Dear Sir,

Some time ago the Department promised to buy wooded land for the Indians. I informed the Department that Mr. Spruce offered 60 acres at \$21.00 an acre. This lot is convenient and would be most suitable. I tried to obtain it at a lower figure but did not succeed. He says the title we can give is incontestable.

Kindly let me know, if this matter is receiving the attention of the Department & oblige.

Yours respectfully
J. D. McLeod, Agent,
