Enquire for rates at Island Agency, Queen Street, Charlottetown.

> FRED W. HYNDMAN, GENERAL AGENT

E intend, on the opening of navigation, to install in our works one pair of boilers of 300 horse power, and one engine of same capacity, which will give us sufficient power to supply light to all requiring it.

We would ask all citizens who are thinking of lighting by Electric Light to get our prices before doing anything.

P. E. I. Electric Co.
