

WILL GEN. BOTHA ASK AGAIN?

The Talk in Transvaal Quarters in Brussels.

It is said the Boer General will shortly renew peace negotiations—Cape Colonists. Who may be Rebels, Got a Severe Warning about the Punishment That Probably Awaits Those Who Act Against the Constituted Authorities.

London, April 9.—"It is declared in Transvaal quarters in this city," says the Brussels correspondent of "The Morning Post," "that General Botha will shortly renew the peace negotiations."

Hard But Necessary. Cape Town, April 8.—It is understood that the Gazette to-morrow will warn the colonists that acts of rebellion after April 12, will not be treated under the special laws of the last session, but by the old common law, under which rebels are punishable with death or any terms of imprisonment the court may desire to impose.

Mr. Rhodes is Well Again. London, April 9.—The Cape Town correspondent of "The Daily Mail" writes that Mr. Cecil Rhodes, who is at Kimberley, is now in good health, having recovered from a recent slight indisposition.

Enormous War Relief Fund. London, April 9.—It is announced in answer to many inquiries which have been made, that the total war relief funds subscribed has been £26,000,000, of which £1,000,000 remains. There have been no fewer than 33 funds.

Stabbing Affray at St. Kitts. St. Catharines, April 9.—A serious and probably fatal stabbing affray took place here early Sunday morning. Frank Whitten and John Auburn, young men, both well known around town, fought in the rear of the Grand Opera House. Whitten drew a knife and stabbed Auburn twice, first in the breast and then in the abdomen. Both wounds are serious ones. The ambulance removed Auburn to the hospital.

He was still alive yesterday morning, but his chances for recovery are very slight. Whitten was promptly arrested and locked up. Had blood had existed between these two men for some time. Whitten is married, while Auburn is single.

Both have police court records. Auburn has been found guilty of theft on more than one occasion, and Whitten only escaped arrest a year or two ago by getting out of town, with the police after him, and remaining away for some months until the charge against him was almost forgotten. He is a son of Mr. Thomas Whitten, janitor of the city building, who is respected by everyone and who has the sympathy of the community in his disgraceful wayward boy has brought upon his name.

Shot by Accident. Ottawa, April 9.—A mysterious shooting case occurred on Sussex street yesterday morning. Miss Coleman, a young woman, was entering Morrison's dry goods store, when a bullet, fired from somewhere in the rear, grazed her face. The wound was not serious, but it bled profusely, and Miss Coleman was taken to St. Luke's hospital. The police have the bullet, and say it came from a Lee-Enfield rifle. The presumption is that a rifle was discharged in a drunken frolic by some one at the foot of York street, and that the bullet had spent its force when it struck Miss Coleman.

Chronic Bronchitis. Mr. Wm. Davidson, St. Andrews, Que., states—"Dr. Chase's Syrup of Linseed and Turpentine has cured me of chronic bronchitis. I have, without success, tried many remedies for the past six years. Last winter I had a severe attack and was unable to work. I procured a bottle of Dr. Chase's Syrup of Linseed and Turpentine, and am happy to state that the third bottle made me a well man."

Mr. W. R. Alger, insurance agent, Halifax, N.S., says—"I used Dr. Chase's Syrup of Linseed and Turpentine for a severe attack of bronchitis. Permit me to testify to its splendid curative properties. I got better from the time of taking the first dose. My doctor's bills have annually come to a considerable sum. I believe a bottle of Dr. Chase's Syrup occasionally will aid me in reducing them very materially."

25 cents a bottle, all dealers. Dr. Chase's Syrup of Linseed and Turpentine.

"Stuck on his Fence" If you use Page Fence you will like it, but will not be stuck like the gentleman in the picture. The Page Fence is woven in our own factory from coiled wire made by ourselves, and twice as strong as that used in other fences. Get this year's prices, they are lower than last year.

The PAGE WIRE FENCE CO. (Ltd.) WALKERVILLE, ONT.

NIAGARA'S WONDERS.

