

STONES WERE THROWN.

Fortunately No One was Seriously Injured.

Toronto, Nov. 30.—There was great indignation at the Roman Catholic palace on Thursday morning over the alleged insult to the bishop by the throwing of stones. "Was the disturbance as bad as reported?" Father Hand said: "It was ten times worse. The papers have all tried to make light of it."

"Didn't the police deny that there was a disturbance?" "That's because they didn't do their duty. There was not an arrest made, and no attempt to prevent the hoodlums going on their disgraceful work. It is the same every day. Why, they followed us right along. A gang of them came down from Bond street, with a life and drum band on purpose to disturb the parade. It is true, though, the police made them stop playing."

"Was the archbishop hurt?" "No, he wasn't hurt, but the glass in his carriage was smashed, and he was struck on the arm. Father McGraw was also hit with a stone. After the procession reached the cathedral the din and racket outside were so great that I had to close the doors to keep the noise out."

WHAT THE POLICE SAY.

Inspector Stephens said the order at the Union Station and from there up was admirable. There was no disturbance except in one place; some boys sang "We'll hang old Walsh on a sour apple tree." Of course in the immense throng they could not tell who was doing it, and therefore couldn't stop it. There was no real trouble until after the procession changed its route and went along Queen street past the Orange Hall. This was not the route laid out; no police had been posted along it, and the change was made without letting the police know. It was after that the trouble occurred."

Inspector Johnston said in a large crowd like that when a stone was thrown over the heads of hundreds of people it was utterly impossible to tell who the offender was, unless a policeman happened to be beside him. They had done everything in their power to make things pass off all right, and it was possible they might yet discover who threw the stones. The reception to his Grace the bishop Walsh at Loretto Abbey has been postponed until Friday afternoon.

ARTIE'S BIG BUSTLE.

Arrest of a Young Couple from Hamilton on a Charge of Smuggling.

BUFFALO, Nov. 30.—The police of that precinct have under arrest a pretty girl, 18 years old, named Artie Held, and a young man named Alfred Taylor, both from the city of Hamilton, Ont. The United States Government is the complainant against the couple. In short, they are charged with smuggling. It is known that the girl had a lot of silverware, and the customs officers suspected either her or the young man of smuggling over the border. Artie came here November 6 and hired out at the Orleans house on Main street, and also as office boy at the general hospital. The arrest of Taylor yesterday let the cat out of the bag. In his valise was a bustle, Artie's own bustle. It was a lovely bustle, but was divided off into nine little compartments that would hold considerable in the way of small articles. There were four 12 silver spoons, 18 silver forks, 12 tea spoons and other property, and the officers expect to prove that the girl concealed the stuff in her big bustle. It is not unusual for a woman to take her bustle when crossing Niagara river, but it is unusual to take a case on a woman for so doing. Artie and Alfred are plain men at noon on Monday. They tell conflicting tales. He says that his mother, who keeps a jewellery shop in Hamilton, gave the silver to him, and that he presented it to the girl. Artie, however, says her mother was the donor, and as an early marriage was imminent she let Alfred take charge of it. The police think that the silver was stolen. Taylor also had in his possession a lot of letter paper and envelopes bearing the mark of the general hospital.

HIS HEAD CUT OFF.

Terrible Death on the Track Near St. Marys.

ST. MARYS, Nov. 30.—A young man named William Bates was run over last evening at McIntyre's crossing, about two miles west of this station, by the 8:20 night going east. His head was completely severed from his body, one arm was cut off and his body frightfully mangled. It is supposed, rather than jump off the train into the snow he made the attempt to reach the crossing, when the train overtook him. The remains were placed on board and brought to the G. T. R. station here.

Municipal matters are running very high here at present, and as a result a goodly number of candidates are in the field. Major H. A. L. White and Mr. J. W. Poole are candidates for the mayor's chair, and no less than fifteen names are mentioned as councillors to represent the different wards in the town.

New Q. C.'s Appointed.

