

## Amanda Howell's STORY OF SUFFERING.

### A TALE OF ENDURANCE.

CURLING, Bay of Islands, Oct. 11. A most remarkable story of suffering and superhuman endurance is told by Amanda Howell, of Bonne Bay, who spent eleven days in the woods without food or shelter.

### FALLS OVER THE CLIFF.

Two weeks ago, the girl, for some reason or other, left her home in the direction of Trout River. She wandered aimlessly for eleven days through the woods, subsisting on roots and berries. All sense of direction was lost by her. On one particularly dark night she stumbled over the cliff upon the jagged rocks, lacerating her feet frightfully, and being further injured by the rocks and earth falling upon her. With wonderful courage she tore off her undergarments bound up her bleeding feet and started on her way along the beach.

### DROPS UNCONSCIOUS.

Heavy seas hurled her against the rocks and she was obliged to ascend the cliff again. Every step was now a torture. She found an abandoned camp, and stayed there overnight continuing on her way in the morning. This was kept up till the tenth day, when, as she saw the lights of the S.S. Portia, she sank down unconscious.

### FOUND BY FRIENDS.

Searching parties came across her, and Mr. Peble took the girl to his home. Dr. Moseley found that she had been set in, and advised that she be sent at once to the Hospital in St. John's. On her arrival at Curling, Dr. Fisher met the girl, and after an examination also urged that she proceed there forthwith, as it would be necessary to have one of her feet amputated immediately.

### AMPUTATION NECESSARY.

The young girl left in the express to-day, accompanied by her father and Constable Quinlan. In her statement she says that certain parties had been persecuting her, and she was made frantic. She has little knowledge of the experiences which she has undergone, saving the accident.

## Away Goes All Stomach Misery

No Indigestion, Heartburn, Gas or Dyspepsia five minutes later.

If you had some Diapensin hand, and would take a little now your stomach distress or indigestion would vanish in five minutes and you would feel fine.

This harmless preparation will digest anything you eat and overcome a sour, out-of-order stomach before you realize it.

If your meals don't tempt you, or what little you do eat seems to fill you, or lays like a lump of lead in your stomach, or if you have heart burn, that is a sign of indigestion.

Ask your Pharmacist for a 50-cent case of Pape's Diapensin and take a little just as soon as you can. There will be no sour risings, no belching of undigested food mixed with acid no stomach gas or heartburn, fullness, or heavy feeling in the stomach, Nausea, Debilitating Headaches, Dizziness or Intestinal griping. This will all go, and, besides, there will be no undigested food left over in the stomach to poison your breath with nauseous odors.

Pape's Diapensin is a certain cure for out-of-order stomachs, because it prevents fermentation and takes hold of your food and digests it just the same as if your stomach wasn't there.

Relief in five minutes from all stomach misery is at any drug store waiting for you.

These large 50-cent cases contain more than sufficient to thoroughly cure almost any case of Dyspepsia, Indigestion or any other stomach disturbance.

## Got Six Months.

This morning the Deputy Minister of Justice, Mr. C. H. Hutchings, K.C., had a message stating that William Richards, aged 76, of Port de Grave, had been convicted by Magistrate Thompson at Brigus on the charge of indecently assaulting two girls aged 10 years and 7 years, respectively, some time ago, and had been sentenced to six months in the Penitentiary yesterday.

## Did Not Have to Call the Doctor.

BECAUSE SHE TRIED DODD'S KIDNEY PILLS FIRST.

One box of them cured Mrs. Mary A. Cook's Rheumatism from which she had suffered for fourteen years.

Mannheim, Ont., Oct. 11. (Special)—How quickly and easily Rheumatism can be cured when you use the right means is shown in the case of Mrs. Mary A. Cook, well known and highly respected here. In an interview regarding her cure, of which all the village knows, Mrs. Cook says: "I had Rheumatism so bad that sometimes I would sit up nearly all night."

