WHAT'S THE MATTER WITH CHATHAM?

As the result of the indefatigable efforts of Ald. Lyon, chairman of the Railways and Manufacturers committee of Guelph, another factory has been landed in that city. For some time past Ald. Lyon has been negotiating with certain outsiders who propose erecting a new plant. On Friday they visited the city and were shown what advantages could be offered there. As a result an agreement has been reached and the factory will be built this summer.

What's the matter with Chatham? Two industrial by-laws were voted upon and carried in Stratford recently. That city is making strenuous efforts along the line of getting next to desirable industrial concerns.

What's the matter with Chatham? In the Maple City there was once a Board of Trade, looking for these industries. It has not even met for some time. The annual meeting is long past due, and it looks from present appearances as if it never will be held.

What's the matter with Chatham?

DRINK FIGURES.

Some figures given in the Canadian Gazette (London, England), show that while the people of the British Islands are becoming less alcoholic, the drinking habit is growing upon our Canadian people. According to the new statistical abstract for the British empire the strait for the British empire the comparison stands as follows, in gallons per head of the population:

Beer—	1801	1898	1905
U. K.	30.2	31.8	27.7
Canada	3.8	3.9	5.4
Australia	11.7	11.7	11.3

Spirits—			
U. K.	1.03	1.04	0.91
Canada	0.74	0.50	0.94
Australia	1.13	0.79	0.96

Wine—

U. K.	0.39	0.41	0.28
Canada	0.11	0.08	0.19
Australia	1.09	1.00	1.27

The Gazette says: "Canada is, of course, still easily first in the smallness of her alcohol consumption; but we can imagine the disquietude which her increased enjoyment of beer and spirits will occasion in not a few Canadian breasts."

There is something remarkable about the liquor traffic, points out the Hamilton Spectator. Since the Whitney Government came into power the number of licenses in the provinces has decreased about 10 per cent. But figures which we have seen show that the consumption of liquor has increased. Which should not be very encouraging to the ladies and gentlemen who, year after year, persistently agitate for the cutting off of another license or two.

NO HOME RULE FOR IRELAND.

Lord Rosebery Says Irish Are Disloyal People.

London, March 27.—Presiding at a meeting of the council of the Liberal League, held here yesterday, Lord Rosebery said Great Britain would never tolerate a separate Irish Parliament. Such a proposal went far beyond anything the late Mr. Gladstone intended.

"A system suitable for Canada and Australia," Lord Rosebery added, "would be different in a contiguous island, which, in its public declarations, prided itself on its disloyalty."

Continuing, the speaker said he doubted if the Government's promised measures for Ireland would go to extremes, but it was a pity the Government's principal men were making speeches leading the country to believe that something radical was intended.

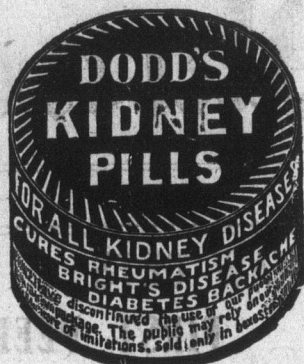

He, Lord Rosebery, owed no allegiance to the present Government, nevertheless he congratulated it on its success thus far.

He feared, however, it was promising too much. If it made any general attack on property, as was threatened, its existence would be speedily ended.

TO IMPROVE OUR EARTH ROADS.

In order to start a movement to improve the condition of earth roads in Ontario, "The Farmer's Advocate," in co-operation with the Public Works Department of the Ontario Government, is offering \$100 in prizes for the best results from a season's use of the inexpensive implement called the split-log drag. There are two sets of prizes, one for the Eastern and one for the Western part of the Province. The first prize in each case is \$25, second prize \$15, and third prize \$10. There is no fee to enter, and the conditions are very simple. The judging will be done by Mr. A. W. Campbell, Good Roads Commissioner. Fuller particulars may be obtained by dropping a card to "The Farmer's Advocate," London, Ont. We might add that the entries for this exceedingly interesting and practical competition will close on March 27th.

Lord Lake is the best 10c. cigar in the market—made by O'Brien Bros.

SKIN DISEASES

Salt Rheum, Pimples, Erysipelas, Ringworm, Shingles, Scald Head, Itching Sores.

All diseases of the skin are more or less directly caused by a bad state of the blood, which produces acid humors and corrupts the secretions.

No one can expect to have a clear, bright skin when the blood is in a disordered condition, and the stomach, liver and bowels acting feebly in consequence.

All the above skin diseases, in fact, any disease arising from a bad condition of the blood, are curable by

BURDOCK BLOOD BITTERS

through its wonderful cleansing, purifying powers on the blood, and its renovating action on the system.

Mr. A. Squire, Dominion, N.S., tells how he was cured of Salt Rheum. He writes: "For years I suffered with Salt Rheum, and was unable to find a curable remedy out of all the medicines I took, and Physicians consulted. Finally I was urged by a friend to try Burdock Blood Bitters, and after a very short space of time I was completely cured. I shall always recommend B.B.B. for such cases, as I consider it an indispensable remedy." Price \$1.00 per bottle or 6 bottles for \$5.00.

LOCAL
