Dear Mr. Mayhem

I have received your letter
and was glad to hear from you, my intention
was to go to London and buy some out-
fitting I suppose I shall not do so.
I would like to have a personal letter
with you and your letter in the Double
Sit-union, and wonder if you could write
it or write to call at my house in case of your
unpleasant trips. - I have not yet seen in such
a friendly of my getting to know to see
you - I am now able to do nothing but
think for the last few days and I think
I have an elderly good for the money in this
business is making - If you could write
the amount and drop me a line a few
days ahead I think perhaps we could get some
where -
