BELLEVILLE NOSED OUT OF CHAMPIONSHIP BY ONE GOAL

Unexpected Result at Sarnia Last Night—Overcame Belleville's Lead of 9 Goals and Scored Another

(From Saturday's Daily)

Sarnia, March 15.—The O. H. A. Inter-township championship game to Sarnia tonight, when the local seven defeated Belleville 14 to 4, overcoming the nine-goal lead scored in the game at Belleville a week ago. The result was unexpected. While it was felt that the home would win tonight, even the most rabid supporter of the Tassel Town felt that they would overcome the nine-goal lead, the score at Belleville being 14 to 5. A monster game led by a handovered the scene after the game. Sarnia have left all season that the championship was due for a rest in this town. The rink was packed to capacity.

Sarnia put everything they had into the game, especially in the last ten minutes. As play when victory looked up on the horizon. The winning goal was scored thirty seconds before the expiration of the sixty minutes of play. Hillman notched it when Conley came out of his goal to break up a rush.

Hillman was the best man on the ice. The little Sarnia center man was in the game from start to finish, and he was responsible for the majority of his team's goals. Granary at rover did not do much until the last period, but in that session he uncorked a great burst of speed. Halpin of the defense worked consistently, with McEwen and Dwyer as his assistants, and Belleville found it hard to get in on the goal.

Finkle at rover was the best for the home and even outshone Symons. He checked and used his weight to good advantage. Whalen at center also checked hard and was always in position to take a pass. Little Conley in goal (he is only 16 years of age) was steady, and although fourteen did get by him, he did not have a chance to get several of them.

Only for an unlikely play by Finkle in the last period when he shoved the puck into his own goal, the teams would now be tied on the round, with an extra game necessary. However, it was unlucky and no blame can be attached to Finkle. The score at the end of the first period was 4 to 2 in favor of Sarnia. In the second period they scored five and held Belleville scoreless, which left the score at that time 7 to 2. For the first ten minutes of the third period Belleville had just as much of the play as Sarnia. Whalen was hit with the puck and had to retire. Immediately Sarnia pressed and looked Belleville in on their goal. Hillman hovered around the net and was responsible for the majority of the scoring, as well as the winning goal.

The first period was fast and after eight minutes of play Sarnia had notched two points. S. Symons soon followed with a point for the visitors, which was immediately returned by the triplet combination of the hosts, with Symons again scoring the last goal of the period for Belleville. The score was Sarnia 4, Belleville 2.

The second period was not so one-sided as it may seem from the score, as it was only the cleverness of Dwyer, or in goal that prevented the home and vicious shots of Symons from getting into the net. The locals worried the visiting team all through the period and got three more points past the strong defense.

Most of the defense for Sarnia was in excellent shape, and was on the job at every turn of the puck. The checking on both sides at this period of the game was so severe that several of the players were thrown on the ice. No goals were scored by the visitors in this stanza. The score Sarnia 7, Belleville 2.

The third period opened rather slow each team holding its own. In six minutes of time the fun was started when Finch shot the disc for another

and served under Admiral Drake and Frobery, leaders in fashionable dress, tailors the mobility and even the Queen's court.

The queen, humbly born, grew up through all grades of society and had a range of acquaintance from the poorest type of laborer to the Queen. Thus he acquired an accurate and extensive knowledge of the salt or a credit, tailor's trade, printing, law, theology and almost every kind of business enterprise.

The speaker showed a large number of the latest slides made from rare old prints illustrating the styles of dress and interesting London scenes of Shakespeare's time, which he used to good advantage in making his remarks. His familiarity with Shakespeare's plays enabled him to make numerous apt quotations.

The great object and problem of Shakespeare was to please all classes and his genius succeeded in fusing and uniting all his matter to satisfy the audience of his own day, and with the passage of centuries his work has become more appreciated. Prof. McNeill quoted from the eulogy of Ben Jonson, a contemporary and friend of Shakespeare. "He was not of one age, but for all time."

The address was of unusual interest and was well delivered by Prof. McNeill who has a good voice and fine platform style.

A vote of thanks was extended to the speaker on motion of Mrs. Staelaurin, seconded by Mrs. Bell.

When Baby Is ill. When baby is ill no other medicine will so quickly relieve him as will Baby's Own Tablets. They go right to the root of most childhood ailments—those derangements of the stomach and bowels which cause difficult teething, colic, constipation, vomiting and simple fevers. They cleanse the bowels and sweeten the stomach and drive out all cause of illness. Concerning them Mrs. Wm. Evers, Gilks, N. B., says: "We always keep a box of Baby's Own Tablets in the house as we have found them an excellent remedy for little ones." The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Reports Exaggerated. Many sensational reports have been going the rounds today that Finkle, Symons and one or two others of Belleville's hockey players had been in goal (he is only 16 years of age) was steady, and although fourteen did get by him, he did not have a chance to get several of them.

