

Watch for the Sign of Paint Parity

ECONOMY applied with a Paint Brush

THE great national duty to-day is to "conserve." It's a duty you owe yourself as well as your country. A duty just as applicable to a house, or building, as it is to the things you eat, and wear. Buildings, in fact, show so tremendous an increase in cost, that the importance of keeping them protected is apparent to all who know how steel, wood, brick and cement have jumped in price. And the cheapest protection you can give a building is the kind you apply with a brush—PAINT. For true protection, scorn the ineffectual, cheap paints. Use only

B-H "ENGLISH" PAINT 70% Pure White Lead
(Brandram's Genuine B.H.)
30% Pure White Zinc
100% Pure Paint

The kind we guarantee to possess as its important base, the above correct formula. This formula, printed on every can, and guaranteed over our President's signature, commits us to this standard. High in cost as white lead has become, we must use it in the same proportion as heretofore. To use less of it, would necessitate the removal of the guarantee from our cans—and to do that would injure the reputation that these paints have acquired by reason of their superior ingredients. It is by using pure white lead and pure white zinc in such liberal quantities that we have been able to produce a paint that truly excels in covering capacity—and that stands the severe "climatic test" of Canada in a way that spells true economy for all who use it.

Other B-H Products of Sterling Worth

We carry and recommend the following B-H products:

When a Lady buys Perfume—

—She chooses it with as much discrimination as she does her gowns and hats. It must be distinctive in character—it must breathe refinement—and it must be of strictly high quality. Corson's Toilet Requisites fill all these requirements, whether in Perfumes, Toilet Waters, Face Creams, or Talcs.

They are composed of the most expensive materials, carefully compounded by skilled chemists.

Corson's
Perfumes & Toilet Requisites

Corson's "ORCHID" and Corson's "POMANDER" line of Perfumes, Toilet Waters, Talcum Powder, etc. are particularly favorites. Ask your druggist for 30c. sample of the Orchid soap.

employed for the purpose of a Dominion election. The electoral constituency will be the territorial unit. In charge of each constituency will be a registrar, whose duty it will be to provide a sufficient number of places of registration and to appoint for each place a deputy, and one or more assistant deputy registrars.

All Over 16 to Register

"Upon a day that will be fixed by proclamation, every person of sixteen years of age or over will be requested to attend at one of the places of registration and there answer truthfully a number of simple questions set forth upon a card such as his name and address, his age, his country of birth, whether he is married or single, how many children he has under sixteen years, his occupation, the kind of work for which he is best fitted by training or experience, etc. Upon completing and signing the card he would be provided with a certificate of registration, which certificate he must always carry upon his person and produce upon demand by any peace officer, police officer, or constable.

"Provision is made for the subsequent registration, at post office, of those who, for any good and sufficient reason, such as sickness, absence from the country, etc., cannot register upon the day appointed. The same facilities will be open to those who, after registration day, attain the age of sixteen, or are discharged from active service. From this it will be seen that it is the intention of the Government not only to take a complete inventory of Canada's man and woman power, but when taken, to keep it up to date.

Penalties Are Severe

"Any person failing to register will expose himself to serious penalties and disabilities. He may be fined or imprisoned or, at the discretion of the court, he may be both fined and sentenced to imprisonment. He will forfeit any right he might otherwise have had to vote at a Dominion election. He will be disqualified to receive any wages or salary, to obtain board or lodging at any hotel, restaurant, or boarding house, or to purchase a ticket for or travel upon any railroad or steamboat. Any employer, knowing him to be unregistered who pays him any salary or wages, will thereby expose himself to the same penalties which the defaulter has incurred through failure to register. Any person knowing him to be unregistered who gives him board or lodging or who sells him transportation, or any conductor, captain, or purser, or other officer, who, knowing him to be unregistered, permits him to proceed on journey, will thereby render himself liable to heavy penalties.

