CHICAGO'S CHIEF SHOOTS ASSASSIN.

Attempt to Assassinate Chief This Morning.

Shippley Stabbed in the Right Arm.

Two Anarchists Blamed for the Outrage.

Chicago, March 2 .- An unsuccessful attempt to assassinate George M. Shippey, Chief of Chicago Police Department, was made as the officer was leaving his residence this morning. The Chief, his son and his driver James Foley, were attacked by two men with revolvers. Young Shippey and the driver were wounded. The Chief returned the fire killing one of his assailants outright. The Chief, it is reported, was stabbed in the right arm during the affray.

The attack is supposed to have been made by anarchists following the recent activity of the Chicago police after the tragedy at Denver.

Harry Shippey is seriously hurt. but Foley will probably recover. The Chief's wound is trivial. The assailant entered Shippey's home while the Chief and his son were alone in one of the rooms. The man is said to have handed Chief Shippey a letter, which the Chief opened and began to read. Almost immmediately the anarchist drew a revolver and fired at Harry Shippey. The boy fell to the floor and his father grappled with the assailant.

floor and his father grappled with the assailant.

Foley attracted by the shooting rushed to his employer's aid. As the servant entered the room the anarchist broke from the Chief's grasp, aimed deliberately and shot Foley twice. Again the Chief closed with the man and the latter turned on him with a knife. Shippey attempted to grasp the weapon and received a deep cut on the hand. The official then succeeded in reaching his own revolver and fired shot after shot into the would-be assassin's body.

The attack on the Chief is believed to be inspired by the recenty activity of the Chicago police following the killing of Rev. Leo. Heinrichs, a Roman Catholic priest, who was shot by an anarchist in Denver while the priest was administering the sacrament to his slaver.

priest was administering the sacra-ment to his slayer.

JOINT MANAGER.

Mr. Frank Sanderson Receives Deserved Advancement.

The Board of Directors of the Canada Life Assurance Company have announced that at their last meeting they appointed Mr. Frank Sanderson, M. A., F. F. A., to be joint general manager of the com-

pany.

Mr. Sanderson, who has been connected with the Canada Life Assurance Company for 17 years, was appointed assistant actuary in 1895. In 1900 he was promoted to be chief actuary, with full change of the actuarial department, and of late years he has been closely identified with the executive of the company.

The long illness and recent death of the secretary, Mr. Hills, and the increasing responsibilities thrown upon the control of the secretary and General Manager in the cont

the secretary, Mr. Hills, and the increasing responsibilities thrown upon the President and General Manager in the conduct of its large business, not only in Canada, but in the United States and Great Britain, has made advisable the identification of the actuary of the company in the responsibilities and counsels of the management.

Mr. Sanderson, although he still has his best years before him has been

number of years, and his services to his company will doubtless be increasingly valuable in the wider field he is called

Killed by Train.

Baltimore, March 2.—Frederick George and Harry Tucker were killed yesterday by an express train on the Baltimore & Ohio Railroad, the former losing his life in an endeavor to save the latter.

The two men, with a companion had taken to the railroad track as a short cut to their homes, and had stepped from one track to another to get out of the way of a freight train that was approaching from in front of them. Soon after on looking back for Tucker, who had fallen to the rear, George saw an express train approaching rapidly. He ran back, yelling a warning to Tucker, but seems no to have been understood, and both were struck and instantly killed.

CHILCOTT BURIED.

He Was Sickly and Easy Victim to Drugs.

Detroit, Mich., March 2.-It has developed in connection with the death of Edward Chilcott, of Toronto and Hamilton, who died in the sanitarium after being removed from a Chicago after being removed from a Chicago train last Wednesday, that his right lung was perforated in four places by tuberculosis. Never of a very robust constitution, Chilcott's heart was affected and his liver abnormal. He must have been an easy victim to drugs. The organs show the presence of a powerful narcotic poison, presumably morphine. The police here have no doubt but that Chilcott was accompanied out of Chicago on the ill fated Wednesday by two crooks, who doped and robbed him.

Chilcott's body was buried in Prospect cemetery, Toronto, to-day.

HORRIBLE DEATH.

Bar Slips From Brakeman's Hands and Enters Body.

Lockport, March 2.-William Beebe a brakeman employed by the Inter-national Railway Company, was killed this morning about one o'clock in the yards near the terminal depot of the

yards near the terminal depot of the Buffalo cars.
Beebe was engaged in making a "bar" coupling on a train of freight cars which were to be run up Main street. The turning of sharp corners necessitates the using of long bars on the coupling of cars.

When Beebe was making one of these couplings the bar slipped from his hand and missed the coupling lock. Before Beebe could dodge it the end plunged into his abdomen. A fellow brakeman named Scholtz saw the accident and gave a signal to have the train go ahead. As it did so, the bar was drawn from Beebe's body and he fell to the ground unconscious. The men carried him to the station where he died in ten minutes without regaining consciousness. Coroner Kittenge was called and will hold an in-

Father and Three Children Lose Their Lives. Stairway Fell With Them as They Fled From Fire.