OTTAWA, Dec. 1.—The following 50 barristers have been created Queen's Counsel: Hon. J. R. Gowan, Mr. Barrie, Messrs. Nicol, Kingsmill, George Tate Blackstock, Nicholas Murphy, N. G. Bigelow, R. M. Wells, Alex. J. Cattinacch, John A. Worrell, D. A. O'Sullivan, James S. Fullerton, Alfred H. Marsh, all of Toronto; W. H. Gormally, of Ottawa; James Hy. Fleck, Duncan McMillan, London; George Mackenzie Clark, Montreal; Alex. Millar, W. Hamilton Bowley, of Berlin; Joseph Deacon, Brockville; John Davidson, Goderich; J. E. Farewell, Whitby; Geo. Moncrieff, M. P. Petrolia; Robert V. Rogers, Kingston; John Edgar, Peterborough; H. H. Preston, Nanawake; Hy. W. C. Meyer, Wingham; Joseph Jamieson, M. P. Almonte; F. J. French, Prescott; A. H. Macdonald, Guelph; Geo. L. Tizard, Oakville; W. F. Walker, Hamilton; James Muir, Fergus; William H. White, Pembroke; John G. Snider, Cayuga; F. E. F. Pepler, Barrie; A. R. Lewis, Port Arthur; James Leitch, Cornwall; Wm. H. Kingston, Mount Forest; E. S. Smith, St. Marys; A. Klein, Warkenton; N. W. T. and R. E. Jackson, of Victoria, B. C. It will be observed that, with the exception of the last two named, the list only covers the Ontario bar. Several years have lapsed since the Ontario bar was re-imposed in conferring the silk.

LOST BUTH LEGS.

Terrible Accident to a Young Man in Chatham on Saturday Evening.

CHATHAM, Ont., Dec. 1.—Last night about nine o'clock a young man named E. Cowan, aged about 25, employed on the G. T. R. engineering staff, was run over by the Grand Trunk local train which leaves here shortly after nine. After bidding farewell to some friends on the express going west, he stepped from the platform to the other track, and was unaware that the local was in motion. She struck him on the head, knocking him under the cars, nearly the whole train composed of about a dozen cars of freight, passing over both legs. He was carried to a neighboring hotel, where the railway physicians amputated both legs above the knee. As he is a young man of good constitution it is hoped he will pull through. He was going to leave for England in a few days.

THE NEW FLAG.

The Mistake Made by a Brazilian Sea Captain.

LONDON, Nov. 29.—The flag of the new Brazilian Republic was hoisted for the first time in English waters to-day with a result that must have been discouraging to the over-zealous officer who made haste to display his colors in advance of formal recognition of the government whose emblem was thus flaunted. The occasion of the display was the arrival at Plymouth of a Brazilian warship to receive which the usual preparations were made by the British war vessels and forts, and the customary signal to salute was awaited from the flagship of Admiral Sir William Montague Dorell. When, however, the flag of the United States of Brazil was displayed instead of the expected imperial ensign, Admiral Dorell sent a request to the Brazilian commander to hoist the recognized flag of Brazil, or at least not to run up any other.

The Brazilian captain declined to comply with the request and the British forts and war ships remained silent. It is probable that the captain of the Brazilian ship will make such representation of the affair as will forth an intimation of England's attitude with regard to the new South American Government from the foreign office.

LOOKING FOR STANLEY.

The Herald Relief Party Has Not Yet Heard of the Explorer.

IN THE BUSH BETWEEN MSISI AND PONGU, Nov. 29.—We can hear nothing of Stanley on this road. We are leaving the post at Pongu, and are proceeding as far as possible to Misa on the other road, where we shall stay till we obtain news. Our caravan consists of the Herald comforts for Stanley and comforts for Emin Pasha sent by his relief committee, in all about 30 men, with an escort of 100 Sudanese.

Trains to go by Electricity.

