

Ditching Pays Big Money!

There's Unusual Opportunity Now for Useful Service to the Nation and Large Profits for Yourself.

Here is the answer to the farm drainage problem—the machine that quickly turns wet, unproductive land into well-drained, highly productive fields. All over the country the need exists.

Land owners gladly pay a good price for having this work done, and the man with a

"A Perfect Trench at One Cut"
BUCKEYE
Traction Ditcher

easily cleans up an average of from \$15 to \$25 a day. Contract ditching with a "Buckeye" is a highly profitable business, practically without competition as the machine does more ditching in a day than 15 men by hand and the finished trench is clean and true to grade. You cut from 100 to 150 rods a day, winter as well as summer, and you deal with a reliable class of people who are able to pay their bills.

Mr. Mann's experience is a fair sample of what "Buckeye" owners all over the country are accomplishing. He says:—

"I certainly think the Buckeye Traction Ditcher is O.K. or I would not have bought my sixth one. We have dug from 30 to 300 rods in 10 hours, according to soil and depth. We consider 130 rods an average day's work. A man can make more money with a Buckeye than with the best 100 acre farm I know of. C. G. MANN, Washington, C. H. Ohio.

We invite you to make a thorough study of this subject by sending for the instructive literature we have prepared. We have a Service Department who can show you how to get started at this business and how to make it pay big from the very first. Just write us that you are interested and we'll send you full particulars free.

Haul A Load Each Way

Crops must be hauled to town, and fertilizer must be hauled home.

Why Not Combine the Trips?

When you take a load to town

Plan to haul
a load of

SPRING FERTILIZER
on the return trip

Play safe and get your fertilizer stored in your own barn. War conditions have decreased the supply of fertilizer, and increased the demand. Late orders may be disappointed.

Co-operate With Your Dealer

Few dealers have sufficient storage space to carry large fertilizer stocks on hand. Shipments in less than capacity car loads—40 to 50 tons—are discouraged—even refused.

Co-operate with your dealer—place your order now—enable him to combine orders and make up a full car load. When your car arrives haul as soon as possible—on one of your return trips. Take part of the fertilizer directly from the car if you can. Hasten unloading—free the car for other uses.

Order Spring Fertilizer NOW

Make certain of your supply and at the same time do your part toward relieving railroad congestion.

Send for literature to Department 40

Soil Improvement Committee

"Phonola"

REGISTERED

a better instrument for less money

Because we make our own cabinets, sound boxes, tone arms and motors in our own two specially equipped factories right here in Canada, saving duty and middlemen's profits, you are enabled to get the "Phonola" for \$10 to \$25 less than other high-class phonographs.

There is no finer sound box made than the "Phonola Angelus." It reproduces with absolute fidelity and splendid volume.

Our motors wind easily, run noiselessly. Our cabinets are of rare beauty and finish, the designs being copyrighted and exclusive to the "Phonola."

Hear and see the "Phonola." It will prove its own value. Models from \$18 to \$250.

DEALERS are finding the "Phonola" becoming more popular every month. If your town is unrepresented write for our proposition.

MORE WORK FROM YOUR HORSES

The use of collar pads is humane. Again, your horses will do more work if properly protected by the right kind of pad. TAPATCO is the right kind.

A NEW AND BETTER HOOK ATTACHMENT

Consisting of wire staple, reinforced with felt washer (note where arrows point). This gives the hooks a better hold and prevents pulling off. The weakest point is made strong and life of pad greatly lengthened.

Look For The Felt Washer.