POWER FROM THE GREAT FALLS FOR THE BUFFALO EXPOSITION.

Niagara Falls Citizens Preparing to Entertain a Few Extra Millions of People In 1901—Many Costly Improvements by the State.

Within 30 minutes' ride of the Pan-American Exposition are the falls of Niagara, the most magnificent and inspiring spectacle ever wrought by nature for the sight of man. Here, also, are to be seen the greatest electric power development in the world and bridges which are marvels of engineering. To see these natural and engineering wonders over a million people visit Niagara annually. These objects may be said to form a part of the Pan-American Exposition, situated as they are within such a short distance of it, and visitors will find it convenient as well as pleasant to include them in their Exposition itinerary.

The trains of eight trunk lines of railroad and the cars of a double track electric railway will run between the Exposition grounds and Niagara Falls. Visitors at the Exposition who may be pressed for time, but would not miss having a general view of the wonders of Niagara, may board an electric car at the station on the grounds, which will take them along the frontier, through the power district, the city of Niagara Falls and the reservation, across the new steel arch bridge spanning the gorge, past the falls, along the top of the cliff to Queenston on the Canada side, across the suspension bridge to Lewiston on the American side, along the edge of the water and past the whirlpool in the great gorge to the reservation and back to Buffalo, the entire trip taking up less than three hours' time.

The people of Niagara Falls are making preparations to accommodate such crowds as have never yet been seen at that famous resort. There are 150 hotels and hundreds of commodious restaurants, boarding and lodging houses in the city. Many of them are being enlarged for the anticipated Pan-American business. The city is adding to its many miles of asphalt pavement and park roads, and before the opening of the Exposition all of its principal thoroughfares will be in the finest imaginable condition for driving. A police patrol signal system is being installed, and the efficient police department will be recruited sufficiently to afford the most ample protection to visitors. Ordinances have been established governing the acts of all persons catering to visitors and fixing the fees for services rendered. In fact, the authorities and citizens generally of Niagara Falls, wide awake to the importance of the Exposition, are doing everything in their power to add to its success and glory.

The railroad companies are planning increased facilities for handling the enormous traffic expected. Their stations will be enlarged and tracks increased. The International Traction company is erecting a large and handsome terminal station directly opposite the Niagara reservation and within a stone's throw of the falls. The different lines of the electric railway system on the frontier—the finest in the world—are being equipped with new cars, possessing all modern improvements and conveniences, some of them 50 feet in length, and equalling in elegance the drawing room cars of the steam railroads.

In the state's Niagara reservation new beauties and conveniences are being provided for the Pan-American visitors. A new steel and concrete bridge to span the rapids from the American mainland to Goat Island, for the building of which the New York state legislature appropriated \$120,000, is in course of construction. A new administration and shelter building is being erected at a cost of \$25,000. The old stone inclined railway building at Prospect Point will be razed to afford an unobstructed view of the falls from the park. A broad stone staircase connecting Goat and Luna Islands, where the rainbows play and delight the visitor with their prismatic colors, has been built and new balconies for sight-seers have been constructed. New beauty spots have been created by grading and seeding wherever the possibility was offered. A flock of sheep will wander at will on Goat Island and add life to the beautiful scene. An automobile service in the reservation will be inaugurated. In the Canadian park many improvements are being made. Niagara Falls is an ideal breathing spot. The parks are extensive, liberally shaded and constantly visited by cooling breezes. No Exposition ever yet held has offered to the public an attraction equal to Niagara.

Missouri's Grain Exhibit. Charles C. Bell of Booneville, Mo., who is one of the commissioners for Missouri to the Pan-American Exposition of Buffalo, is at work preparing the agricultural display for the Pan-American from that state. He is working to obtain from various sources the best specimens of grains, grasses and everything pertaining to such an exhibit, and he expects to obtain from county fairs in Missouri much material for this purpose.

Another Combine Mooted. Pittsburg, Pa., April 9.—A conference was held here yesterday by the independent furnace operators for the purpose of forming a combine of all these plants with a capitalization of \$12,000,000. It is said the combine will undoubtedly go through in a short time.

