teature about the road is that its total rise is but 1,500 feet, and this is spread over the whole seven miles, making a very easy grade. The mine is located by each making a very easy grade. The mine is located by of men have been engaged in opening up a rawhide train to the mine. The company figures on shipping 50 tons of high grade ore daily during the winter. Work has been largely confined of late to the biliver Hill claim, which lies between the London and Richelieu. The company's program for developing includes the driving of a main tunnel from the lower level along the vein. The arrangements will lock horns with us. Be sure, the accompanied by cash, marked, the draw in that and located of the Sannas cheque or draft for twenty-five per cent of the amount offered per share. The shares are offered subject to a reserve went out very mild on that occasion. Our regiment was the first mounted in fantry to march past Lord Roberts at Pretoria on June 5th. The large force that has been gathered here under Lord Roberts has done very good work in subduing the Boers, and I think any European nation will think twice before they will lock horns with us. Be sure, level along the vein. The arrangements at the camp are said to be the best in Hughey, and let me know how things are in Rossland in your next. This country will take some time to settle down.
Thank God for all his mercies. I have
