NO VACATION.

This management during the year trained over two hundred young gentlemen as stenographers, bookkeepers and telegraphers, and placed them in excellent situations in leading Canadian and American cities.

Individual instruction.

Heavy Lateral Wire

Half Size

**Frost Fences
Are Strong All Around**

The laterals of a Frost Fence are High Carbon No. 9 Hard Steel Coiled Wire, thoroughly galvanized—that can't be broken until the strain reaches from 1500 to 2200 pounds.

The stays are No. 7 or this same No. 9 wire.
And the two wires are locked with the Frost Locks.
That braces the fence in all directions—up down and diagonally.

We are so sure that Frost Fences are the strongest and best that we guarantee to repair, free of charge, any fence that goes wrong. That's fair, isn't it?
Frost Wire Fences are for sale by

X. WEBER - Karlsruhe

**Ideas
Change**

Demands change—change quickly. The world never stands still—neither does an enterprising grocery store. A yesterday's innovation is a tomorrow's common place.

We try to keep pace. We know that up-to-date demands can be met only with up-to-date goods.

And we buy and sell accordingly.

This Week's special is
"Corn-Flakes," the new Breakfast Food.

It retails at 10c. a package. It's Good. Try it.

Use Dy-o-la, the improved home dye.