ZOLA REGAINS HIS DUE. Restoration of His Cross is Due to Recent Amnesty Decree. Paris, April 9.—Emile Zola has been restored to his rank of officer of the Legion of Honor, of which he was deprived at the time of his sentence in connection with his championship of the Dreyfus case. A sentence which, it may be remembered, compelled him to seek refuge in England to escape imprisonment.

His restoration to the Legion of Honor is consequent upon the decree of amnesty passed by the Legislature recently, and he has just received from the council of the order official notice of the restoration of his cross.

The ex-prisoner of Devil's Island has quarreled bitterly with the Duc de Picquart, who sacrificed his brilliant military career to champion his cause, and with Maitre Labori, who so eloquently defended him at the court-martial of Rennes, being shot for his pains, that they are no longer on speaking terms with him.

Steel Corporation Takes Issue. Chicago, April 9.—The Post yesterday says: For the first time the U. S. Steel Corporation has indicated its position in the marine engineers' strike yesterday by a clear-cut intimation to the Marine Engineers' Benevolent Association that it would not consider any demands upon the part of the Engineers' Union that its boats be taken out of the Lake Carriers' Association by the employees of the Steel Corporation, a desire to take up any grievances they would be respectfully received and the grievances taken under consideration. The right of the engineers' Union to sack whether the boats be controlled in the Lake Carriers' Association or not, was flatly disclaimed.

What Caused the Drop. Syracuse, N. Y., April 2.—The State engineers who have been investigating the disaster in this city Saturday evening, have about come to the conclusion that the accident was caused by blowholes in the iron of the centre truss. Some further investigation will be made before a temporary report is rendered. Work on a temporary structure for the traffic of the street will commence this morning. Of the 40 victims of the accident all but three are out of danger.

The Danger is Passed. St. John, N. B., April 9.—The danger from wash-outs is over, but at Fredericton a serious state of affairs exists. The ice has started in the river, and it went yesterday at the rate of seven miles an hour, smashing the railroad bridge so badly that the trains cannot cross. Several warehouses on the river front were also carried away. Trains on the short line can only run to St. George, on account of the wash-outs.

Vermont Streams are Filled. Burlington, Vt., April 9.—Vermont streams are filled to their banks, but as yet no serious damage has been done. The only thing that prevents an overflow is the fact that the continued rain in the lowlands turned into higher hills and mountains, and unless the weather becomes warmer so that the immense body of snow melts rapidly, there is little danger, as the snow in the valleys has all disappeared.

Sir G. M. Smith Dead. London, April 9.—The death of Sir George Murray Smith, was announced here yesterday. Sir George was a member of the firm of Smith, Elder & Company, and published some of the first editions of the works of William Makepeace Thackeray. He founded The Cornhill Magazine in 1800.

A Siege

The matrons of the Edison Orphanage at Lowell, Mass., U.S.A., wrote they had a siege of whooping-cough in their institution.

They said that every case was promptly relieved by Vapo-Cresoline. Its value in coughs and colds was so great they always kept it ready for use. You know how it's used, don't you? 'Tis heated by a vaporizer and you inhale it. Write us for a book that tells all about it.

Vapo-Cresoline is sold by druggists everywhere. The Vaporizer and Lamp, which should last a lifetime, and a bottle of Cresoline complete, \$1.50; extra supplies of Cresoline 25 cents and 50 cents. Illustrated booklet containing physician's testimonials free upon request. Vapo-Cresoline Co., 180 Fulton St., New York, U.S.A.

Recommenced by J. E. Richards. died of his Injuries. Ottawa, April 9.—Calixte Rivet, who was severely injured in the collapse of a building on Albert street on Good Friday, died last night in St. Luke's Hospital. Rivet's eyesight was destroyed by lime, and his left arm and leg fractured. An inquest has been called.

