## OUR FARMER'S CLUB

Correspondence Invited

NOVA SCOTIA

CUMBERLAND CO., N.S.

WALLACE BAY, Feb. 18.—Women's Institute meetings and the annual meetings of the various Farmers' Cooperative Societies are the principal items of agricultural interest at present. Institute meetings are well attended, interesting programmes are presented and the membership increases at almost every meeting. The Farmers' Cooperative Store at Wallace Bay after four years' existence, reports that despite the stiffest of competition, more business was transacted during 1913 than any previous year. This organization has done much to reduce the cost of living to the farmer. The Farmers' Mutual Fire Insurance Co. have met with their first loss in three years' operations. Considering the large number of policyholders, this is very good. A cooperative creamery is now badly needed. The sector in operation the better.—H. E. B.

QUEBEC.

RICHMOND CO., QUE.

DANVILLE, Feb. 23.—Since my last writing we have had a long spell of cold weather, plenty of snow and roads in good condition. The ice-houses are filling rapidly and the cold weather lasts with little interruption. The price of stock is wintering well, with plenty of feed. Eggs, 40c; butter, 30c; milk is retailing at 6c and a qt. of cream, 35c a qt.; beef and pork remain high in price.—M. D. B.

HASTINGS CO., ONT.

CHAPMAN, Feb. 23.—The weather continues very cold, the thermometer sometimes registering 24 deg. below zero. The local supply of feed seems to be sufficient but there is very little surplus for export. The roads so far have remained in very good condition, there being few drifts or patchy holes. Hogs have risen in price to 85 a cwt.—H. E. T.

WELLINGTON CO., ONT.

FERGUS, Feb. 25.—The last two weeks we have been having very severe weather, it being below zero nearly every night, but today is a lot milder. There have been a lot of males taking place, stock of all kinds selling high. Fergus has been established month by month by horse fairs; farmers expect it to help the horse market. The annual sale is to be held next month in connection with the monthly horse fair on March 11th. The Hydro-Electric railway has been surveyed from Fergus up through the northern part of this county toward Arthur, and no doubt will raise the price of farms.—W. B.

BRUCE CO., ONT.

PAISLEY, Feb. 23.—We are having very frosty weather. Farmers are busy hauling logs. The horse market continues quiet, cattle prices are lower. Hogs and sheep are in good demand. The acreage of spring grain is going to be greater this spring than last. Goose wheat has given good results here of late years, and the result is that it is very scarce, even for seed. There are not so many farmers leaving for the Western provinces this spring.—J. MacK.

It has been decided by the Directors of the Canadian Pure Breeders' Association to publish Volume 1 of our Stud Book this year. All owners of ponies not yet recorded are requested to send in their registrations at once if they wish them to appear in this volume.—G. de W. Green, Secretary.