"I first thought I would try the doctors, but luckily I decided to first try Dodd's Kidney Pills."

"They cured me, and I didn't have to try the doctors. And just to think that after fourteen years of suffering one box of Dodd's Kidney Pills should cure! I will recommend Dodd's Kidney Pills to anyone who suffers from Rheumatism."

"Yes, it is easy to cure Rheumatism when you go the right way about it. Rheumatism is caused by uric acid in the blood. If the Kidneys are working right they will strain all the uric acid out of the blood and there can be no Rheumatism. Dodd's Kidney Pills always make the Kidneys work right."

## Presented With Medals From the Pope.

A little time ago, His Grace the Archbishop received from Mgr. Sinnott, Secretary to the Papal Delegate, Mgr. Stagni, the following letter, which speaks for itself.

DELEGATO APOSTOLICA.

OTTAWA, Sept. 15, 1911.

Most Rev. M. F. Howley, D.D., Archbishop of St. John's Nfld.

My dear Lord Bishop—

I am instructed by His Excellency to send Your Grace the three medals of the Holy Father herewith enclosed. If there are no objections and it is not imposing on Your Grace's kindness, His Excellency would take it as a favor, if you would be so good as to give one each to Mr. Goodrich, the A.D.C. of His Excellency the Governor, and Messrs. Burke and Summers, who functioned in the same capacity towards the Apostolic Delegate during his very agreeable stay in St. John's. His Excellency would ask them to accept these small tokens, with his best compliments, as a slight mark of his appreciation of their courtesy and kindness.

With sentiments of profound respect,

I am, Your Grace,

Your obedient and devoted servant in

(Sgd.) ALFRED SINNOTT,

Secretary.

These three gentlemen were invited to the Palace this morning and presented at 11 o'clock with the medal referred to, the significance of which was explained to them by His Grace, which the recipients treasure as coming directly from the hands of the Pope. On one side is stamped an effigy of His Holiness, with the words Pius X. Pont. Max.; on the reverse side a picture of St. Peter's and the Vatican with the date 1865, the last year in which Rome was a Papal State.

## Rev. Mr. Peck Writes.

Editor Evening Telegram.

Dear Sir:—As I am leaving St. John's to-day, may I, through your courtesy, express my full appreciation of the kindness of the Newfoundland Government, and also my sense of deep gratitude to the Newfoundland Company, who, with very great generosity, made no charge whatever for the passages of myself and my three fellow-navigators in the Stella Maris, and took no less than thirty tons of cargo from Akkik to Lake Harbor (Baffin Land) and made no charge for coal or risk to vessel on this urgent and dangerous voyage, thus saving the Arctic Mission a very considerable outlay.

To all kind friends at St. John's who have shown, and continue to show, their sympathy for the work among the Eskimo, I wish to convey, through your valuable publication, my warm thanks.

Believe me, dear Sir,

Truly yours,

E. J. PECK,

Missionary to the Eskimo.

## Taylor Dies Of His Injuries.

Frederick Taylor, who was injured was reported on Tuesday, passed away on Wednesday morning. He was 23 years old and had been working at Sydney all the summer. He arrived in the city by the S. S. Beothic, stayed with his parents for a little time, and went to Bell Island with the intention of working there during the winter. He started work there on Monday last and met with the accident which ended his life the next day. The funeral took place to-day from King's Bridge.

**MONEY FOUND.**—A sum of money was picked up in the public hall of the Government Savings Bank last Wednesday. It is being held for the owner who probably was one of the donors who was in the Bank doing business the previous evening.

## Harbor Grace Notes.

The funeral of the late Miss Sarah Snow took place yesterday afternoon and was attended by the scholars of High School, the deceased being a scholar there.

The King Edward Brigade took a tramp around town last night. Much favorable comment was made on their advancement on military lines, as they proceeded along the streets. The boys would feel quite proud if they could hear all the nice things said. Pay attention to your officers, boys, and the brigade will certainly be a success.

