Peculiar

To itself in many important particulars, Hood's Sarsaparilla is different from and superior to any other medicine.

Peculiar in combination, proportion and preparation of ingredients, Hood's Sarsaparilla posesses the full curative value of the best known remedies of the vegetable kingdom.

Peculiar in its medicinal merit, Hood's Sarsaparilla accomplishes cures hitherto unknown.

Peculiar in strength and economy—Hood's Sarsaparilla is the only medicine of which can truly be said, "10 doses one dollar." Medicines in larger and smaller bottles require larger doses, and do not produce as good results as Hood's Sarsaparilla.

Peculiar in its "good name at home"—there is more of Hood's Sarsaparilla sold in Lowell, where it is made, than of all other blood purifiers.

Peculiar in its phenomenal record of sales abroad, no other preparation has ever attained such popularity in so short a time. Do not be induced to take any other preparation. Be sure to get

THE TURF.
THE SECOND DAY AT WOODBINE.
Toronto, July 24.—There was plenty of
exciting sport furnished by the second day
of the Woodbine Driving Club's meeting.

Two races were on the card, and the winner of every heat had to travel pretty fast.

Summaries:

THE 2:35 TROT had a field of seven horses.
Six heats were trotted, but only one in 2:30 or better, and the race is still unfinished.
The judges were not satisfied with the way the race was handled, and Gillespie was substituted for Stewart.

On account of approaching darkness the deciding heat was postponed till to-day, tomorrow remaining in charge of Gillespie. Summary:

THE 2:18 CLASS ALFRED WATSON, who was the first heat of the horseman's great expectation stake, Margaret S. distanced all competitors except Alton, and came second heat was magnificent race, Alton winning by a length. Time, 2:18 1/2.

Only one heat was paced in the free-for-all pace, Anna winning about 4 o'clock, necessitating the postponement of the unfinished races.

Marvin came out with Sunol (2:10) and sent her half mile. A running horse joined her at the stretch to incite her to renewed effort. The filly went from the half to the three-quarter mile like a star.

Coming into the stretch she was covered by the distance runner by the voice of the stretch. Marvin encouraged her by voice and whip, and when they came to the line, she was the winner. Time, 2:10 1/2.

of the corpse of the club. The general public seemed to think they had seen enough of the deceased, and so the dissection was private. Mr. Gray submitted a carefully made statement showing that in 1890 the total expense of the club was \$10,510 84, and the receipts, including the amount received from sale of players, \$9,821 32, showing a loss of \$689 52. Adding to this the unpaid bills of about \$2,800, makes the total loss \$12,440 52. Last year's indebtedness amounted to \$4,273 17, which sum President Mills has paid out of his own pocket, and also \$689 in this year's debt.

The club played 25 games at home, the total receipts for which were \$5,072 48. The receipts for the corresponding number of games in 1890 were \$10,594 63. The attendance at 25 games in 1890 was 7,683; last year for the same number of games, 39,443. Average attendance this year 600; last year 1,500. The creditors of the club will get nothing. Mr. Mills has paid as much of the indebtedness as he feels called upon in justice to do, and as the other directors are not inclined to pull their money—[Detroit Free Press.

THE CLIPPERS AND G. T. R. teams have arranged for a game on Saturday afternoon, arranged for a game on Saturday afternoon. The Star Baseball Club of London West would like to have a game with the Imperials on Thursday afternoon next at Fenwick Park. The Secretary of the Imperials would oblige by corresponding with Henry Payne, secretary Star Baseball Club.

Just before the game the other afternoon Geo. K. Frazer came to terms with W. C. Fessenden, and the latter immediately assumed the management of the Syracuse team. "Wally" Fessenden, as he is familiarly known, has had ample experience in the management of baseball teams. Mr. Frazer will have charge of the business of the team and Fessenden will have sole control of the players. [Rochester Democrat.]

There is a little dissatisfaction between Leighton, whom Manager Frazer engaged to play in right or center field, and the manager. Manager Fessenden has been engaged to a contract, it being said that he held for a higher salary than the Star magazine wanted to pay. Ely began to pick up his hatting in an opportune moment and Manager Fessenden keeps him playing in center field. From present appearances it is likely that he will remain a fixture there, and Leighton will either have to be released or put on the list as an extra man.

He, however, does not desire to be a bench-warmer, and quite the disagreement will be settled in not quite a week. Leighton is a valuable man, both as a hitter and a fielder, to be hastily released or allowed to go. The feeling among the players is of the most friendly nature, and the team is working well together.

QUOTING.
A professional quait match came off yesterday at the Glen Fraser postponed office. Port Stanley, and won by (1) Ralph Robertson, (2) John Robertson, (3) Robert Robertson, as follows:
First draw—John Robertson 21, Robert Robertson 18. Ralph Robertson 21, John Robertson 20. R. Robertson 21, Inspector Bell 18.

