

ANAEMIA'S VICTIMS

Can Find New Health in Dr. Williams' Pink Pills

Anaemia is simply a lack of blood. It therefore follows that the correct treatment for anaemia is one that increases the blood supply. That is really the only treatment that can possibly be successful. The symptoms of anaemia are easily recognized. Paleness, listlessness, the failure of food to nourish, headaches and often in women and girls backaches, faintness and palpitation of the heart. To restore the blood supply to its normal quantity and quality Dr. Williams' Pink Pills can be recommended with confidence. First because they are known to have cured thousands of anaemic people—the highest possible recommendation. Secondly they actually contain the ingredients that combine with the food and oxygen to make rich, red blood, without which no man, woman or growing boy or girl can be healthy.

Mrs. E. M. Bell, Red Deer, Alberta, says: "When I came to Alberta some years ago, a young girl I had been suffering for a couple of years from anaemic blood. Doctors had done everything for me that could be done, but to no purpose. The doctors said I could not live, but that a change of climate might prolong my life, so my father brought me to Alberta. For a short time I did seem to improve, but soon became as bad, if not worse, than before I left Ontario. I could not walk upstairs, walk on the street, or stand in a room for more than a few minutes without fainting. Life was a burden and I did not care whether I lived or not, and had given up hope of getting better. It was at this time Dr. Williams' Pink Pills were brought to my attention, and a supply was got for me. After I had used the second box I thought I felt some better, and I continued taking the Pills until I had used nine or ten boxes, when I felt like a new person. I could walk, ride a bicycle and skate without the dreadful pains in my limbs I had before experienced, and in every way I was enjoying better health than ever before in my life. Now, whenever I feel the need of a tonic I turn at once to Dr. Williams' Pink Pills, and I am constantly recommending them to my friends."

Sold by all medicine dealers or by mail at 60 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

SHE COULD IMPROVE IT

"Don't you like that quotation from Shakespeare: 'The friends thou hast and their adoption tried, grapple them to thy soul with hoops of steel?'" he asked, soulfully. "I think hoops of gold would be better," said the girl, shyly.

Attacks of cholera and dysentery come quickly, these seldom being any warning of the visit. Remedial action must be taken just as quickly. If the patient is to be spared great suffering and permanent injury to the lining membranes of the bowels. The readiest preparation for the purpose is Dr. J. D. Kellogg's Dysentery Cordial. It can be got at small cost at any drug store or general dealer's, and it will afford relief before a doctor can be called.

THE DIFFICULTY

TREES THAT TRAVEL

Continents Exchange Trees of Many Kinds

In connection with a recent demand of German nurserymen for seeds of the Montana larch, to be planted in Germany, the curious fact is brought out that white pine seedlings are to be imported from Germany to Ontario. Now the white pine is indigenous to America, and was transplanted to Europe many years ago, to reinforce the forests there. It has flourished so well in the Old World that it now appears that the German nurserymen are able to deliver white pine seedlings on this side of the ocean more cheaply than American nurserymen will furnish them. The interchange of trees among the various continents is a most interesting development of modern civilization. Besides the white pine, Europe has taken from us the Douglas fir and the black walnut, and we have taken the eucalyptus from Australia and the Norway spruce and Scotch and Austrian pine from Europe.

WHY THE QUACK PROSPERS

A quack and a doctor of great learning once fell into conversation. The regular doctor said to the other, "How is it that you, without education, skill, or the least knowledge of medicine, are able to live in the style you do? You have your town house, your carriage, your motor-car and your country house, while I can have more than pick up a bare subsistence."

The quack, so the story goes, laughed good-naturedly. "Look here," said he. "How many people do you think have passed us on this street here since you asked that question?" "Well," said the other, "about one hundred."

"And out of that hundred how many do you think possesses good common sense?"

"Possibly one," was the reply. "Well," said the quack, "that one comes to you, and I take care of the ninety-nine."