Dean Farrer III. London, April 9.—The Very Rev. Frederick Farrer, Dean of Canterbury, whose condition has for the last few days caused anxiety, had a restless night, and yesterday morning showed no improvement.

Another Combine Mooted. Pittsburg, Pa., April 9.—A conference was held here yesterday by the independent furnace operators for the purpose of forming a combine of all these plants with a capitalization of \$12,000,000. It is said the combine will undoubtedly go through in a short time.

ZOLA REGAINS HIS DUE. Restoration of His Cross is Due to Recent Amnesty Decree. Paris, April 9.—Emile Zola has been restored to his rank of officer of the Legion of Honor, of which he was deprived at the time of his sentence in connection with his championship of the Dreyfus case. A sentence which, it may be remembered, compelled him to seek refuge in England to escape imprisonment.

His restoration to the Legion of Honor is consequent upon the decree of amnesty passed by the Legislature recently, and he has just received from the council of the order official notice of the restoration of his cross.

The ex-prisoner of Devil's Island has quarreled bitterly with the Duc de Picquart, who sacrificed his brilliant military career to champion his cause, and with Maitre Labori, who so eloquently defended him at the court-martial of Rennes, being shot for his pains, that they are no longer on speaking terms with him.

Steel Corporation Takes Issue. Chicago, April 9.—The Post yesterday says: For the first time the U. S. Steel Corporation has indicated its position in the marine engineers' strike yesterday by a clear-cut intimation to the Marine Engineers' Benevolent Association that it would not consider any demands upon the part of the Engineers' Union that its boats be taken out of the Lake Carriers' Association by the employees of the Steel Corporation, a desire to take up any grievances they would be respectfully received and the grievances taken under consideration. FLOWERS AT PAN-AMERICAN

Charming Landscape Effects and Beautiful Floral Exhibits.

The Pan-American Exposition at Buffalo next summer will possess unusual charm for lovers of flowers and of beautiful landscape effects. Perhaps in recognition of this the members of the Society of American Florists have decided to hold their annual convention in Buffalo in 1901. Chicago was anxious to win the convention, but in view of the special attractions for its members which the Pan-American Exposition will possess it was decided to meet next year in the Pan-American city. The gathering will bring to Buffalo about 1,000 delegates and their families from all parts of the United States. The floral features of the Pan-American Exposition and its landscape effects will surpass anything ever seen before by visitors to exhibitions held in the United States. The laying out of the grounds was done with the view of providing for such attractions, and ample space was left for courts and

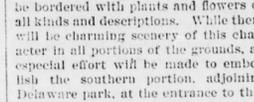

Mountains, canals and lakes, which will be bordered with plants and flowers of all kinds and descriptions. While there will be charming scenery of this character in all portions of the grounds, an especial effort will be made to embellish the southern portion, adjoining Delaware park, at the entrance to that part of the grounds where the main Exposition buildings are situated. On both sides of the splendid Triumphal Bridge at this point will be two artificial pools called the Mirror Lakes, connecting with the Grand Canal, which encircles the grounds. The slopes of these lakes and the whole vicinity will be adorned with a magnificent outdoor exhibit of flowering plants set in the midst of shrubbery and trees in such a way as most to enhance the beautiful effect. There will be a large display of rare water plants, including the Nymphaeas and the wonderful Victoria Regia, or Amazon Lily, and many Nymphaeas not before exhibited. Applications for space for exhibits on the grounds and in the special building to be devoted to horticulture are coming from florists all over the country, and the expressed desire of the exhibitors is to have their plants and flowers represented at the Pan-American in such an extensive exhibition of these beautiful products of nature.

LIFE SAVING STATION. One is Being Erected by United States Government. Work was recently begun on the United States life saving station upon the grounds of the Pan-American Exposition at Buffalo, N. Y. The site of the station is on the north side of the lake in Delaware park, in one of the most beautiful portions of the Exposition grounds.

The life saving station will be fully equipped with apparatus and men and will be most attractive as well as novel exhibit. Life saving exhibitions will be given every day during the progress of the Exposition. The apparatus in use by the government for this purpose will be shown and a crew of ten picked men will be employed in giving the exhibitions. The station is to be modeled after one of the regular stations along the coast of the United States.

