Men's Dress Boots

No. 5007. Fine quality calf, blucher-cut, medium round toe. Sizes 6 to 11. EE width. **3.95** Special

Agricultural Bulletins for Manitoba Farmers

Every farmer in Manitoba should possess himself of a good library of Agricultural Bulletins written by the members of the Manitoba Agricultural College staff and other agricultural authorities. This is the very best possible class of agricultural literature. The bulletins are concise; they deal with practical questions; their authors know Manitoba conditions at first hand; they present the most advanced information on the subjects discussed. They are **FREE** to all Manitoba farmers.

Below is presented a partial list of Bulletins and Circulars recommended to every farmer in Manitoba. Apply to Extension Service, Manitoba Agricultural College, Winnipeg, or Publications Branch, Dept. of Agriculture, Winnipeg.

VALENTINE WINKLER

Minister of Agriculture and Immigration for Manitoba

Manitoba Farmers' Library

PUBLISHED MONTHLY BY THE MANITOBA DEPARTMENT OF AGRICULTURE

This is a new monthly Bulletin service, dealing with Agricultural and Sanitary matters, mailed free regularly to every Manitoba farmer who applies to have his name added to the mailing list. The Bulletins of this series so far issued are:

- Extension Bulletin No. 1—Lighting Control.
- Extension Bulletin No. 2—Barn Ventilation.
- Extension Bulletin No. 3—Standing Crop Competitions and Seed Fairs.

(Any of the above sent on application.)
If you wish to apply for this monthly series of Bulletins, fill in below and mail. Publications Branch, Manitoba Department of Agriculture, Winnipeg.

Dear Sirs—I am a Manitoba farmer. Please enter my name on the mailing list for the Manitoba Farmers' Library Bulletins.
