

## AN IRISH MOTHER'S LONGING TO HEAR HER SON'S FIRST MASS.

The morn has come, alanna, That I've looked for through the vears. And my heart is full of blessings, But my eyes are full of tears. The morn is come, alanna, And I am far away. The mother will not see her boy Upon his first Mass day.

Sweet day of all my longing, Oh, why should I complain, I'd bear 'o have my boy a priest A thousand years of pain. But, O, to see you with the cup In vestments gold and white, Dear Lord, this would be heaven To a poor mother's sight.

To watch you at the altar And to hear you read the book And when you turn around to pray Observe your holy look. And, oh, my child, to pray with you At that most solemn hour, When our dear Christ is present Unto your words of power.

Some say I would not knew you now, You are so changed, asthore; Oh, I would know you, darling, If angel's wings you wore. Little they feel a mother's love, Who doubt when face to face That twenty years of waiting Can live in one embrace.

Now do not feel alone to-day, Ma bouchal stor machree, For Christ is more than mother And son to you and me Sure, if I thought you'd shed a tear 'Tis o'er the seas I'd roam With a little shamrock and a sod To make you feel at home.

'Tis sure, asthore, I'm with you, And though worlds should us part, My eyes would look into your eyes. My heart beat to your heart, I'm with you near the holy rail, Your kiss is on my cheek; I feel the blessing of your hand,

I hear you laugh and speak. Oh, darling, were I nearer, I'm sure my heart would break,

Such blessedness steals o'er me And rapture for your sake; Enough, enough to breathe my name

When Christ is in your hand, Oh, don't forget your father's grave And poor old Ireland.

The morn has come, alanna,