Hoping to Make Their Fortunes. The thousands of people who visit the grounds where the buildings of the Pan-American Exposition are rising like a city created by magic see many things which indicate that the value of the vacant lots surrounding the Exposition grounds for money making purposes next summer is duly appreciated. For instance, one real estate dealer advertises like this: "Can you keep a boarding house? Can you run a lunch counter? If so, here is your chance to make the most money." Another advertises, "Choice lots for hotels, boarding houses, saloons, souvenir shops and other things by which you can make your fortune at the Pan-American Exposition." All the vacant property in the vicinity of the Exposition grounds is staked off and placarded by signs indicating its value for purposes in connection with the big Exposition to be held in Buffalo next summer, and many buildings are already going up which will be used for accommodations for Exposition visitors and all sorts of purposes connected with their entertainment.

Broad Scope of the Exposition. Nearly all of the nations of Central and South America have already sent formal acceptances to the invitation to participate in the Pan-American Exposition of exhibits showing the resources of all the principal countries of Central and South America are now in course of preparation. Government officials are preparing exhibits from the Philippine Islands, Porto Rico, Cuba and the Hawaiian group. About 15 acres have been set apart for the court of the state and foreign buildings on the eastern side of the grounds and a little south of the main group.

HORTICULTURE BUILDING

There's nothing new about it. Your grandparents took it. 'Twas an old Sarsaparilla before other Sarsaparillas were known. It made the word 'Sarsaparilla' famous over the whole world.

There's no other Sarsaparilla like it. In age and power to cure it's 'The King of them all.'

Write the Doctor. If you have any complaint whatever and desire the cure, write the doctor freely. You will receive a prompt reply.

FOR SALE or exchange, one acre of land with fair house and barn on the west side of John Street, south in the T. W. of Aylmer, good soil for gardening purposes, will sell cheap on easy terms, or will exchange for a small farm. Apply to C. O. Learn, Real Estate Broker, Brown House, Aylmer.

Lincoln's Nettle Ointment... This Ointment is the only positive cure known for Piles. It not only gives instant relief but will effect a permanent cure by removing the cause. This ointment is a positive cure for constipation of the bowels. Handfuls of remedies are offered as a cure for hemorrhoids, yet there are more people both men and women, to-day suffering from constipation than ever before (owing largely to our mode of living). All the pills and cathartics and other cures for constipation or other straining of the bowels, the reaction from their use, increasing the trouble instead of curing it. The wonderful effect of Lincoln's Ointment is that it will cause an almost immediate motion of the bowels and no reaction. One trial of this Ointment will convince any person of its wonderful power. This Ointment is truly worth double its weight in gold to any sufferer from piles or constipation. Women will find this ointment invaluable for all itching and skin diseases, also for children. It will move the child's bowels without drugs or injury to the system. It is also a first-class remedy for sore feet, removing all itching pain from bottom of the feet. Price 25c.—Lincoln Medicine Co., Ottawa, or J. E. Richards, Aylmer.

Lincoln's Tablets will set you Free. from disease. They are the most reliable remedy known today for all diseases of the stomach, bowels, liver and kidneys. If you are a pale, weak, nervous woman or a man grown old before his time, you should try these Lincoln's Tablets will do for you. Price 50c.

Prepared by the Lincoln Medicine Co., 50 Queen Street, Ottawa, and for sale only by J. E. RICHARDS, Aylmer.

Old Welland Canal Dry. St. Catharines, April 9.—The water was let out of the old Welland Canal yesterday for two weeks, during which the spring repairs to the canal and flumes will be done. Mr. Joseph Battle has a large force of men at work above Thorold strengthening the bank of the new canal between it and the Welland Railway track, and a solid concrete wall will be put in. The mills along the old ditch are all shut down, except a few, which will be operated by steam, while the water is out. The water will be let in again in two weeks, and navigation will be open on April 22.

