COME IN TO-DAY

If you have \$100 lying idle—by that we mean not actually working for you at a fair profit—come in to-day and get ten shares of Karamold Mfg. Co., which is an American corporation manufacturing a practical container to replace all glass and tin containers.

It's a matter of public knowledge that the manufacture of bottles and cans is being curtailed, to conserve the steel used in making them, as they are non-essential to the safe prosecution of the world-war.

Any company that furnishes a satisfactory substitute will be a fortune-maker.