Woman Leads Remaining Children to Window and Cries Frantically for Help—Is About to Throw Little Ones Into Street When Ladder Is Placed to Wall and They Are Taken Down.

retired business man of Depew, dropped to his death with the collapse of a stair way in a fire that destroyed his home early yesterday morning, taking with him three children whom he was trying other children looked on in horror.

The piercing cries of the perishing father and children impelled Mrs. Schultz to make a frantic attempt to obtain their rescue. Dragging her three remaining children with her she groped through the front rooms of their apartments, threw open the window and there, clad only in her night clothes, hysterically cried at the top of her voice

for aid.

Residents of the neighborhood who heard the screams for help found that the stairway leading to the rooms had fallen and had taken with it the father and the three children. The woman and three little ones were taken from the window by means of a ladder by James Gould, Earl Williams and Walter Schultz, a son, who lived next door.

Fireman in Stating the fire were in danger of their lives. The big building burned from the inside and the flames shot through the roof. All of the frame supports to the side walls were eaten away and one by one the side walls fell to the street. Several times the firemen had to make hasty retreats.

The work of extinguiching the flames was also hampered by the bursting of hose laid by the voluteer fire department. Two of the lines could not withstand the water pressure and split. Has ty repairs were made.

The Woman's Story.

was also nampered by the bursting of hose laid by the volunteer fire departiment. Two of the lines could not with a stand the water pressure and split. Has ty repairs were made.

The Woman's Story.

The origin of the fire is such a mystery that the police, fire department officials and Medical Examiner Danser have started an investigation that will be thorough. They suspect incendiarism.

Yesterday afternoon Mrs. Schultz, while still weak and sick from the awful sight that she had witnessed, told her story of the fire.

"We were all askeep," she said, "in the one bedroom that we had in the rear, upstairs. Suddenly I heard a pounding and a cry of "fire." It aroused me. I could hardly breathe. The room was filled with smoke, I awoke my husband and he grasped three of the

FIRE AT CHURCH.

St. Thomas Sunday School Scorched Yesterday.

Yesterday morning, shortly before the

ose of the service at St. Thomas Church, Rev. E. J. Etherington, the rec tor, quartly made the announcement in church that the Sunday school building adjoining was on fire. He dismissed the congregation, all of whom got out without any excitement or crowding. The fire department had been notified, and was soon on the scene, and set to work. The fire was between the plaster and the walls and up a staircase, and a lot of destruction was done before water could be got to the heart of the fire. Inside of an hour, however, it was all out, and the Sunday school and church were saved, although the loss on the building is estimated at \$1,500. The fire started from an overheated furnace, which set fire to the woodwork around the staircase, and the flames quickly spread as far as the attic under the plaster. The cellar and the wall where the fire was were both badly damaged, and the schoolroom and the attic slightly scorched, and had quite a bit of water in them. tor, quetly made the announcement in

Special Street Railway Committee Meets.

Electrical Engineer Cost \$12,000 to \$15,00.

Dr. Pyne Throws Some Cold Water.

The conference committee appointed to negotiate with the Street Railway Company met the officials of the com pany behind closed doors on Saturday afternoon, and had a talk over the proposition submitted recently. The time and place of the meeting were a carefully guarded secret, Chairman Sweeney gave the inquisitive ones a "steer" by ence would take place to-day. Those who attended the meeting declared that practically nothing new developed, and that the conference was more for the purpose of getting the new members of the committee acquainted with the

facts. The matter seems to have resolved itself into a question of how

sunday Observance.

The police yesterday prevented the delivery of the Saturday night issues of the Toronto World and Montreal the amount of the bonus he would be willing to give the company, the Mayor says he would not place that limit on the amount the city might give the company, as long as the people have an op-portunity of expressing their opinion on it. He believes that the mileage is a basis on which this fixed amount could basis on which this fixed amount could be settled. The mileage amounts to between \$7,000 and \$8,000 a year. The city could agree to throw this off for a certain period to be ageed upon, and it would then know exactly what the new system would cost it.

It is almost certain, in any event, that if an agreement is reached between the aldermen and the company the ratepayers will be asked to ratify the new proposition. Several members of the Council believe this will have a tendency towards a settlement, because the aldermen would be more willing to come to terms, knowing that the people would have an opportunity to endorse it, than if, they took the whole responsibility themselves. If a by-law is submitted it is probable that only the ratepayers will have an oportunity of voting on it.

BAD WHISKEY

Caused Lynching by Bad Black and White Men.

New York, March 2.—Before the largest audience that ever assembled at the People's Forum, Booker T. Washington, in New Rochelle yesterday, delivered an address on the race question, in which he expressed his gratification at the progress, made by the temperance cause in the south and declared that the abolition of slavery.

Two-thirds of the mobs, lynchings and burnings at the stake, he said, were the stomachs of the bad black men and bad white men.

Two-thirds of the mobs, lynchings and burnings at the stake, he said, were the result of bad whiskey getting into the stomachs of the bad black men and bad white men.
