F. Dunlap for Custody of His Grandchild, Whose Father is Follower of Sanford.

Auburn, Me., Jan. 17—Judge William H. Newell, of the probate court, of Androscoggin county, has handed down his decree in the case of Charles F. Dunlap, petitioner for the guardianship of his 11-year-old grandson, Erlon Dunlap, now at Shiloh. The decree is in favor of the grandfather, Charles F. Dunlap. His son, G. Archer Dunlap, is a follower of Sanford and in the State. The grandfather brought the case to take his grandson, Erlon, from the influence of Shiloh and give him into his own guardianship for better care and education. The court finds that the moral conduct of Shiloh is good; that sufficient food is provided for the people and clothing by themselves, but there are two questions involved. First, whether it is proper to rear a child in a community where medicine and medical attendance are not resorted to in sickness, but where the only remedy sought is in prayer; second, whether it is proper to rear a child in that belief which teaches as a fundamental religious principle that Mr. Sanford is Elijah. The welfare of a child too young to act intelligently for himself is in the keeping of the court, and it would be best subserved by his removal from Shiloh.

The Bad Cold of To-day May Be Pneumonia To-morrow.

The Sore Throat or Tickling Cough that, to the careless, seems but a temporary and trivial annoyance, may develop into Bronchitis.

Every hour delayed in curing a cold is dangerous.

Dr. Wood's Norway Pine Syrup

contains all the lung-healing virtues of the pine tree, and is sure cure for Coughs, Colds, and all throat and lung troubles. Miss Bertie E. Craig, Albert, Ont., says: "Last fall, for over two months, I had a very bad cold, and although I tried several remedies, it seemed as if I was getting worse instead of better. While looking over the Burdock Blood Bitters Almanac, I read about Dr. Wood's Norway Pine Syrup, and decided to give it a trial. When I had used about half a bottle, I found it was doing me good, so kept on until I had taken two bottles. It is the best cure for a cold I ever heard of."

Price 25 cents per Bottle.

KILLED IN BOSTON

Woodman Whelpley, Formerly of This City. Caught in Moving Belting

News Sent to Robert Holder, Who Went to Cheyne's Settlement on Snowshoes to Break News to Deceased's Father.

A despatch was received in this city Monday by Robert Holder, barber, announcing the accidental death of Woodman Whelpley, late of Cheyne's Settlement, Kings county, at Boston. The despatch was from deceased's brother, Fred, and requested Mr. Holder to go to Cheyne's Settlement and break the news to the family.

Tuesday morning Mr. Holder, taking a pair of snowshoes with him, took the train to Nerepis, from which place he trudged in on his sorrowful errand.

Woodman Whelpley was employed at Irving & Casson's wood molding works in East Cambridge. He was caught in the belting of his engine room when doing some drilling. A few minutes later the employees of the establishment heard a clumping noise on the floor, and found the body of Whelpley tangled in the revolving belting. When extricated he was dead.

He was about 39 years old, was married, and had one child. Besides these, three brothers survive—Edward and James, of Fredericton, and John, of St. John. Deceased was well known in St. John. He had been clerk in H. W. Wood's store at Welford for some time and had also done some work around the train there. The union agitation, which is evidently soon to result in successful realization of the promoters' hopes, applies only to the New Brunswick churches as far as the Free Baptists are concerned, but effects the Baptist churches of all three maritime provinces. Of the Baptists, Rev. Dr. G. O. Gates, chairman of their union committee, has received notification from more than 200 of the churches which have voted in favor of the proposed union.

THAT OLD WILL

St. Martins Case in the Equity Court Again Tuesday.

The case of Patterson vs. Patterson was taken up again Tuesday afternoon in the equity court. He first proved a statutory title to the will and then stated that the will was a documentary title would have been complete had the will, which was found in the old chest, and which plays an important part in the case, been produced and registered. He asked that the bill be dismissed with costs, that is that the estate be exempted from paying the costs of the suit.

GOOD LUMBER SEASON

The Bay Shore Lumber Company have about 125 men at work in six camps on the New Brunswick coast. The Bayside lands, Robert Connolly, the manager, who is at the Dufferin Tuesday, said that until Christmas it was the best season for getting logs he had known. The company intends to cut about 2,500,000 feet this winter.

To show that there is large spruce in the province, he pointed to the Spruce Woods and John Lennox, of Great Salmon River, cut four trees growing in a space of about forty square feet, and which scaled 3,500 feet. Robert L. Connolly, of Mechanic Settlement, was the surveyor.

DANGEROUS COLDS.

Influenza, Bronchitis, Pneumonia or Consumption Often Follow a Neglected Cold—Avert the Danger by Keeping the Blood Pure and Warm.

Heavy colds strain the lungs, weaken the chest, banish the appetite, cause nervous prostration, and, if neglected, lead to the most dangerous diseases. The lungs are soft, the heart cannot send out blood enough to make the system healthy. Then comes the cough, racking the frame and tearing the tender lungs. The cold may turn into pneumonia, influenza, consumption or bronchitis—a lung ailment which is a death sentence. All we people should use Dr. Williams' Pink Pills. The rich, red blood they make strengthens the heart and it sends the blood to the lungs, and the lungs, in turn, send the blood to the rest of the body. A strong, warm-blooded man or woman, says Dr. Williams' Pink Pills, is a healthy man or woman.

Dr. Williams' Pink Pills are a certain cure for all blood and nerve troubles such as anemic debility, lung complaints, rheumatism, neuralgia, St. Vitus dance, partial paralysis, and the troubles that make the lives of so many women miserable. Be sure you get the genuine pills with the full name "Dr. Williams' Pink Pills for Pale People" on the wrapper around each box. Sold by all medicine dealers or sent by mail for 25 cents a box or six boxes for \$2.50 by writing the Dr. Williams' Medicine Co., Brockville, Ont.