BABY'S OWN TABLETS CURE SUMMER COMPLAINTS

Baby's Own Tablets should be kept in every home where there are infants and young children, and at first sign of illness during the hot summer months they should be given to the little one. At no time of the year is baby in such danger as in summer. Summer complaints come on so quickly that unless prompt aid is at hand the little one may be beyond help in a few hours. The Tablets never fail to relieve the sick child, and if occasionally given to the well child they will keep him well. Mrs. P. L. Leche, Les Fonds, Que., says: "Last summer my baby suffered severely from stomach and bowel troubles but the prompt use of Baby's Own Tablets saved his life."

The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

UNBROKEN

Bridget—"I never break my word, mum."

Mrs. Hiram Offen—"That is very remarkable; it's about the only thing you haven't broken since you have been here."

"John," queried her husband's wife, "if some bold, bad man were to kidnap me, would you offer a reward?" "Certainly," replied the wife's husband. "I always reward those who do me a favor."

In Fields Far Off.—Dr. Thomas' Electric Oil is known in Australia, South and Central America as well as in Canada and the United States, and its consumption increases each year. It has made its own way, and all that needs to be done is to keep its name before the public. Everyone knows that it is to be had at any store, for all merchants keep it.

A grocer enjoys the unenviable notoriety of selling the worst goods in the district, but he has not recovered from the shock he got the other day when a little girl came into the shop and said: "My ma sent me for two pounds of your best tea to kill rats with, and a pound of finest ham, and mind and cut it in good thick slices, for it is to sole and heel my dad's boots."

Small but Potent.—Parmelee's Vegetable Pills are small, but they are effective in action. Their fine qualities as a corrector of stomach troubles are known to thousands and they are in constant demand everywhere by those who know what a safe and simple remedy they are. They need no introduction to those acquainted with them, but to those who may not know them they are presented as the best preparation on the market for disorders of the stomach.

A Standard Medicine.—Parmelee's Vegetable Pills, compounded of entirely vegetable substances known to have a revivifying and salutary effect upon the digestive organs, have through years of use attained so eminent a position that they rank as a standard medicine. The ailing should remember this. Simple in their composition, they can be assimilated by the weakest stomach and are certain to have a healthful and agreeable effect on the sluggish, digestive organs.

THE MAIN OBJECTION

"No," said the principal constituents with a shudder, "we can never vote for that man for the council. He would be suspected from his very occupation. He is a gardener."

"What has that to do with it?" asked the candidate's friend. "Naturally, he would take to grafting."

PURPOSE OF PRESENT ISSUE
The present issue of Bonds is to provide for enlargements to the Moose Jaw Mill, the establishment of an oatmeal mill at that point, and for the purpose of additional elevators.

SECURITY FOR BOND ISSUE
The Bond Issue is a First Mortgage on all the property of the Company now owned, or hereafter acquired. The Company now owns five mills: one in Saskatchewan, three in Minnesota, and one in Iowa, with a combined capacity of 6,000 barrels per day. The property of the Company has been appraised by the American Appraisal Company, and the property is carried in the Balance Sheet at the depreciated value.

ADDITIONAL SECURITY
In addition to being secured by a Mortgage on the Company's assets, the Bondholders also have the security of a double liability attached to the Capital Stock.

FUTURE ISSUES
It is the intention of the Company to largely increase its milling capacity in Canada by the establishment of additional mills at points to be selected, and bonds may be issued for the purchase of, or the construction of, these mills, but only to the extent of 75% of the actual cost, and then only if the net earnings of the Company for the previous year are equal to twice the total charges for interest on Bonds issued or to be issued. The Mortgage is closed at \$1,500,000.

SINKING FUND
Under the Trust Deed a Sinking Fund is provided to be deposited with the National Trust Company, Limited, which will redeem before maturity 75% of the outstanding Bonds at 105 and accrued interest, or at current market price.
