

This looks like a scene in Ontario with the trees, the straight furrows and the perfect landscape. It is a photo of a field that has been cultivated for a thousand years, and shows a conservative English farmer who has hitched a

STAUDE MAK-A-TRACTOR

to an old Ford car and is pulling a double bottom English walking plow. You will notice he is making a good job of it.

Horses are necessary on the Ontario farm, and mechanical traction must supplement the work they do. The average Ontario farmer has not sufficient additional work to justify the purchase of an expensive tractor. This is where the Staude Mak-a-Tractor meets the power needs of thousands of farmers. With improved cooling and oiling equipment the Ford engine makes a reliable little power plant, and running at half speed on high gear develops from 8 to 11 h.p. without putting the ordinary strain on the Ford engine or transmission.

The Staude Mak-a-Tractor can be hooked on to the Ford car or taken off at any time in less than 30 minutes. The farmer has a tractor available that will do the work of 4 good horses, that costs little to run and will attend to the following chores:

1. Pull his discs and cultivators and prepare the seed-bed.
2. Pull the mower.
3. Pull a load of hay and the hay-loader up any incline on which hay grows.
4. Nothing can beat it pulling the binder.
5. With power belt attachment supplies an 8 h.p. engine for filling silo and running the cutting-box.
6. Next fall will pull double bottom riding plow, and do faster, lower priced work than 4 horses will do.

These are facts. We have the signed statement of hundreds of farmers verifying them. The Staude Mak-a-Tractor costs \$240 in Ontario, and this includes special radiator, water pump and oiling system, which stay on the car. Write for booklet.

Dad Says:—

"I'd as soon start out on a long trip without a tire pump or lifting jack as without my Dreadnaught Tire Chains. That's the one accessory that can't be safely overlooked in bad weather—makes you certain of 'getting there' when nothing else will."

Dreadnaught TIRE CHAINS

have turned many a dangerous trip into a safe journey home. Fitted with Special Long-Lever Chain Connector that enables

you to attach or detach them in a moment. Ask your supplyman or write us direct for price list and descriptive circular.

Who'll Pay That Mortgage?

That mortgage—or other indebtedness—may cause you no worry. You know you can repay it if all goes well. But there's the rub. What if things go wrong? Supposing you should die—could your wife pay the mortgage without your income?

An Imperial Endowment Policy for the amount of the indebtedness will insure its repayment, whether you live or die. There is no other means of meeting the case that is quite so certain—that

leaves nothing to chance.

And the annual investment required is very moderate—moderate at least when you consider the peace of mind it will afford you.

Look at this problem squarely—don't dodge—don't wait. The advantages of life insurance are available only to those in good health. Send to-day for information about a policy to suit your particular need. To-morrow may be too late.

Give Your Crops a Better Start

A Peter Hamilton Spring Tooth Cultivator will work your soil into a perfect seed-bed. It is designed to cut every inch of the ground and cultivate it thoroughly to an even depth.

Peter Hamilton Cultivators

have specially constructed sections that give the teeth great freedom of action. They are so flexible that a ridge and furrow can be thoroughly cultivated at the same time, and hard, rough soil seldom jerks more than two teeth out of the ground at once. The teeth are made of high-grade steel with reversible points. The frame is strong, well-braced and properly trussed.

Send for our free illustrated booklet and post yourself on the merits of this cultivator.

Raise bigger crops with Planet Jr. tools

You can't meet the urgent need of cultivating increased acreage this year with old-style out-of-date tools and methods. Get Planet Jr Seeders, Wheel-Hoes and Cultivators, and double your acreage. They are strong, yet so light they can be readily used by a woman or boy. Fully guaranteed.

No. 4 Planet Jr Combined Hill and Drill Seeder, Wheel-Hoe, Cultivator and Plow sows all garden seeds (in drills or hills), plows, opens furrows and covers them, hoes and cultivates all through the season. A hand-machine that does the work so easily, quickly and thoroughly that it pays for itself in a single season.

No. 8 Horse Hoe does a greater variety of work in corn, potatoes, tobacco, cotton, and other crops requiring similar cultivation, and does it more thoroughly than any other one-horse cultivator made. It is stronger, better made and finished. Lasts longer. Its depth regulator and extra-long frame make it steady-running. Cultivates deep or shallow and different width rows. 15 other styles of one-horse cultivators—various prices.

SL ALLEN & CO Box 1108 F Philadelphia
New 72-page Catalog, free!

Illustrates Planet Jrs doing actual farm and garden work, and describes over 55 different tools, including Seeders, Wheel-Hoes, Horse Hoes, Harrows, Orchard, Beet, and Pivot-Wheel Riding Cultivators. Write postal for it to-day, also name of nearest agency.
