It's What Looks Best

It's not the Millinery that costs the most that gives the best satisfaction, nor what the ladies are looking for. It's becoming styles at medium prices that they want. In the majority of cases that's what we buy, though to complete our stock and to offer an all-around collection we select some of the more costly kinds. But it's making the best out of little that our milliners excel at, and it is this that brings so many customers to this department. They want what looks best. This is a good time to order, before the milliners are rushed, and we have ready for your inspection the latest shapes in English and American Hats, French Feathers, Birds, Wings, Ornaments, Ostrich Tips, etc., direct from Paris. It you want the latest at the lowest price here's where you get it.