To Mobilize Resources

"The regulations as drawn up seem to indicate clearly that the Government intends to take this registration accurately and completely. In this connection it will be recalled that the order-in-council, passed last February, providing for the appointment of the Canada Registration Board, recited the fact that the Government desired to give further effect to its policy of providing for the mobilization of the resources of the nation, so as to enable Canada to make her maximum contribution towards the successful prosecution of the war, in men, foodstuffs, munitions, and ships. As a means to that end, a complete inventory of the men and women-power of the country was seen to be necessary and provision was accordingly made to secure it by a system of compulsory registration, applicable to all persons resident in Canada, over sixteen years of age.

"Upon the basis of informa-

HOW TO AVOID BACKACHE AND NERVOUSNESS

Told by Mrs. Lynch From Own Experience.

Providence, R. I.—"I was all run down in health, was nervous, had headaches, my back ached all the time. I was tired and had no ambition for anything. I had taken a number of medicines which did me no good. One day I read about Lydia E. Pinkham's Vegetable Compound and what it had done for women, so I tried it. My nervousness and backache and headaches disappeared. I gained in weight and feel fine, so I can honestly recommend Lydia E. Pinkham's Vegetable Compound to any woman who is suffering as I was."—Mrs. ADRIAN E. LYNCH, 100 Plain St., Providence, R. I.

Backache and nervousness are symptoms or nature's warnings, which indicate a functional disturbance or an unhealthy condition which often develops into a more serious ailment. Women in this condition should not continue to drag along without help, but try this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound—and for special advice write to Lydia E. Pinkham Med. Co., Lynn, Mass.

tion which this registration will supply, it is expected that the mobilization of Canada's resources in male and female labor can be proceeded with promptly and intelligently. Naturally the registration records will be an aid in the enforcement of the Military Service Act, but on the other hand it should not be forgotten that the mobilization of labor to essential branches of production in Canada, in view of the critical situation now confronting the Allies, is almost equally as important as the mobilization of our manpower for service overseas.

Millard's Liniment Relieves Neuralgia.

Ontario is under prohibition, but the fact that the Grand Trunk carried 725 carload of liquor from Montreal between September 16th, 1917, and April 1st, 1918, shows that it is still pretty "wet." It figures out at nearly a bottle a piece for the whole population, says the Chronicle.

To Press Men's Clothes—After cleaning, spread the garment right side up on an ironing board, lay over a cotton cloth wrung out of warm water, containing about the tablespoon ammonia to three pints water and iron until both the cloth and garment are dry.

This prevents the garment having that shiny appearance which is objectionable.

Daylight Saving is now in effect in the following countries, England, France, Italy, Portugal, Holland, Denmark, Norway, Sweden, Australia, Belgium and the United States.

NO ALCOHOL IN GIN PILLS

Many have wondered how the famous old household remedy, Gin Pills, derived its name, since obviously there could be no spirits contained in pill form. The origin of Gin Pills can be traced to Gin, which has for a great many years been recognized for its medicinal qualities, particularly its beneficial effects on kidney complaints.

But in the first place there are many who have conscientious objections to taking alcohol, even as a medicine. Secondly, the curative agent of Gin operates in spite of the alcohol, not because the alcohol is a help to the cure. Investigations were made to determine just what it was in Gin that tended to relieve Rheumatism, Lumbago, Sciatica, Backache, Swollen Joints, Constant Headaches and all disorders arising from the kidneys, bladder and urinary system. This active agent, separated from the alcohol, was then combined with other diuretics and given the name of Gin Pills, for which a demand has grown greater than for any other medicine in Canada. Gin Pills have a wonderful record of success and anyone applying to the manufacturers can obtain copies of many of the testimonials received.

Gin Pills are sold by all dealers everywhere on a strict guarantee of satisfaction or your money back. They are 50c. a box or 6 boxes for \$2.50. A free sample can be obtained by writing to the National Drug & Chemical Co. of Canada, Limited, Toronto, or to the U. S. address, Ne-Dru-Co. Inc., 202 Main St., Buffalo, N. Y.