Reply to Countess Tolstoy. Moscow, April 9.—Antonius, metropolitan of St. Petersburg, has issued a reply to Countess Tolstoy's denunciation of her husband. The ecclesiastical manifesto, in rather tame language, criticises the Countess' statements and attempts to refute her incisive and pugnacious protest against the synod's ban. The metropolitan concludes by saying: "God bless and guard you, and pardon your husband."

Anti-Clerical Mobs in Spain. Madrid, April 9.—Large and excited anti-clerical meetings at Malaga, Coruna, and elsewhere have passed resolutions demanding that the Government expel the religious orders from Spain. At Coruna, the manifestos paraded, shouting: "Down with the Jesuits," and "Down with the Convents." They stoned the Jesuits' College and the offices of the clerical newspapers.

WANTED RELIABLE MEN. In every locality throughout Canada to introduce our Goods, taking up show card routes, visits, along roads, and all unoccupied places, and distributing small advertising matter (commission or salary, \$40.00 per month and expenses not to exceed \$2.50 per day. Steady employment to good, honest, reliable men. No experience necessary. Write for full particulars to THE EMPIRE MEDICINE CO., London, Ont.

CURE ALL YOUR PAINS WITH Pain-Killer. A Medicine Chest in Itself. Simple, Safe and Quick Cure for GRAMS, DIARRHOEA, COUGHS, COLDS, RHEUMATISM, NEURALGIA. 25 and 50 cent Bottles. BEWARE OF IMITATIONS. BUY ONLY THE GENUINE PERRY DAVIS'

Perfectly Satisfied. Is the verdict of customers wearing our Suits. Are You one of them. A trial will convince you of the perfectness of our nt. KNOX BROS. AYLMER.

NOTICE. NOTICE is hereby given that application will be made by the LONDON, AYLMER & NORTH STICKS ELECTRIC RAILWAY COMPANY, in pursuance of Sub-section 4 of Section 9 of the "Municipal Act," and Section 62 of the "Municipal Act," to the several Municipal Councils hereinafter named as their first step in the month of May, 1901, that is to say: The Townships of London, North Dorchester, South Dorchester and Westminister in the County of Middlesex, and the Town of Aylmer and the Townships of South Dorchester, North Dorchester and Westminister in the County of Elgin, for a By-law to grant certain privileges to the said Electric Railway Company to lay, construct, maintain, alter and keep in repair a steel railway, to be operated by electricity, and to declare and prescribe the terms and conditions on which the same is to be constructed, maintained and worked, over a line and upon the following streets and highways, that is to say:

In the said Township of London, starting at the City of London, and extending to the Village of Belmont, thence south along the road between Lots 21 and 22, thence south through the Village of Mount Salem and thence south along the Townline between Westminister and the Township of North Dorchester to the Village of Belmont, thence south along the road between Lots 21 and 22, thence south through the Village of Mount Salem and thence south along the Townline between Westminister and the Township of North Dorchester to the Village of Belmont, thence south along the road between Lots 21 and 22, thence south through the Village of Mount Salem and thence south along the Townline between Westminister and the Township of North Dorchester to the Village of Belmont.

W. E. STEVENS, Solicitor for the Company. Dated at Aylmer this 22nd day of March, 1901.

FOR SALE. One and one-half acre brick house, good sized farm barn and six acres of an acre of land, on the west side of George St. in the town of Aylmer. The house is well built and in good shape. The land is a 1st class, plenty of choice fruit and plenty of good water. Soil hard and soil, and a first-class location. For particulars apply to C. O. LEARN, Real Estate Broker, Brown House, Aylmer, Ont.

THIRTY-FIVE HORSES. THE LARGEST AND BEST EQUIPPED LIVERY IN WESTERN ONTARIO. First-class Turn Out. OF ALL KINDS FURNISHED ON THE SHORTEST NOTICE, AND AT THE Lowest Prices. Stable—Opposite Town Hall. L. W. PIERCE & SON, Proprietors.
