

Sciatic Pains from Exhausted Nerves

SCIATICA or sciatic rheumatism is attended with pain and tenderness along the sciatic nerve in the hips and thighs, and indicates an exhausted condition of the nervous system.

Relief is sometimes obtained by external applications or the use of heat, but at the slightest provocation the distressing pains return and from time to time become more severe as the nervous system becomes more exhausted.

The only way to obtain actual cure is by a reconstruction of the wasted nerve cells, and this is best accomplished by Dr. Chase's Nerve Food. It need not cost you much to restore vigor to the nervous system, but it will take a little patience, particularly at first. After you have used a few boxes and got the building-up process established you will find improvements from day to day which will encourage you to keep up

this treatment until the nervous system is completely restored.

Nervous disorders do not right themselves, but naturally, become more acute as the system becomes further exhausted. It is only wise to be warned by sleeplessness, headaches, neuralgic and sciatic pains and to take immediate action to restore the depleted nerves before paralysis, locomotor ataxia or some form of helplessness is developed.

Dr. Chase's Nerve Food

50 cents a box—do not pay more—at all dealers or Edmunds, Bates & Co., Ltd., Toronto. On every box of the genuine you will find the portrait and signature of A. W. Chase, M.D., the famous Receipt Book author.

The Ford Saves the Hay and Oats the Horses Eat

IT HAS been estimated that five acres of land are required to maintain one horse for a year, and that the same five acres would produce nearly enough food for two people. If 50,000 Canadian farmers each replaced one horse with a Ford, 250,000 acres would be added to the Nation's source of food supply and enough extra food made available to feed 100,000 people.

Just think what a great service this means to the country at the present time and the benefit to the farmers from the sale of food produced on this acreage.

A Ford car also saves the farmer a week or more of valuable time each year, which can be used for further productive work. The Ford travels three times as fast as a horse and rig—costs less to run and keep, and is far easier to take care of. With labor so scarce and high priced, time means money, so do not delay in getting your Ford.