A lad in his 11th year, who fished in the boat with his father out in this place during the summer, is now the happy possessor of \$70, the result of his summer's catch. He "cut his tails" and had all his catch; but even so, it was exceptionally good work for one so young. He feels quite proud of his first summer's work.

Mr. Rogers, Chairman of the Road Board, has a number of men employed putting the roads in order before winter sets in. Horses and carts are employed hauling gravel and it is being put on the sidewalks. True, this is rather disagreeable at first, but it will soon settle down and be a great improvement. Mr. Rogers may at the present time differ from us politically, but this we will say for him, he is a hard-man to beat at road-making.

Mr. Jas. A. Power, who has been up at North River for the past two months painting the church and doing other work there, is now home for a few days. A gentleman of Charles's Beach is waiting for Mr. Power to do some painting, &c., for him, and considers he will be fully repaid for the delay by having his work well done.

Mr. James Cron left for St. John's yesterday's train. He will be absent a few days selecting a full line of goods for the fall trade.

Mr. W. W. French is at present in St. John's, and is expected back in a few days with a full stock of goods for his grocery store.

Messrs. James Martin, Joseph Hanrahan and John Tarrant are now busily engaged in taking the census. Their work is very tedious, and to have it done properly, as the above competent men will do it, is quite a hard task.

## Mr. Ball Knocked Down

Mr. A. Ball, shipwright, of 62 Spencer Street, was crossing the street near W. Monroe's place, last Tuesday, when he was run down by a man on horseback. He fell to the hard pavement face downwards and received a dangerous wound on the temple and shoulder and his arm was badly sprained. He had to get a doctor and is still crippled. The rider did not stop to pick him up or make any inquiries as to whether he was injured. "His name is, however, known to the police and he will be called to court."

## Chaffeurs' Gathering.

The chaffeurs who have been here all the summer from England and other countries—about twelve altogether—intend to have a farewell time at Smithville to-night. They will invite all the St. John's auto drivers and will have a partridge supper and dance. No expense is being spared to make the event a big success socially and gastronomically.

## Will Make Hair Grow

Every up-to-date woman should have radiant hair. There are thousands of women with harsh, faded, characterless hair, who do not try to improve it. In England and Paris women take pride in having beautiful hair. Every Canadian woman can have lustrous and luxuriant hair by using SALVIA, the Great American Sage Hair Tonic. McMurdo & Co. sell a large bottle for 50 cents, and guarantees it to banish Dandruff, stop falling hair and itching scalp in ten days, or money back.

**THEY COMMEND BORDEN'S CABINET**

LONDON, To-Day. The Times and the Daily Mail editorially commend the Borden Cabinet. They say the names of the new ministers will inspire confidence.

The farmer who allows a new mower or binder to sleep out on the lawn, with no covering for its head but the Milky Way, ought to be appointed guardian ad litem to a goat suffering with acute dementia. The International Harvester people declare that if the farmers of this country took proper care of machinery they would have to go out of business. A man will buy \$125 harvester, turn it loose near the wood pile and allow it to collect all the rust and June bugs in the neighborhood, then come to town, climb upon a salt barrel and kick about his "hard luck" from 7 a.m. to milking time. We have found out that the kind of "hard luck" lots of men are afflicted with is downright laziness and cursed shiftlessness.

## Anti-Home Rule Campaign Opened

Special to Evening Telegram.  
LONDON, To-Day. The Rt. Hon. Walter Long, in opening an Anti-Home Rule campaign at Burlington argued that self-government upon the lines of Canada and Australia meant virtual separation. Canada to-morrow, if she chose to do so, could throw off her allegiance to the British flag. The great Dominions have no intention of doing so. They loved the Mother Country, and would stand by her. Should they leave her, the separation would not interfere with her security or her defence. That would not be so, in the case of Ireland, which is as much a part of the Mother Country as Lancashire and Yorkshire.

