

Brother Julian Dead

The San Francisco Monitor, of a recent date contains the following obituary notice of a former resident of Piquette in this Province: Bro. Brother Julian of the Christian Brothers, died at the Martineze novitiate last Monday afternoon after an illness of four months. Brother Julian, known in the world as John McDonald, was a native of Prince Edward Island and at the time of his death was 62 years of age. He entered the Order of the Christian Brothers over twenty years ago. After his novitiate Brother Julian was attached to St. Joseph's Academy, Oakland, and later was transferred to St. Mary's College, at which institution he remained, both in this city and in Oakland, before entering the Order he was a carpenter. This trade he continued after joining the Brothers and to him was given the supervision of improvements made at St. Mary's. He was made superintendent of construction of the college when it was removed to Oakland. A model of the college which was made by him was on exhibition at the World's Fair, Chicago, and at the Midwinter Exposition in this city. Brother Julian was noted for his genial disposition, and his amiable and pleasing manner made him a great favorite among his colleagues. His life was marked by great faith and sincere piety, and his happy death was a fitting termination to his holy life. Though suffering intensely during his last illness he never complained, accepting his cross with true Christian resignation and fortitude. He died surrounded by the brothers of the Martineze community after having the last sacraments administered to him by the Chaplain of the Novitiate, Rev. Father Cook. The funeral of Brother Julian which took place at Martineze last Wednesday was largely attended. Many of the deceased brother's friends from this city and Oakland as well as a large delegation of brothers from the different colleges in the State were present. The requiem Mass was celebrated by Rev. Father Aeron, O. P., of Martineze. The Gregorian Mass was sung by a choir of the brothers. Among those present at the services were Rev. Bros. Battillon, Emmond, Hoese, Perrin, Giaman, Virgilio, U. J. Adrick, Michael, Basil, Michael, Theodoros, Joseph, Vitarin and Hilay. May he rest in peace.

LOCAL AND OTHER ITEMS.

Mr. Speaker White has issued writs for bye-elections in Cardwell and North Ontario. A disastrous explosion has occurred in the Blackwell Colliery, at Afferton, near Berby, England. Seven men have been killed. To ADVERTISEMENTS.—Changes of advertisements must be sent to this office by Monday noon of each week. Otherwise they cannot be attended to. On Monday last, at Montreal, the str. Vancouver out through forty feet of her wharf, causing the warehouse to tumble and her foremast. The steamer was unharmed. It has been decided, says a Montreal dispatch, that Des Carries, M. L. A., for Jacques Carriere, shall resign his seat and run for the House of Commons in the Government interest. The schooner Charming Lass has cleared for St. John's, Nfld., with the following cargo: 3,467 bush, oats, 175 bush, potatoes, 45 bush, turnips, 12 carcasses of beef, 5 bbls. of oyster, shipped by Captain Westaway, who is in command. Mr. EDWARD T. CARROLL, editor of the Prince Edward Islander was married, on Wednesday last, to Catherine M. McDougall. While extending our congratulations, we beg to return thanks for a piece of the wedding cake, duly received. Mr. SATOLLI, Apostolic Delegate to the United States, has been created a Cardinal, by his Holiness, the Pope. The ceremony of conferring the beretta will be performed at Washington by His Eminence Cardinal Gibbons. Cardinal Satolli will continue to reside at Washington, and will likely take the title of pro-Delegate, as in the custom in the case of Cardinals. Mr. JOSEPH CHAMBERLAIN, Secretary of State for the Colonies, at a banquet given in honor of Col. Gerard Smith, Governor designate of Western Australia, last Monday night, made a speech, in the course of which he said he looked forward to the time which he believed was not far distant, when the Australian Colonies would imitate the wise example of Canada and unite for a common purpose. He rejoiced that a step had been taken in this direction by New South Wales. Federalism would consummate a great idea, in which local jealousy and petty ambition would be buried in the foundation of a mighty commonwealth, destined, perhaps, at some time which was historically possible, to outstrip the waning greatness and lagging civilization of the older countries of Europe. It would be a step in the direction of Imperial Unity, which is cherished as the future of the British race. (Cheers.) He believed the British race was the greatest governing race the world had ever seen. He believed there was no limits to its future.

LOCAL AND OTHER ITEMS.

