IF YOU COULD ONLY BE A STOMACH

You'd Go to Bed Rather Sore at the Work You'd Have to Do.

Fancy a master that works a horse so long, without rest, that the poor old beast at last has to go to a bone pile.

Fancy yourself doing the same thing with your stomach—the noblest of all our physical organs.

Just imagine yourself devoting hours of ceaseless work to the digestion of a meal which you cannot digest because of wrongful ingredients given to you by the blood.

Is not a man very foolish to imagine a raw sick stomach capable of good work when the juices it receives are so filled with alkali or acid that they actually eat the stomach membrane?

Do you not know from a common sense point of view that to continue such a course means not only the impairment of your stomach but of all digestive organs as well?

Stuart's Dyspepsia Tablets go into your stomach just like food. They are so powerful in health giving qualities that almost instantly the work of digestion is improved. They ease up on the stomach's work. They go into the blood and balance it perfectly. Thus, when the stomach calls for new juices at your next meal you are able to furnish them.

Your common sense will tell you that so great an aid to digestion as Stuart's Dyspepsia Tablets could not be in every drug store, unless demanded after trial by all classes of stomach sufferers.

No more are they a doubtful quality. They have passed a rigid examination by all manner of stomach and digestive tests, and they have been awarded the diploma of American patronage. Theirs has been the practical test.

Stuart's Dyspepsia Tablets are for sale at all druggists at 50c a box.

Send coupon below today and we will at once send you by mail a sample free.