Only for an unlikely play by Finkle in the last period when he shoved the puck into his own goal, the teams would now be tied on the round, with an extra game necessary. Little Snap Shots of Our Legislators

By Don Hunt.

Thomas Marshall, M.P.P. for Lincoln. Introductor of the Liberal resolution demanding provincial rights and fair play for Hydro Radials. Thick-and-thin-supporter of Hydro. Six footer.

Not strong on laughing but chuckles melodiously. Lives at a Conservative Hotel while in Toronto.

Not that he's tired of his Liberal colleagues. But he's used to this hotel and says he's getting too old to move. Specializes in Education and Hydro. Comes from Dunnville; sells hardware. Always referred to lovingly as "Tom Marshall."

Not "Tommy." Just plain "Tom."

Mr. and Mrs. M. Jordan spent Sunday the guests of Miss Alice Hanley. We are pleased to welcome Mr. and Mrs. Wm. Power and Master Willie to this neighborhood.

Mrs. Thos. Shannon, Latta, visited her mother Sunday last. Mr. and Mrs. N.J. Williams were the guests of Mr. and Mrs. T. Murphy, Lonsdale, last Sunday.

On Friday evening a large number from this vicinity drove to Belleville to attend an "At Home" in Ramsey's Hall. All report a most enjoyable time. Miss Linnie Mullins spent a few days of last week in Belleville.

On Monday last Miss Kate Lally received the sad news of the death of her sister, Mrs. Hayes, in New York City.

Miss Johanna Carrigan, and Mrs. Bowler spent Sunday with the former's sister Mrs. J. Egan, Malross. On Tuesday morning death visited the home of Mr. and Mrs. J. Hannifan and took their little baby boy only three months old.

Mr. J. Ford has returned home. We are glad to hear he is better.

W. C. A. Notes

The regular monthly meeting was held in the Y.M.C.A. lecture room at 2:30 on Tuesday, March 7th, 1916.

CARPET BALL. At the Tabernacle Church last evening one of the most interesting and keenly contested games of the season was played between the "Alpha Club," and the "Sons of England" Carpet Ball teams. At the first period of the game, the Sons of England took the lead, but the opposing team played up so well that it was anybody's game right to the finish, which eventually ended in a win for the S. O. E., the final score being thirty-eight to thirty in favor of the Englishmen.

Team lined up as follows: Sons of England: E. A. Ridley, Skip; E. J. Follwell, E. Stapler, W. Armitage, vice-skip, H. A. Lennox, W. Bennett. Alpha Club: Mr. B. Kelly, Skip; Mr. Frederick, Mr. Naylor, Mr. Robinson, vice-skip, Mr. Webster, Mr. R. Grove. Mr. Kerr of Bridge Street Bible Class proved a very efficient umpire.

DEATH OF LINEMAN WAS DUE TO ACCIDENT

Verdict in Inquest Upon Death of John Ayers—No One Saw the Accident

THE VERDICT

"That John Ayers came to his death on Thursday, March 9th by coming in contact with a live wire on Pinnacole street in the city of Belleville and that death was accidental, no person being to blame."

Small was the verdict rendered by the jury at the coroner's inquest held at Mr. Thompson's police court rooms last night to investigate the circumstances surrounding the death of John Ayers, the unfortunate workman who was killed by electric shock on Thursday evening while in the discharge of his duties on Pinnacole street.

Apparently no one saw the actual cause of the accident. His fellow workman, Mr. Munroe had gone a few paces away to look after a repair when a train was passing. A soldier, E. E. Small, on guard before the Belleville Hardware Co., did not notice the patient of the victim until after he had fallen on the fatal wire. Only four witnesses were examined: John Munroe, an employee of the Trenton Electric Co., was working with Mr. Ayers at the time of the fatal accident. He testified that he had worked with Ayers for some years and always found him a fairly capable workman. They were summoned to Pinnacole street to locate a tangle on account of which the Belleville Hardware Company had no power. They ascertained that the trouble was located in the transformer at the corner of Pinnacole and Patterson Sts. Ayers went up the pole and pulled out three plugs and threw them down. Then the witness told Ayers to walk back to the house and get a ladder. After his horse as a train was coming up the G.R. tracks.

The engine passed but could not see Ayers as there was much steam or smoke. When he turned from the horse and walked back he saw Ayers lying across the top of the wire and knew he should not get there. He knew Ayers must be getting the current and ran into the Belleville Hardware and telephoned to have current shut off. When I got to Belleville Hardware I looked back and saw that Ayers had fallen to the ground. He ran back and turned the body over and raised him and saw he was unconscious. He then ran to the electric office to get the palmator and got back with it and put it on. There was no time lost but it was impossible to restore the victim. He showed no signs of life at any time after falling. Death was believed due to electric shock.

It is customary to make such repairs without shutting off current. The company supplies the men with rubber gloves covered with buskins. The men are supposed to wear them but do not always do so.