A fire at the corner of Broadway and Blackwell Streets, N. Y., the other night did three million dollars' worth of damage. The schooner "Adria," of St. John was towed into Bridgewater N. S., the other day, bottom up. All hands have been lost. The British Admiralty has decided to increase the strength of the Mediterranean squadron by the addition to the fleet of six ships. The Trade Department, Ottawa, has been advised of recent changes in the Bermuda tariff. Fresh fruit and vegetables hereafter go on the dutiable list. A MILL belonging to James Brown, on the line of the Kent Northern Railway, near Kent Junction, N. B., was destroyed by fire on Saturday last. ACCORDING to the annual report of the Inland Revenue Department, the consumption of beer, spirits and tobacco per head of the population in Canada is falling off steadily. GENERAL GASBOINE, the new commander of the Canadian military forces, expressed himself as delighted with the parades of the regiments in Toronto, Montreal and Quebec. He says they compare favorably with the English volunteers. DENNIS HOGAN of Moncton has received information of the death of an uncle in Texas having an estate of six thousand acres, probably ranching land. There are only four heirs. Mr. Hogan, who is in prosperous circumstances left for Texas to look after his inheritance. The schooner Moselle, which was loading lumber at Tusket, N. S., for Boston, was totally destroyed by fire Sunday night. She was a vessel of 117 tons register, and was owned and commanded by E. M. Durand, and was insured in the Nova Scotia Marine Insurance Co. On our first page will be found a most interesting paper entitled "A Metropolitan Cathedral in a National Work." It is worthy of careful perusal, and as the work of building a Cathedral in this diocese is now taking form, many valuable hints may be learned from this able and exhaustive essay. A COLLISION between the Dominion Atlantic and Intercolonial special freight trains occurred at Windsor Junction, N. S., at midnight on Wednesday last. The Dominion Atlantic had a locomotive tender and three box cars, and the Intercolonial had a locomotive, injured. Conductor William Muir, of the Dominion Atlantic train, was badly wounded. A MEETING in connection with the matter of the Catholic Reading Room, was held in St. Patrick's Hall on Sunday evening when the following officers were elected: President—Richard Reddin; First Vice-President—Stanislus Blanchard; Second Vice-President—Thomas Handrahan; Secretary—Richard E. Johnston; Treasurer—Abbie E. Arsenault; Executive Committee—Charles Hebert, D. O'M. Reddin, Jr., James McQuaid, Thos. E. Cullen and Philip McQuaid. ADVICES of the 10th from St. John's Nfld., say preparations were making for the arrest, on Monday, of all persons implicated in the franchise case with the scuttling of ships along the coast of Newfoundland. The police have in their possession a list of all persons who are supposed to be at the bottom of this matter. Upon this list appear the names of business men, militia men, captains and seamen. The police anticipate being able to secure abundant evidence against these persons before the end of the week. AN Ottawa despatch of the 10th, says: D. Davies, of Charlottetown, has admitted the Dominion contention that the waters of Northumberland Strait belong to the waters of Canada, and has given an undertaking to observe the close season with regard to lobsters for the future. As Mr. Davies believed he had a right to fish beyond the three-mile limit, and has admitted his error, the department has taken a lenient view of his contravention of the law, and has imposed a nominal penalty for the recent illegal fishing. Mr. Davies' lobsters seized by the officers of the department have been released.

NEWS OF THE WEEK.

The customs cruiser Constance is reported to have done excellent work on the St. Lawrence and in the Gulf this season. Three smugglers were captured and contraband to the value of nearly \$20,000. A Paris despatch of the 8th, inst., says that owing to the dissatisfaction caused by the recent landing of Canadian horses and cattle at St. Milo, department of the St. Vinsens, on the English channel, Deputy Barnes has written a letter to the minister of agriculture, M. Viger, asking that the vessels bringing foreign cattle to France be quarantined upon arrival at French ports. A case which, has simply baffled the skill of the doctors at the Notre Dame hospital, Montreal, has been that of Mrs. Drouet, 1387 St. Catherine street, who went to sleep on the 25th, and only awoke on the 7th, inst. During the interval she had remained in a cataleptic condition, perfectly oblivious of all that was transpiring around her, partaking of no nourishment whatever, and to all appearances dead, save for the slight heaving of the breast, caused by respiration. The St. John's Nfld. Herald prints letters from correspondents along the south and west coast to the effect that dire distress prevails among the poorer class of people residing there, especially those residing in the interior. The recent policy of the government in cutting off half the pauper relief, and the fishery trade, has led to the effect that in wretched circumstances. The correspondents predict starvation in numerous instances unless prompt help is supplied by the authorities. The preliminary inquiry against the directors of the Union bank of St. John's Nfld., was expected to end on Tuesday last. The directors filed lengthy answers to the charges formulated against them by the crown. They recall the circumstances of their personal and collective connections with the bank, their duties as directors, the condition of their accounts and the manner of making the same. They report, the statements of which are a-terrible volume and make an apparently satisfactory answer to allegations of the prosecution, but the magistrates will certainly send them up for trial, as was done with the directors of the Commercial bank. Details of another scandal are also proposed. J. W. Hill's cold storage warehouse on William street, Montreal, was badly damaged by fire on Friday last. The total amount of insurance on the damaged sections A and D and upon the merchandise contained therein, is estimated upward of \$300,000. This is nearly all placed upon the stock in the damaged section, as it is not to be placed over \$30,000 was known to be placed in the building. The loss by water, fire and smoke will reach in the neighborhood of \$100,000 and may go considerably beyond that sum. One insurance man estimates the loss at eighty per cent. of the amount of insurance carried, which would place the loss at upwards of \$200,000. "WHERE'S BRUCE'S Famous Tailoring Establishment?"

I want to get some clothing made there. This is the remark made by many strangers coming to our town. Our reputation for making HIGH-GRADE CLOTHING is well known all over Canada and the United States, and no place knows better than P. E. Island, where we are doing business for over 16 years. Steadily increasing, this has been the business of many previous years. No one will doubt, but what we have the best Cutters—even our competitors can't with a clear conscience. Elegant Cloths for Suits, Overcoats and Ulsters to select from.
