	20-3-45		It was with great pleasure that personnel of this station heard the news that Wing Commander F.C. Carling-Kelly is now listed as a prisoner of war in Germany. As a Group Captain he was our popular Commanding Officer for a year and was posted overseas in May 1944, dropping one rank to go on operations. 0800 hours, ceiling 100' and visibility 1 mile. No flying all day due to low ceiling and fog.  The Hobby and Handicraft Group is still making great efforts to get the Automotive Engineering Shop into full operation. Building A 85 has been taken over for this purpose and several small repair jobs have been undertaken, and one complete engine overhaul has been attempted. F/O LaClair is doing a fine job of work with this organization and as soon as additional equipment, which is on demand, arrives great things will be expected of this group.	Appendix 'A'