The first and second prize winners get a ham apiece, while the third draws a bottle of brandy.

Non-professionals—A special non-professional match resulted as follows: Wm. McCounie 21, John Crawford 15, T. A. Gray 10, John Crawford 21.

LACROSSE.
THE LONDON CLUB.
To the Editor: The revival in lacrosse and the interest that is now being taken in Canada's national game has been a source of gratification to those who started the London Lacrosse Club. We number now about 30 active members and have secured and paid for the Teaneck Park ground for practice for the season, where we will be pleased to welcome all who are interested in the game. Seven new players are coming, so that we expect to put a good team against Hamilton, who have been asked to visit us here next to Lacrosse. We have received new suits to consist of red and blue shirts, blue caps and knickerbockers, and expect to have the same for our next game.

The large number of spectators that witnessed Friday's game and which included a great many ladies, showed by their enthusiasm that the good old times are about to be revived, and the London club hope that by playing good lacrosse to be able to earn the support and patronage of the sports-loving public of London.

THE TRIGGER.
The Rodney club has challenged the London Gun Club to shoot a match here Aug. 13.

It is stated that Miss McLean, of Mud Bay, has the reputation of being a great huntress. During the last few years she has killed no less than 10 cougars, 20 bears, 10 dingwells and 15 wild cats. She is a devotee of the gun, and has a small glass ball with a 22-caliber bullet at 200 yards. [Victoria (B.C.) Times.]

The Secretary of the London Gun Club received the following challenge, yesterday from the Rodney Gun Club:
Dear Sir—I am instructed by the Gun Club here to challenge your club to a friendly shoot on the 13th inst. at 10 o'clock. If it is not convenient name any other, and details can be arranged hereafter. Yours truly, J. B. Farrow, Secretary.

The challenge will be accepted, but the date will perhaps be changed. Each team will be represented by ten or twelve shots, but yet none of the details have been arranged.

CRICKET.
A team of the D. A. C. defeated Amherstburg on Thursday by 58 runs in a two-inning game.

The fifth game of the cricket league series will be played on the London club grounds Saturday at 2:30 p.m. The London club meets North London for the second time. This promises to be an exceedingly interesting game.

Winipeg made 278 in two innings against the Edmonton's. The London club won the game played this week. For the Canadians the best batting was done by Page 14 and 31; Senkler, 27 and 11; Best, 22 and 5; Tuckwell, 8 and 30, and Holmes, 0 and 26.

THE POLICE COURT DOINGS.

Large Batch of Drunks—Other Offenses Dealt With.

A dismal array of drunks peered through the cage at the Police Court this morning, and the Magistrate handled them without gloves. James Campbell, Wm. Hill, Wm. Allen, Frank Johnston, Thomas Kennedy, Wm. McDonald, David Doxister, Robert Barrett and Ann Bradley, charged with drunkenness, were discharged after the preliminary warning.

Thomas Tapp was charged with allowing his bovine to run at large. "Was your cow out, Tapp?" asked the Magistrate. "Well, your honor, she was just for a minute." "One dollar or three days."

"Was your cow on the street too?" inquired the Police Magistrate of the defendant. "Yes, sir, she broke loose and Laffer." "One dollar or three days."

Next!
Michael Purcell pleaded guilty to selling liquor during prohibited hours and paid the usual \$20 and costs.

James McDonald pleaded the other way on the same charge. P. C. John Halton testified to having procured the liquor in the back-room at 10-16 p.m. Saturday night. On cross-examination by Mr. Love, he said that Inspector Henderson ordered him to get any people or lights in the room.

Mr. McDonald opened the door and sold him the cigar. The Police Magistrate suspended judgment for a week.

Thomas Stevenson was charged with trespass by his next-door neighbor, John Collins. It appeared that Stevenson knocked down a fence between the two properties in order to get at a well on the other side. Mrs. Collins also testified that the defendant had called her wife names and threatened to murder her husband if he did not get his chickens on his own ground. Stevenson was bound over for \$100 in his own money and two sureties of \$50 each to keep the peace.

AN AWFUL DEED.
A Father Butchers His Little Children with an Axe and Then Shoots Himself.

HALIFAX, July 23.—The following details have been received of the terrible tragedy recently referred to in a few lines: The shocking affair took place at Big Brook, near St. Mary's. Thomas St. John told his son five children. On a Sunday he told his son that he saw some prairie across the river and that he had better go and hunt for them. Oliver also went to the prairie to pick up the sheep. He then took his Bible and lay down on the bed. Before leaving, his wife took her infant boy of five months to the prairie with her. When on the ice about half way across the brook she heard the report of a gun, and looking across she saw her husband standing on the shore with his head held high and his arms outstretched. She rushed to the shore and found her husband dead. She then rushed to the brook and found her children dead. She then rushed to the shore and found her husband dead. She then rushed to the brook and found her children dead.