Both of Ayers' gloves were left on the cross arm. Witness did not know why he should have removed them. There was no evidence of any burning on the gloves which were produced in court.

Witness made repairs himself to the transformer the following morning and found nothing to explain the cause of the accident.

Evidence of an unimportant nature was given by Sergt. Naphin Plc. Geo. Small, who was near at the time of the accident; Ernest Thompson, constable.

The Case Against The Conductors

Montreal, March 16.—The preliminary hearing of the charges of conspiracy to defraud the O.P.R. brought against seven conductors and three Ottawa men began in police court at Ottawa yesterday, and was continued this morning. The men accused are Elias Alexander, Mark Baker, Thomas Carter, Harry Dunham, Othas A. Morrison, Francis Nelson, Robert Willoughby, conductors and Clarence Bortz, Harry Merson and Abraham Pines. The prosecution is seeking to prove that there is conspiracy between Harry Merson and some of his friends who would not turn into the company all the tickets collected from passengers but would instead sell some of them to Merson, who would resell the tickets. Sam Rosenthal, of Montreal, a C. P. R. detective resumed his evidence this morning.

Notwithstanding the war and the general unpopularity of German goods, several of the thrifty housewives were offering sauer kraut. The price asked was 8 cents a quart measure.

Notwithstanding the war and the general unpopularity of German goods, several of the thrifty housewives were offering sauer kraut. The price asked was 8 cents a quart measure.

Returned Soldiers To Get the Jobs

Bombardier E. C. Baylock, who was wounded at the battle of Ypres in April, 1915 and invalided home has been appointed to the staff of the Industrial Revenue office in Belleville to fill a vacancy.

Mr. E. Guss Foster, K.C.M.P., for West Hastings stated last evening that this was the plan which he would follow in seeking appointments for men of military age who have served our country for appointments.

A vacancy in the post office staff has occurred and for some time or all young men between 16 and 25 years of age made application. As they were of military age they were not considered. Mr. Foster stated because they should be in khaki. Instead he has secured the appointment of Miss Langer to fill the vacancy.

In Procession In Spite of his Age

Belleville had one of the oldest men in the province in the big prohibition parade in Toronto on Wednesday afternoon in the person of the Rev. J. Egan, who lives on North Front street. Rev. Mr. Egan is 78 years of age and yet he braved the inclement weather and the long walk to the Parliament Buildings. He was one of the few elderly men in the procession and was easily the oldest from this country.

A Very Small Attendace At Market

(From Saturday's Daily) There was a very small attendance at market this morning due to the heavy roads, cold weather and the off-season for produce.

Two women were demanding two dollars a bag for the produce potatoes and were getting 1 1/2 for theirs were the only spuds in sight. Apples were fairly plentiful. A fair grade of cooking apples could be bought for 75 cents a bushel, while better grades of Spies were selling from \$1 to \$1.50.

One solitary owner of a load of hay was demanding \$20 a ton, while the owner of a load of oat straw asked \$4 for his load of about three-quarters of a ton.

Notwithstanding cold weather the spring-time flood of hen-fruit has set in, and strictly new laid were selling at 27 to 28c a doz. The offerings were very plentiful. Butter was rather scarce and quotations ranged from 33 to 35 cents.

Chickens and fowls were scarce. Prices ranged from 75 to \$1.00 each, according to size.

Notwithstanding the war and the general unpopularity of German goods, several of the thrifty housewives were offering sauer kraut. The price asked was 8 cents a quart measure.

The floral display by one of two of the local gardeners was magnificent. Great showy tulips were offered for 40 cents a dozen. Dahodias were the same. Beautiful fragrant violets were selling for 25 cents a bunch. Hyacinths in full bloom brought 25 cents a pot. Carnations were offered at 60 cents a doz, and roses at \$1.50. One load of oats was offered for sale at 45 cents a bushel. Wheat was selling from \$1.00 to \$1.05.

80th Band Returns

Over one thousand Brian people heard the 80th Battalion brass band on the occasion of its visit to that town. The audience applauded and cheered lustily the soldier musicians. After the concert the men of "D" Co. 80th Battalion, were given a chicken supper. The band played during the banquet and Lieut. Stares sang a number of songs.

This was the first time the men of "D" Co. have heard the band since its reorganization under Bandmaster Stares. They enjoyed the music to the full.

Enormous crowds greeted the 80th Band at the station on their arrival yesterday afternoon. The band gave a free concert in the Armouries. This morning they rendered a program in the same place to which the public were admitted free of charge.

The band reached Belleville this morning shortly before noon. They will be given three or four days leave to rest up after their strenuous tour.

Boy's Bloomers All Sizes For 75 Cents

We have just received 200 Pars boy's bloomer pants, all sizes from 22 to 34 to sell at the above price. Considering the high price of cloth, they are remarkable value, and we consider ourselves very fortunate in landing this large lot.