## Dominion Bye-Elections

Special to Evening Telegram.  
OTTAWA, To-Day. The members of the Treasury Board have been appointed and are as follows:—Hons. W. T. White, George E. Foster, C. J. Doherty, F. D. Monk, Robert Rogers and Frank Cochrane. The bye-elections in the constituencies vacated by the new ministerial appointments will be held on October 25th.

## McMurdo's Store News.

THURSDAY, Oct. 12, 1911. Amid many disinfectant solutions, all of more or less value, Cook's Co-fectant stands out as a preparation of high coefficient value beyond any of those in general use. The result, of course, is that it is more effective as an antiseptic and disinfectant, and more economical in use. It is non-poisonous, and absolutely safe for general use. Price 35c.

We have several varieties of the beautiful Hybrid Poutaz Narcissus again this season. We were the introducers into this country of this exquisite flowering bulb, and its high reputation was made by the bulbs we imported. We have them from Jules Van der Scoot again this year, and they will be found fully up to the standard. Price 75c a dozen.

## Indigestion & Dyspepsia

In all its Forms Can be Cured.

It is quite a daily occurrence to hear persons say: "Oh, what a feeling of distress I have after meals, fullness of the stomach, heaviness and headache. I feel too tired to do anything. I have no heart to exert myself, and at times I care for nothing." I often have a pain in the pit of the stomach, no appetite, my heart beats rapidly on the slightest exertion. I feel just as tired when rising in the morning as when retiring to bed. My sleep is often disturbed, and I often awake with a sense of suffocation and a difficulty of again going to sleep. I have to be careful of what I eat, and my life seems a veritable burden. Now, it seems a shame and a pity for persons to be suffering like that when it is in their power to get cured by taking a bottle of Dr. Stafford's Prescription A. A sure cure for persons afflicted with stomach troubles. It can be obtained at

## A Narrow Shave.

Mr. William Le Queux, whose latest book, "The Indiscretions of a Lady's Maid," has caused something of a sensation, can tell good stories as well as write them. One of his best deals with the time when he was sub-editor on a London daily paper.

He came in from lunch one day, and idly picking up the "tape" to see what news had come in during his absence, the first few words electrified him.

"Her Majesty died at 11 a.m. to-day."

Instantly the whole office was thrown into a state of excited energy. The paper was put in mourning, newshills prepared, and long obituary notices set up in big type. But just as the terrible news was about to be published, somebody wanted to know why the "tape" hadn't said anything more about it. Inquiries were hurriedly made, and just in time to prevent an awful blunder, it was discovered that a careless office-boy had torn off the first four words of the message.

Sir:—I came across a bottle of your MINARD'S LINIMENT in the hands of one of the students at the University of Maryland, and he being so kind as to let me use it for a very bad sprain, which I obtained in training for foot races, and to say that it helped me would be putting it very mildly, and I therefore ask if you would let me know of one of your agents that is closest to Baltimore so that I may obtain some of it. The Nomen-

BUSY MEETING YESTERDAY AFTERNOON.

The Nomenclature Board had a very busy sitting yesterday afternoon. They met in the Postmaster General's office at 3.30 o'clock and did not adjourn till 6. His Grace Archbishop Howley presided, and there were also present: Hon. H. J. B. Woods and Messrs. E. M. Jackman and A. A. Parsons, Secretary. Revs. Canon Smith and Dr. Curtis were out of town, and Judge Provise, for obvious reasons, could not attend.

First in order came the unfinished business standing over from the previous meeting. This embraced the following items:—

A communication from Hon. Robert Watson, Colonial Secretary, enclosing a petition from residents of New Harbor, Bonaville Bay, requesting the re-naming of that place, alleging as their reason for this request that confusion in the transmission of mail matter frequently occurred in consequence of there being another place of precisely the same name in Trinity Bay.

Letters from Rev. R. H. Maddock and others, setting forth the desirability of changing the name of Dark Tickle, Twillingate District, to some-
