"The Way Tanlac Helped Us  
Is Simply Wonderful" Says  
Halifax Man

"Nobody except those who have been through it can understand what I suffered before I got hold of Tanlac," said Richard H. Weeks, of 13 Cabot Place, Halifax, N. S.

"My stomach has been out of order for the past year or two and my appetite got so poor that I had to force down whatever I ate. I was troubled with gnawing pains in the pit of my stomach and had sharp pains around my heart. After every meal I had a heavy feeling, like a dead weight in the pit of my stomach and felt miserable for hours. I had sick headaches with attacks of dizziness. I lost weight continually and hardly had strength and energy to drag my feet after me. My condition at one time got so bad that I had to give up work entirely for over a month. I went for days at a time without eating scarcely anything and sometimes even the sight of anything to eat made me sick.

"I noticed an improvement before I had taken half a bottle of Tanlac. I am now on my fourth bottle, have a good appetite and eat three square meals every day. Everything agrees with me and I never have a touch of indigestion. I am not bothered by constipation or dizziness any more, have gained ten pounds in weight and am working every day. Tanlac had done me so much good that I decided to try it on my little son who had been puny for years, and the way it has helped him has been certainly wonderful."

Tanlac is sold in Newcastle by E. J. Morris, in Redbank by Wm. M. Sullivan, in Doaktown by O. Hildabrand and in Nelson by Mrs. James Nowlan.

### EDITORS MAIL

Newcastle, N. B.  
March 5th, 1921  
Editor Union Advocate,  
Town.

Dear Sir:  
At the last meeting of the Town Council the Assessment for 1921 was passed, and I regret to notice that the council found it necessary to raise the amount this year \$10,000, over last year's assessment. I am sure the taxpayers found last years

tax a very heavy burden, when times were prosperous, and this year's increase coming at a time of general depression it should give them cause for serious consideration of the Towns affairs. It seems to me that instead of increasing the taxation or assessment that the council should have used every means in their power to cut down the amount as low as possible. However, I do not intend to point out in what departments they might have reduced the assessment as this would take up too much space in your valued paper, but I think in view of the fact that the taxes have been going up in leaps and bounds during the past eight or ten years that it is time we made a change in our system of Government, and adopted more up to date methods in carrying on business of the town. The Chatham Board of Trade at a recent meeting decided to interview the Town Council, and see if they could not get the council to take action in appointing a Town Manager and getting the necessary legislation to do this. Facts were presented at the meeting of the Board of Trade in Chatham showing that this system of Town Government had been a great success in a large number of cities and towns throughout Canada and the U. S., and I think that it is an opportune time for the citizens of Newcastle to take similar action and see if some improvement could not be effected in the Towns affairs.

Yours truly,  
TAX-PAYER