CHICAGO, Nov. 30.—The fifteenth annual convention of the Railway, Passenger and Freight Conductors' Mutual Aid and Benefit Association of the Michigan Central Road, delivered an address, in which he gave a good account of the work and condition of the association. Frank Champlin delivered the annual address. He predicted that electricity would be the future motive power of railroad trains. The reports of the year were \$22,596; disbursements for benefit, \$17,000; other expenses, \$2,511. The number of members in good standing is 1,322.

Vessels Wrecked.

MANITOWIC, Wis., Nov. 30, 10:30 a.m.—The Goodrich people expect to float the steamer City of Ludington to-day. The steamer Anna Smith and two schooners are ashore a few miles below, and are total wrecks. Second mate Henry Rummel, of the Anna Smith, was drowned. All the others were saved. The steamer was valued at \$40,000, and the schooners at \$25,000 each.

A Steamer Aground.

CLEVELAND, Ohio, Nov.—A heavy north-west wind is blowing, accompanied by snow. The steamer Tokio, ore laden, is aground in the centre of the channel, and no vessel can get in or out without danger of striking her. If the wind should raise the water the Tokio may be floated off and get out of the way.

BABY ONE SOLID RASH.

Ugly, painful, blotched, malicious. No rest by day, no peace by night. Doctors and all remedies failed. Tried Cuticura. Effect marvellous. Saved his life.

Cured by Cuticura

Our oldest child, now six years of age, when an infant six months old was attacked with a violent, malignant skin disease. All ordinary remedies failing, we called our family physician, who attempted to cure it; but it spread with almost incredible rapidity until the lower portion of the little fellow's person, from the middle of his back down to his knees, was completely covered with a rash, ugly, painful, blotched and malicious. We had no rest at night, no peace by day. Finally we were advised to try the CUTICURA. The effect was simply marvellous. In three or four weeks a complete cure was wrought, leaving the little fellow's person as white and healthy as though he had never been attacked. In my opinion your valuable remedies saved his life, and he is a strong, healthy child, perfectly well, no repetition of the disease having ever occurred. GEO. B. SMITH, Att'y at law and Ex-Pres. Att'y, Ashland, O.

Boy Covered with Scabs.

My boy, aged nine years, has been troubled with a skin disease very bad humor, which appeared all over his body in small red spots, and he was continually growing worse, although he had been treated by two physicians. At last, in a last resort, I determined to try the CUTICURA. He is now perfectly cured, and his skin is as smooth and healthy as ever. The CUTICURA REMEDIES are all you claim for them. They are worth their weight in gold. GEORGE F. LEAVITT, No. Andover, Mass.

G. B. RYAN & CO'S Special - For - Fall - and - Winter - 1889-90.

WE have pleasure in presenting for your inspection a fair representation of OUR SPECIAL HAT for this season, one which we expect will have a big run. This is only one of the many lovely shapes shown by us this Fall, and we give the cut to show the effect when trimmed. We have paid special attention to our Stock of Shapes and Millinery this season, and can offer you a Choice of over 1000 different Styles of the latest designs, and many of which you will look in vain for in a store, as the House we deal with in New York manufactures their own Shapes, and enables us to place them on sale within a brief period of the date when they were made.

Our Feathers, Ribbons, Silk Velvets, Flannels, Alpacas, &c. we import direct from London and Paris, the selection being made by our Mr. RYAN personally, and are able in this way to place before our customers goods which are confined exclusively to ourselves.

DRESS GOODS. As we note the many customers limit our Dress Goods counter, it seems to us hardly necessary to say a word for this department, our trade in Dress Goods having grown to such a degree that we may say we have no longer any competitors in Guelph. Our customers not only remain our customers, but bring new ones with them, and in this way our trade continues to increase season by season, so that we need not say anything further on this subject, except that we can show you a variety of Goods not excelled by any Toronto House, and at prices lower than you would be charged in Toronto,—and as well lines that are strictly confined to ourselves.

Our trade is about double what it has been in any past season. We are now pivoting 900 square feet to this department, which gives us one of the finest Mantle Rooms in Canada, and all we ask is that you would see our Goods before you buy, knowing what the result will be.
