

Planet Jr.

Get bigger profits from your farm and garden

Planet Jr Tools are the greatest crop-producing helps you can have on your farm or in your garden. They often do the work of six men—effect a saving of time, labor, and money from the start, and do such thorough cultivation that you get an increased yield.

Planet Jr Implements are the strongest and last the longest of any implements made. They were designed by a practical farmer who studied his own garden needs, and used his skill and energy to supply them. His neighbors' needs proved just as great, and now he makes Planet Jr Tools for over two million farmers and gardeners. Every Planet Jr is fully guaranteed.

No. 6 The newest Planet Jr Combination Hill and Drill Seeder, Wheel Hoe, Cultivator and Plow, opens the furrow, sows any kind of garden seed accurately in drills or hills, covers, rolls down, and marks out the next row—all at one operation. Also a perfect Wheel-Hoe, Cultivator and Plow.

No. 12 Planet Jr Double Wheel-Hoe, Cultivator and Plow, is the handiest implement ever made for truckers and gardeners. All cultivating parts are of high-carbon steel to keep keen edge. Specially designed to work extremely close to plants without injury. Does away with hand-weeding.

Send No Money Until You've Seen and Become Convinced this STEEL WATER TROUGH is Indispensable

Up-to-date farmers are replacing their unsanitary wooden water troughs with our sanitary STEEL WATER TROUGHS. You will do the same once you have become convinced of the superiority of our STEEL TROUGHS. So we ask you to mail us your name and address. Then we will send you one of our STEEL TROUGHS entirely at our expense. You don't pay us a cent until you are sure our STEEL TROUGH is simply indispensable to you. That's surely a square deal?

Our STEEL TROUGHS are the only absolutely sanitary water troughs. No corners or cracks for dirt to accumulate or germs to breed. Serious diseases, resulting in loss of cattle, are often caused from unsanitary conditions of wooden drinking troughs. Our troughs are made of heavy sheet steel, and extra heavily galvanized. Will not leak. Cannot rust. Nothing breakable. Nothing that will require repairs. Cattle cannot gnaw them. Practically everlasting. Shall we send our booklet giving full description? Better still, tell us to send the trough to you at our expense. Address: Dept. W.

EWING'S

—the Seeds You Can Depend Upon

What's the use of having good land—of fertilizing it—of working it well—if you sow poor, old, half-dead seeds?

The best seeds—Ewing's—cost less than the land, the fertilizer or the work—but your crop depends on them. Saving cents on seeds means throwing away dollars in crops, for you cannot get good crops from inferior seeds.

Ewing's Seeds are strong—healthy—clean—reliable. They are not only sure to grow, but sure to grow good crops, if you give them a chance and weather conditions permit.

If you want to get the most out of your land, out of your work, out of your cash investment, get Ewing's Seeds. Don't accept substitutes. If your dealer hasn't Ewing's write us direct.

Send a post card for our big Illustrated Catalogue. It's free—and interesting.

Reliable Seeds

The Tireless Accurate Iron Hand

You can operate the Aspinwall No. 3 Potato Planter without the assistance of another man. The Aspinwall No. 3 not only saves you the extra man's pay, but also plants one-third faster than machines requiring two men. The hand that handles the seed on the Aspinwall No. 3 is the iron hand. Unlike the human hand, it never gets tired. It drops 99 per cent. good. You can use different sizes of seed and vary the distance of planting without requiring change of pickers. No other planter can compare with it in accuracy or handle as large a range of seed.

Send for our catalog F1. We are largest manufacturers of potato machinery in the world, and we can give you valuable facts on profitable potato culture.
